

CodComm

Quarterly Issues Programs
2017 Third Quarter

Part 1 - Issues List

1. Substance Abuse

State leaders have identified opiate abuse as an epidemic across Massachusetts. A recent County assessment of substance abuse said the same, and also called alcoholism an endemic problem on Cape Cod. The issue affects those of all genders, ages, races, and socio-economic status.

2. Mental Health

We'll take a look at mental health issues across the board- as they relate to young people, the elderly, veterans, the homeless, in an effort to best inform our audience about the broad range of issues, and ways to help.

3. Economic Development

Tourism and the Cape's seasonal economy on one side; the need for sustainable, well-paying, year-round jobs on the other. What are Cape Cod's leaders doing to work towards a sustainable economic future? How does our natural environment tie in? How can we keep more jobs and more people on "this side" of the bridge?

4. Local Quality of Life & Community Awareness

Discussions with local non-profits and/or business leaders working to make a difference on Cape Cod.

5. Women's Equality

Women have to face issues such as wage inequality, gender bias, sexual harrassment, and much more. We will look at the issue in a positive way, highlighting ways in which women continue to fight for equality.
