- July 5:00am to 7:45pm; Aug. 5:30am to 7:15pm;
- Sep. 6:00am to 6:30pm; Oct. 6:30am to 5:30pm;
- Nov. 7:00am to 5:00pm; Dec. 7:30am to 4:45pm;

EASTERN STANDARD TIME (NON-ADVANCED)

4. With the station located at: ALTOONA, PENNSYLVANIA
5. With the main studio located at: 1417-19 Twelfth Avenue, Altoona, Pennsylvania
6. Remote control point: 1417-19 Twelfth Avenue, Altoona, Pennsylvania

7. Transmitter location: North Latitude: 40 ° 30 ' 26 "

West Longitude: 78 ° 25 ' 15 "

26th Street between
13th and 14 Avenues
Altoona, Pennsylvania

ANTENNA: 170' (180' overall height) uniform cross-section, guyed, shunt-excited, folded unipole, steel radiator. Ground system consists of 180-200' equally spaced, buried copper radials plus 180-50' interspersed, buried copper radials. Theoretical efficiency 185 mV/m/kW

8. Obstruction marking specifications in accordance with the following paragraphs of FCC Form 715: NONE REQUIRED.

9. Transmitter(s): TYPE ACCEPTED

10. Conditions: Licensee shall accept such interference as may be imposed by other existing 250w Class IV stations in the event they are subsequently authorized to increase power to 1kw. Licensee shall install and maintain appropriate filter circuits where necessary to minimize interactions with the electric power distribution station located in the vicinity of the transmitter site.

The Commission reserves the right during said license period of terminating this license or making effective any changes or modification of this license which may be necessary to comply with any decision of the Commission rendered as a result of any hearing held under the rules of the Commission prior to the commencement of this license period or any decision rendered as a result of any such hearing which has been designated but not held, prior to the commencement of this license period.

This license is issued on the licensee's representation that the statements contained in licensee's application are true and that the undertakings therein contained so far as they are consistent herewith, will be carried out in good faith. The licensee shall, during the term of this license, render such broadcasting service as will serve public interest, convenience, or necessity to the full extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequency designated in the license beyond the term hereof, nor in any other manner than authorized herein. Neither the license nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This license is subject to the right of use or control by the Government of the United States conferred by Section 606 of the Communications Act of 1934.

FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON, D.C. 20554

ORDER TO SHOW CAUSE

Pursuant to Section 316(a) of the Communications Act of 1934, as amended, Class IV AM Station WRTA, ALTOONA, PA SHALL SHOW CAUSE why its license SHOULD NOT BE MODIFIED to specify operation with a nighttime power of 1 kilowatt instead of the current nighttime power of 250 watts.

Pursuant to SECTION 1.87 of the Commission's Rules, the licensee of Station WRTA may, not later than June 1, 1984, request that a hearing be held on the proposed modification or file a written statement in opposition to the modification proposed in this Order to Show Cause. In such case, the Commission will conclude that Station WRTA does not wish to increase its nighttime power, and the license for Station WRTA will not be modified. Instead, the station will retain its current nighttime power of 250 watts.

In the event the Commission receives no written opposition to the proposed modification, the right to a hearing will be considered to have been waived, and the licensee of Station WRTA will be deemed to have consented to the modification. Although the license will be so modified, this modification WILL NOT BECOME EFFECTIVE UNTIL FURTHER NOTICE and nighttime operation with 1 kilowatt nighttime should NOT commence until that date to be announced.

This letter should be posted as part of the station's license.

April 16, 1984
