

Placed in the Public File on April 7, 2024

On a continuing basis, we maintain contact and confer with local government, civic, and business leaders, as well as members of the general public, about what they perceive as top-of-mind issues important to the communities we serve.

In addition to national issues important to all communities, area leaders have expressed concerns relating to challenges associated with rural healthcare; workforce development and related industrial needs; infrastructure such as roads and bridges; maintaining quality government services; substance abuse; and tax revenue and public services.

We strive to provide responsive and helpful programming and work to educate and inform the public through public service announcements, local news coverage, and local sports and entertainment.

WANI aired all City of Auburn City Council Meetings live and in their entirety.

WANI aired a live Alabama Primary Election Special the evening of March 5th providing up to the minute results of local, state-wide, and other Super Tuesday primary results along with expert commentary and analysis.
