Finance & Accountability

Charity Navigator evaluates a nonprofit organization's financial health including measures of stability, efficiency and sustainability. We also track accountability and transparency policies to ensure the good governance and integrity of the organization.

No Score

We have not issued this nonprofit a Finance & Accountability score. This does not indicate a positive or negative assessment, only that we have not reached a conclusion for the following reason:

This organization cannot be evaluated by our Encompass Rating methodology because it files Form 990-N, as allowed by the IRS for charities with less than \$50,000 annual revenue.

The lack of a rating for this reason simply means that the organization does not meet our rating criteria. It does not indicate a positive or negative assessment by Charity Navigator.

Impact & Results

Charity Navigator assesses how well a nonprofit delivers on its mission. To issue an Impact & Results score, we estimate the actual impact a nonprofit has on the lives of those it serves, and determine whether it is making good use of donor resources to achieve that impact.

No Score

We have not issued this nonprofit an Impact & Results score. This does not indicate a positive or negative assessment, only that we have not reached a conclusion for one of the following reasons:

- The nonprofit is eligible for a score, but we have not yet gotten to scoring it.
- The nonprofit is eligible for a score, but we have not yet developed the specific algorithms to estimate the impact of the type of service it delivers and so cannot issue a score yet.
- The nonprofit does not primarily deliver services directly to beneficiaries or it is not reasonable to expect the nonprofit to measure impact for its primary activity. The impact analysis framework that we use is not well suited to these nonprofits.
- The nonprofit is not heavily reliant on individual donors because beneficiaries fund a majority of its costs or it does not receive any private charitable contributions.
