- **Vocalo** - The Morning Amp airing on Vocalo gives a voice to Chicago's underrepresented cultural and social movements.

Section II. Responsive Programs

- **Public Service Campaign** - WRSE aired PSA's provided by the National Association of Broadcasters twice an hour each day. These announcements included information to lessen the spread of the Covid-19 virus within the community - through social distancing and general hygiene. These public service announcements aired all throughout the months of April-June.
- **Vocalo** - Airing daily from 8-10am, the Morning Amp delves into the untapped world of Chicago's arts and culture scene. Interviews with local artists and community leaders explore the Chicago community and provide a space for voices to intersect that isn't traditionally part of the radio spectrum. This provides our listeners with a chance to explore a side of Chicago they may not know and learn more about the communities they interact with.
