AD COUNCIL	PSA	4/1-6/30	81	:30	The Children's Oral Health English and Spanish PSAs aim to motivate parents to take action to reduce their children's risk of oral disease by making sure their kids are brushing their teeth for two minutes, twice a day. The PSAs aim to show parents that spending just two minutes, twice a day making sure their children brush could help save them from a lifetime of tooth pain. Because two minutes is such a short amount of time for such an important part of parenting, the new PSAs feature parents trying--and struggling--to squeeze other parenting lessons into so little time. These scenes suggest that while most parenting is hard, making sure your kids brush for two minutes, twice a day is one aspect that's easier. Parents are directed to 2min2x.org, where they can find fun two-minute videos that kids can watch while brushing.
AD COUNCIL	PSA	4/1-6/30	240	1:00	The Ad Council partnered with Enroll America to create these "Take Care, People," PSAs to raise awareness, educate, and motivate uninsured Americans to get health insurance for themselves and their families under the Affordable Care Act, or ACA. Created pro bono by La Comunidad and Razorfish, the PSAs use pets as the unlikely spokespeople to break through the clutter with an action-oriented message: It's time for people to take care of themselves. Pets, including dogs, cats, birds and fish, encourage people to enroll in health insurance for themselves and their families. - See more at: http://www.adcouncil.org/Our-Campaigns/Health/Enrollment-in-Health-Insurance#sthash.1AGSD59Y.dpuf

Since a federal judge first blocked the new programs in February, the Department of Homeland Security has suspended plans to hire up to 3,100 new employees, most of who would be housed in an 11-story building the government has leased for \$7.8 million a year in Arlington, Virginia.
