**WFPG/Atlantic City, NJ; WENJ/Millville, NJ; WSJO/Egg Harbor City, NJ;  
WPUR/Atlantic City, NJ**

**July 1 – September 30, 2022**

### Section 1. - Issues

#### **A. Environment.**

In a coastal area like Atlantic City, the environment is of great concern. How this issue is managed will, one way or another, have major impacts on the economy and everyday life in Southern New Jersey.

#### **B. Transportation.**

While the Atlantic City region has a solid network of roads and bridges, options for public transportation are more limited. Those public transportation choices were further stressed by COVID-19.

#### **C. Beach Tourism.**

Atlantic City and Southern New Jersey heavily depend on tourism, especially during the summer months, to drive the economy.

#### **D. Inflation.**

The cost of living in and around the Atlantic City region has historically been high, but the problem has only been made worse by rampant inflation over the past several months.

**E. Teacher shortage.**

The Atlantic City region, like the State of New Jersey, continues to see a shortage of teachers. According to the New Jersey Policy Perspective, the number of teacher candidates remains at a 20-year low.
