Webchannel: Nebraskans have a place on the Internet to go for local news and information. As more people turn to the Internet on a daily basis, people can count on KOLN/KGIN-TV (1011Now.com) to be the local news and information leader on the web. KOLN/KGIN-TV's website is an important source of local news stories of all kinds, community information, public service, and other internet resources. 1011Now.com's home page offers links to topics, which include news, weather, sports, health, family, education, government and community. It also includes up-to-the minute video streaming of news stories, weather forecasts and includes

special features such as [Live Streaming and Live Chat] watching live press conferences through web streaming. While stories are continually posted and eventually drop off of the top 30 or so visually displayed, they never actually leave the Webchannel Feature server making these accessible for viewers to conduct a search to retrieve each of these in the future. Video segments stay within the server approximately 1-2 days.
