Vice President

REFERENCE: WJVN-TV Ashlar Village  
Whitney Center

We received your letters requesting retransmission consent for your channel at the above referenced locations.

We understand that you hold exclusive broadcast and cable rights in certain geographic areas. Your letter indicated that we must obtain your express approval in order to continue to carry the channel.

While our systems in the above referenced areas may be carrying your TV channel the programming is actually provided by DirecTV rather than our firm. I assume that your channel has an existing agreement with DirecTV.

We believe that it is not necessary for us to enter into any agreement with your organization since DirecTV is the provider of the channel and we receive it via satellite, NOT via rooftop antenna.

Yours truly,  
STELLAR PRIVATE CABLE SYSTEMS, INC.

Brian L. Hunt  
Vice President
