Hi Matt,

Yes, it does feel like it has been a while! → CA 186 93 75

For WMYV – the program change from House of Payne to Mike & Molly is fine. Let's cut those Saturday Burn Notice spots and add 1x to Big Bang Theory on 11/1 Sa 7p-7:30p @ \$165. That should keep the money even. → can do

For WXLV – the program change from Millionaire to Doctors is fine. We definitely want the Senate Debate on 10/7 so let's stay in that. We can also do the rate raise to \$160 in ABC World News for the week of 10/27. That comes to an additional \$420 that we owe. Will send an additional check tonight.

Thanks so much!
- Caroline

Caroline,

Weird not talking to you each week so I thought I'd reach out with some questions.

On WMYV, we have some program changes coming up effective in September and October.

You purchased House of Payne at 12 midnight M-F for \$40. This will now be Mike and Molly. Your rate will clear at a rate section 3 level.

You also purchased Burn Notice Saturday's at 9p for \$55. This will now be college football. I think I can clear the \$55 rate in college football if you want to air in the prime time game.

On WXLV, you bought Family Feud at 728p on 10/7 for \$125. This will now be the Senatorial Debate. If you'd like to stay in that, the LUR is \$350. Let me know.

You also purchased ABC World News at 630 M-F 3x at \$95 each the week of 10/27. News is sold out. You'll need to be at \$160 to clear that week.

I've also attached an updated rate card with new programming and clearance rates.

Thanks

Matt
