

WMNT-CD TOLEDO, OHIO

Issues/Programs List for the period April 1 to June 31, 2023 for Station WMNT-CD programming treated the following issues of public concern:

1. ISSUE - Severe Weather Storm - WMNT-TV Forecast - April 3rd 2023

ISSUE/Description: Pre-frontal showers used up a lot of the energy ahead of the main line of storms, which is now diminishing. There is a slight chance for a strong storm this evening with gusty winds, but with little remaining energy in the atmosphere it will be tough for storms to re-fire. It'll remain windy through the early evening hours with gusts up to 40 mph possible, then still breezy through the night and into Thursday, when it'll be much cooler with morning lows near 40 and afternoon highs in the mid-50s, but it'll be dry.

WMNT-Forecast	1:00 10:05a 12:45p 6:15p 8:23p, 10:10p	4/3/23

2.ISSUE - Hunger in Ohio - June -7th 2023

Issue/Description - Lucas County Public Health Department Bulletin: A statewide study shows inflation and the lapse in pandemic-era help are causing Ohioans to have to choose between food and other necessities. According to The Ohio Association of Foodbanks 2 out of 3 Adult Ohioans are skipping meals based on not having enough money to afford to eat regularly. Lucas County Health Department to Host Farmer Market this Summer To provide easier access to these healthy foods, The Toledo Farmers Market staff will be on-site to assist individuals using SNAP benefits. Produce Perks, WIC farmer's market coupons and Senior Farmer's Market Nutrition Program coupons will all be accepted, in addition to those paying with cash.
