

Following is a listing of significant issues identified and responded to by KCTO, Cleveland, Missouri. This listing covers the most significant programming treatment during the calendar quarterly period of January 1, 2024 until March 31, 2024. This listing is by no means an exhaustive list of all public service programming run during this period and the order in which it appears does not reflect priority or significance.

Please note that due to the Covid 19 Pandemic our studios have been closed for in studio interviews which has cut down on the availability of guests and consequently reduced the amount of local programming. This will hopefully be only a temporary situation.

01/01/23 12pm Jonne Family Show Host: Jonne Santoli

Hour long program concerning children, parenting and community.

Topic: Resolutions

Happy New Year! Today many families will gather together. Many will proclaim their New Years resolutions. The key to making good resolutions lies in making them clear, relevant and reasonable. Resolutions agreed to by all family members have a much greater chance for success than those made arbitrarily by parents alone. In fact children may re-inforce them by remembering and holding others accountable.

Topic: Baptism

Today the Catholic Church remembers the Baptism of the Lord. What a fitting time to talk about each family members own baptism and what it means. Although it really is a serious subject, an obvious fun activity would be talk about it a bath time. Start by asking them what they think it means. Pour water over them. For very young children they might do the same for a doll or action figure. Don't forget about pets but stress that Baptism is only for people.

Hour long program concerning children,
parenting and community.

Guest: open calls

Topic: Dr Martin Luther King, Jr

Today the United States celebrates the life of Dr Martin Luther King, Jr. His life was marked by showing what peaceful protest and dedication can accomplish. The family can gather together and read aloud some of his more famous writings. Talk about how they can model their own actions to be part of making this country fit Dr Kings vision.

01/22/24 12pm Jonne Family Show Host: Jonne Santoli

Hour long program concerning children,
parenting and community.

Guest: open calls

Topic: Prayer for the unborn

Day of prayer for the protection of unborn children. Even young children will wind up being exposed to the current debate about whether a mother should have the right to kill their own unborn child. This will be a hard subject to discuss with young children but parents must take the initiative to do so. Stress that all life is sacred and has value.

Topic: Severe Weather

Big storms are again in the news. Here in the Midwest they are fairly common. People can be killed by large trees falling on their cars and crushing them to death. Best strategy is to not venture out during storms, but if you must, try to find a route with few trees along it. Perhaps take a break at a fast food place until the storm passes over.

Hour long program concerning children, parenting and community.

Guest: open calls

Topic: Valentines Day

While Valentines Day has become the top celebrated holiday, few people know its origin. There really was a person, Saint Valentine, who risked and ultimately lost his life for helping young couples get married.

Topic: Driving through Water

Here in the Mid West we have entered storm season. Severe storms can quickly cause flooding especially when the ground is frozen and can not absorb the rain. Never intentionally drive into moving water, however if you get stuck and feel your car being carried away you might open a window for escape, before your car dies. Otherwise you may have to break a window to get out.

02/26/24 12pm Jonne Family Show Host: Jonne Santoli

Hour long program concerning children,
parenting and community.

Topic: Fasting

Fasting has been getting a lot of attention recently. What is fasting and what are the health benefits? Weight loss from not eating is most obvious. Allowing ones body to use up stored fat does shed weight. Your body can also do a better job of internal healing and rejuvenation when it is not constantly digesting. Less obvious side effects include better blood sugar regulation and cognitive clarity.

Topic: Fire!

Devatating fires are in the news again. If a fire was approaching your home, where would you go? Wind driven fire spreads quickly and can even jump rivers. A good idea is to drive to a nearby shopping mail and park in the middle of a large parking lot. Typically these parking lot are large enough to get safely away from the fire and do not have much, if any, trees or vegetation for the fire to burn and spread.

Topic: St Patricks Day

St Patricks Day is not an official holiday but it is very popular anyway. Its origin goes back to when Saint Patrick was a mere priest trying to explain concept of the holy trinity to a largely illiterate population in Ireland. Father Patrick used the common 3 leaved clover, or shamrock, to illustrate how 3 parts can form one body. The shamrocks were green so this color became associated with his ministry.

Topic: Severe Storms

Every family needs to have a plan for what to do if severe wind, thunder storms or a tornado hits their house. Number one is finding a safe place to hide. For tornados a

corner of the basement is best. If your home has no basement then an inner room without windows is best. Make sure to have a good pair of shoes to protect against broken glass and debris.

Topic: Snow

With big snow storms still falling over a large portion of the United States, holiday travel may become treacherous. Whiteout conditions may force road closures. If you become stranded don't try walking to help in a whiteout. Stay with your car and avoid frostbite or even freezing to death. Rescue responders will have a much better chance of finding a car than an unprotected person.
