- **Vocalo** - The Morning Amp airing on Vocalo gives a voice to Chicago's underrepresented cultural and social movements.

Section II. Responsive Programs

- **National Public Service Campaign** - WRSE was able to air multiple hours of PSA's provided by the National Association of Broadcasters to provide the community with information about Covid-19. This information included tips on how to best prevent the spread of Covid-19 through social distancing and general hygiene. These public service announcements were played twice an hour starting on March 16th, 2020.
- **Vocalo** - Airing daily from 8-10am, the Morning Amp delves into the untapped world of Chicago's arts and culture scene. Interviews with local artists and community leaders explore the Chicago community and provide a space for voices to intersect that isn't traditionally part of the radio spectrum. This provides our listeners with a chance to explore a side of Chicago they may not know and learn more about the communities they interact with.
