

**CHILDREN'S PROGRAMMING  
COMMERCIAL TIME COMPLIANCE FORM**

Broadcast Dates: 12/31/07 through 3/30/08

Verifications:

I have reviewed the program logs for **KCPQ-TV** children's programming described on the broadcast dates identified above. The commercial time actually broadcast during each clock hour of children's programs was no greater than 12 minutes (weekdays) or 10.5 minutes (weekends). For children's programs broadcast in the same clock hour as non-children's programs, the commercial time actually broadcast during the children's program was no greater than a prorated share of 12 minutes (weekdays) or 10.5 minutes (weekends). I have verified that the exact amount of commercial time listed on the attached reports ran as stated in each program.

National spots and programming are pre-screened prior to air by Master Control and were verified for compliance. Website addresses and promotional announcements aired in accordance with the new FCC Children's rules of January 2007.
