The elders are the kings and queens and hold a lot of the knowledge of their ancestors. Spirit of the Sun has incorporated a seven generation principle that transfers knowledge from the elders to the youth. They offer story telling, remote classes, and building a curriculum. The curriculum includes things such as agriculture, seed knowledge, and ancestral foods. November is Native American Heritage Month it is a month to celebrate cultural resilience. Through cultural resilience they are able to take back that knowledge.

Summary: Ronald McDonald House has been working to keep families with sick kids together. Being alone in the hospital can be a traumatic experience, especially for children. Between the two houses in Denver, they are able to house 118 families. Each room is very similar to a hotel room. They are also shared rooms, such as sitting areas and pay rooms for the kids. They have volunteers that bring in a home cooked meal to feed the families staying at the houses. It cost Ronald McDonald house \$125 a night to house the families. A family can stay as long as their child is being treated. Coming up on November 30th is Light The House Radiothon. They ask listeners to be a Ray of Hope; they commit to donate \$20 a month for the year.
