Dates: 10/3, 10/10, 10/17, 10/24, 10/31, 11/7, 11/14, 11/21, 11/28, 12/5, 12/12, 12/19, 12/26

Duration: 1 hour

Program Description: *Intrepid Journeys* is a New Zealand television series. The show focuses on New Zealand celebrities who travel to exotic countries to see that country's history, culture and people. It is a multi-award-winning travel series. The show highlights meeting real challenges in the real world, travelling to lesser-known places and then getting around the way locals do.

Across each hour-long episode, *Intrepid Journeys* follows a celebrity traveler for two weeks in a rough and ready destination. The appeal of the show is two-fold. Aside from seeing a personality rise to a challenge, there is also the chance to gather knowledge and understanding of places, lives, events and happenings foreign to Western culture.

Although they are celebrity travelers, they travel and live as the locals do - ride bumpy local buses with chickens and goats, stay in villages and eat traditional food which stretches the palate.

Local Importance: The viewing area of WPAN is a vacation destination and people who travel here like to watch travel related shows. The cultural and other problems that arise while traveling and how those problems are overcome help demonstrate the ability of the human condition.

Durations: 1 hour

Program Description: Anna Ryder Richardson and Lorne Spicer use their modern wits about online sales to transform a family's once cluttered rooms into the fresh, new spaces they dream for. The only catch is they can only spend what they make online. With only two weeks to sell, they have to use Anna and Lorne's tips to sell effectively and shop smart online.

Local Importance: Redecoration of a home is popular in the viewing area of WPAN. There are many homes in the viewing area that are in need of renovation. *My Life for Sale* takes a unique look at a way to do it while keeping to a budget.

Description of Issue: Invention

Program: *The New Inventors*

Time: Thursday 9:30am

Dates: 10/6, 10/13, 10/20, 10/27, 11/3, 11/10, 11/17, 11/24, 12/1, 12/8, 12/15, 12/22, 12/29

Durations: 1/2 hour

Program Description: Each invention was given time to present its use, economic viability, purpose and niche. The inventors were then queried by a panel of three judges, chosen for each

program based on their specialty. At the end of the show the three judges picked a winner, referencing the six criteria of the show: originality, need, safety, design, market and marketability, and manufacture and pricing. The winner of the episode was then in the running to appear in the annual grand final episode, and be named "Inventor of the Year".

Local Importance: People in the viewing area enjoy watching new inventions and rooting for the invention they like the most.
