Subject: Texas Tech College of Media & Communication Career and Internship Fair

Good morning,

On behalf of the College of Media & Communication at Texas Tech University, I would love to invite Ramar Communications back to our Career and Internship Fair on September 27th, 2022. This year, our career and internship fair will return to a face-to-face format and will be hosted in Lubbock, Texas in the Student Union Building.

While our career fair is open to all TTU students, you will see a concentration of students in the seven majors housed in CoMC: Advertising, Communication Studies, Creative Media Industries, Digital Media & Professional Communication, Journalism, Media Strategies, and Public Relations & Strategic Communication Management. Students across all our majors are eager to enter a variety of industries and certainly could provide a lot of value to your business wherever you have the need.

If you would like to attend our fair, please register on the [Hire Red Raiders](#) website. There is no associated registration cost to attending the CoMC fair. Should you need any help registering please refer to [these instructions on how to register](#) or reach out directly to me. I also would recommend looking into the other career fairs on Hire Red Raiders, several colleges will be hosting their fairs the same week. It's a great opportunity to reach a diverse set of students in a short amount of time!

Once you have registered, I will follow up with additional information you'll need for the day of the event. If you have any questions or are unable to attend, don't hesitate to reach out. I am happy to talk through any concerns and collaborate with employers to provide awesome professional development opportunities to our students outside of the career fair (and recruitment opportunities for you!).

Wreck 'em!

Gave my thoughts and advised the students on their student-produced media. If it meets the needs of the community, if the students meet the community needs regarding representation, information, and accessibility. Also, worked hands on with the students to perfect their video and audio.

Dear Future Sponsor,

As we prepare for our **2024 HAW Annual Scholarship Gala**, we thank you for your past support of our mission to promoting the education and empowerment of all women. With the support of our community, we have become an organization known for furthering the education of numerous women in the South Plains.

Since our inception in 1983, through the support of our members and sponsors, we have awarded scholarships to hundreds of women. **Organizations like yours have helped us grow from an organization that was able to provide 13 scholarships to one that allowed us to fund \$120,000 in scholarships last year.** This allowed 60 South Plains women to continue on their educational journey. We are fully committed and prepared to fulfill our mission again, and with the help of our Presenting Sponsor, we will again commit 100% of all profits to scholarships. The impact of our mission only becomes reality when community partners like you come alongside us.

In 2023, our Gala sold out. As a past sponsor, we invite you to rejoin our efforts to educate the women of our community by pledging again in 2024. This year's sponsorship levels are attached, and all sponsors will have a seat at our 18th Annual Scholarship Gala.
