Dear Friends,

Sincere thanks to you from all of us at The Northwest Cancer Foundation of Hope, The Gina Quesenberry Foundation, and The Lewiston Roundup Association. We appreciate your support of our 10th Annual Chicks N' Chaps event, through your attendance and sponsorship.

Chicks N' Chaps 2023 raised more than \$60,000, in line with 2022's event, making these past two years our most successful. The cause (helping others), the venue (LRA Grounds) the donations and swag (our sponsors & donors) contributed to the success of Chicks N' Chaps. Attendees had a great time. They heard from people currently battling cancer, they attended the rodeo, they wore pink, and learned about the work of the Foundations that support them and their families.

With generous partnerships with organizations like yours, we can continue to support those facing cancer within our communities.

Thank you for your support. We are already planning for Chicks N' Chaps 2024 and look forward to working together and continuing our mission of helping others. We couldn't do it without you.

Sincerely,

Debi Dockins, Chair
Northwest Cancer Foundation of Hope
