

## COMMUNITY ISSUES AND CONCERNS FOR RUTHEFORD COUNTY

Jim Bishop interviewed Alan Flora Special Agent in charge of the SBI Computer Crimes Unit.

Discussed with Special Agent Alan Flora how parents and adults can become more aware of internet predators and tips to keep our kids protected.

Each year, special agents working in SBI's Computer Crimes Unit uncover tens of thousands of photographs and videos of graphic child pornography that have been exchanged online.

Children are often unaware of the risks they take when communicating with someone they have met only on line.
