The Invisible God Becomes Visible - pt 2

1399

No matter what you know about Jesus, there's a good possibility that you've been misinformed about the most amazing man who ever walked the earth. Famed Bible teacher **Chuck Missler**, author of *I Jesus, An Autobiography*, says Jesus claimed that everyone who ever lived would bow before Him; that He would determine the eternal destiny of everyone who ever lived; He will cast unbelievers into hell; the angels of heaven are His personal property. Jesus, omnipotent, omnipresent and omniscient not only claimed equality with God but that He is actually God Himself. What will happen at the Rapture of the Church?

The Invisible God Becomes Visible - pt 1

1398

What convinces a skeptic to become a believer in Christ? What do you say to a skeptic who says, "Since the Bible was written by men, how can it be God's Word?" **David Limbaugh**, an expert in Law and Politics and best selling author of *Jesus On Trial- A Lawyer Affirms the Truth of the Gospel*, says, our culture has redefined Christ as non-judgmental, weak and effeminate. What convinced Limbaugh of the truth of the Bible was fulfilled prophecy and how interconnected the 66 books of the Bible are. God is not silent or indifferent to our suffering. He has been here as Jesus and understands all that we experience and suffer.

God's Amazing Animals part 2

1397

Look at God's infinite thought and design in creating lovable, furry cats, faithful dogs, the inspirational eagle, and the amazing camel. Animals show feelings, such as a goat that acts as eyes for the blind horse. **Austin Miles**, an award-winning writer, was the ringmaster in the circus for 50 years. He tells poignant stories such as an elephant blockading the ring and stopping a stampede of elephants. He tells a tear-jerking story of an old, shaggy dog that was once a circus-performing dog. The dog knew Austin's routine and watched from a hiding place. But sadly, the circus had to leave this faithful dog behind.

God's Amazing Animals part 1

1396

Some people say animals have no emotions but are just conditioned to respond. Do animals have feelings and emotions? What lessons can we learn from animals? Why did God create animals? **Austin Miles**, an award-winning writer of such things as the TV series *Ancient Secrets of the Bible*, was the ringmaster in the circus for 50 years. Austin tells touching stories such as a huge circus elephant that showed love for a small dog. How a pregnant chimp gave birth just before she died and handed her baby to the trainer. Chaplain Austin comforts dying people and tells how their animals grieve at their passing.

The Rise of Radical Islam part 2

1403

Many Americans naively assume all religions are basically the same. That Islam is peaceful. That's what the Lebanese people believed before the Muslim take over. Then it became a living hell for Christians. **Brigitte Gabriel**, author of *Because They Hate - A Survivor of Islamic Terror Warns America*, says, "Lebanon was much like America - prosperous, open and democratic. But their multiculturalism led to their downfall. Brigitte tells how horrible it was to live in a shelter for 7 years without electricity, adequate food or drinkable water. Why did Muslims do that to her? Americans need to understand the danger of Islam here!

...the United States... the Islamic States... they will destroy the United States and Western civilization. Unless we take them at their word, and defend ourselves, they will succeed.

The Rise of Radical Islam part 1

1402

How can we win a war on "terrorism" if we don't even know who our enemy is? Some schools promote Islam by taking children on field trips to mosques. **Austin Miles** tells of student role playing to become a Muslim. **Kamal Saleem** was a Muslim terrorist who came to America to convert Christians to Islam but instead, after a horrific car accident and paralysis, he called on Allah but got no answer. Then he had a vision of the Lord and Jesus miraculously healed him. Kamal is now an Ambassador for Christ who goes into Mosques to convert Muslims to Christ. He warns of a terrorist threat to our power grid.

The Truth About Raising Boys

1401

Why are two-thirds of the D's and F's given to boys? Why do girls do better in school? The system is biased against boys. A boy's desire to learn is quenched by a system that doesn't understand how boys learn. There are scientific differences between the way boys and girls think and learn. **Dr Michael Gurian**, author of 26 books, including co-author of *Raising Boys By Design. What the Bible and Brain Science Reveal About What Your Son Needs to Thrive*, has done extensive research in brain science to help parents and educators understand boys and help them succeed. It's easier to build strong boys than to repair broken men.

The Truth About Common Core

1400

Common core, the Federal take over of local education, is a massive experiment with the lives our children and the future of our nation. Common Core changes education from imparting knowledge to social change and socialism. The result will be a dumbed down populace that's compliant, non-thinking, who are followers instead of leaders, not innovators and inventors as prior generations. **Kyle Olson**, co-author with **Glen Beck** of *Conform: Exposing the Truth About Common Core and Public Education* says at a time when schools cost more and deliver less, options such as *Choice in Education* are being crushed by Common Core.

What will happen to you after you die? How can you be certain that you will go to heaven? Are heaven and hell real places?

Are there people alive and celebrating in heaven while others are suffering in hell? Best selling author **Bill Weise**, author of *What Happens When I Die? True Stories of the After Life and What They Tell Us About Eternity*, describes some fascinating accounts of what people experienced after death and they came back to warn us of the *reality of eternity*. We play a cut of a scientist who came close to dying and said, "It's easy to be an atheist when you're successful but very hard when you're on your deathbed."

Resurrection Power

The greatest event in all history, even greater than the Creation itself, is the Resurrection of its Creator - Jesus Christ. God, Who was worshipped and obeyed in heaven, Who created universes, came to a tiny, rebellious planet, became a man and allowed himself to be tortured and killed to save us from hell. The greatest words ever spoken are "Christ is risen!" **Bruce Marchiano**, the gifted actor who played the part of Jesus in *The Gospel According to Matthew*, says Jesus wasn't a victim caught by surprise, but He was willing to die an excruciating death on the Cross so that we could be with Him forever as part of His eternal Family!

A Christian on A Secular Campus

The percentage of Christians in this current generation is expected to decline to just 4% who are Christians. How can a Christian survive on a hostile campus? **Abby Nye**, a courageous Christian, university student, and author of *Fish out of Water-Surviving & Thriving as a Christian on a Secular Campus*, tells how professors intimidate and convert Christians into humanism. Abby was told by her literature professor that the Bible is a book of myths and not a credible source. Yet she was required to buy a Koran for her required class on Islam. How can the Church in America hope to survive if 90% of Christian youth leave the faith?

Battle Against Temptation

There's a porn plague capturing millions of young minds and destroying individuals, families and crippling our nation's morality. Millions of people, including Christians and pastors, visit porn sites. **Fred Stoeker**, author of *Every Young Man's Battle - Strategies for Victory in the Real World of Sexual Temptation*, says, "We're in a spiritual war but the enemy is seductive and camouflages sin as pleasure. Instead it brings pain." How can we control what comes into our eyes and minds? **Clay Allen**, president of *Avenue*, and **Fred Styoecker**, give excellent techniques for avoiding the deadly trap of pornography.
