

Following is a listing of significant issues identified and responded to by KCTO, Cleveland, Missouri. This listing covers the most significant programming treatment during the calendar quarterly period of October 1, 2023 until December 31, 2023. This listing is by no means an exhaustive list of all public service programming run during this period and the order in which it appears does not reflect priority or significance.

Please note that due to the Covid 19 Pandemic our studios have been closed for in studio interviews which has cut down on the availability of guests and consequently reduced the amount of local programming. This will hopefully be only a temporary situation.

Topic: Outdoor Events in Heat

Jonne attended an outdoor event this week on a very hot day. So hot that she agonized about not going. She did prepare by wearing loose fitting clothes and bringing plenty of drinking water. At the end of the event she was so happy that she didn't chicken out.

Topic: Columbus Day

If you are lucky enough to have the Columbus Day off you will find that it can be a special time for families to get in one last outdoor event together before the weather turns colder. It also helps that since others may not have the day off restaurants, parks and recreation areas will not be as crowded.

Topic: Getting Ready for Fall

Fall brings out many changes. Without as much vegetation to hide behind animals tend to be more active at dusk. This can be a big problem for drivers and requires even more caution than normal. Fallen leaves can be a safety hazard for tripping, slipping or even fire. Rake, blow or otherwise remove them as soon as possible. Disconnect outside garden hoses to prevent faucets from freeze damage.

Topic: Safe Halloween

The Covid pandemic changed many activities, perhaps forever. For safety and hygiene reasons many parents stopped letting their children go door to door in costumes to get candy. Some churches and even local governments came up with organized events to fill this void. Children can still dress up and go to one safe and supervised location. When this is done outside in a parking lot it is often called trunk or treat with kids going from car to car to get goodies.

Topic: Election Day

Tomorrow is election day. While this is an off year for federal office, it is very important locally. Several statewide issues will be decided and the local officials to be voted in are our best hope for real change since they are most directly responsive to voters.

Topic: Thanksgiving

The Thanksgiving holiday is next week. It is perhaps the most important holiday for families since it may be the only time that everyone can get together. Jonne discussed safe travel and ideas for possible new activities, which may become family traditions, to make this and future Thanksgivings even more special.

Topic: Green Apples

Jonne found a great deal on Granny Smith apples at Aldi and wondered about how they got their name. Turns out that there was a real person behind the name who lived in Australia. After winning many baking contests using these apples they were cultivated commercially and spread around the world. While less sweet than red apples, Granny Smith apples remain firm after baking. Sweetness can be increased by using slightly more sugar. Your family will enjoy them baked or cut up and placed in salads.

Topic: Positive Thinking and Joy

The daily lives of our families are filled with much stress which can lead to conflict and even depression. Creating an environment of positive thinking and joy is the best defense. Read inspirational books together. Perhaps create scrap books of things your family likes.

Topic: St Nicholas

Now that we are in the month of December many of us know that Christmas is coming soon. Santa Clause and Christmas go together, but did you know that there really was a Saint Nicholas? Saint Nicholas was a well to do Catholic Bishop who loved giving gifts to children. He would fill old stockings with candy and money and pass them out. This would be a great family activity to do with old mismatched socks.

Topic: Winter Safety

With winter upon us Jonne gave out many tips for keeping our families safe. Storms may knock out power for hours, days or weeks. Don't ever bring a portable generator into your house. Carbon monoxide is deadly, use only outside or well ventilated areas such as a screen porch. There is also a risk of fire from fuel.
