The following summarizes a representative sample of programming that provided the most significant treatment of community issues during the past quarter. Programming frequently deals with more than one issue.

Coverage Addressing the Following Issues:

1. The Webster County Sheriff continues to investigate the death of a man found dead in a field just after Christmas. The death was ruled a homicide.
2. Alpha Media is once again sponsoring Bikes for Tykes. Bikes will be collected for needy children and distributed through several charities. In 2015, over 500 bikes were given to children at Christmas time.
3. The Webster County Board of Supervisors met and discussed a 2480 head deep pit swine finishing confinement in Roland Township. Supervisor Merrill Leffler reminded citizens that if they don't like how the Matrix is scored, they should contact their legislators. The confinement was recommended for approval based on the Matrix score.
4. The suspect in the shooting in the shooting deaths of two Des Moines Metro area police officers has been taken into custody. 46-year-old Scott Greene was arrested early in the morning after the shootings. Greene was found in Dallas County by the Iowa State Patrol.
5. By Election Day, more than 300,000 voters had cast their ballot during early voting. The Iowa House was considered a battleground chamber, as all 100 seats were up for grabs.
6. The Iowa State Patrol is urging motorists to slow down during the holidays. Close to 400 deaths had occurred as the holiday season got under way. Troopers were seeing excessive speeds, some over 100 MPH, and encouraged drivers to put down phones and buckle up.
