

FRI 12/1/17 MIN MAG: TRAIL CAMERAS

FOR MINUTE MAGAZINE, I'M EZRA MARCUS.  
THE FLORIDA KEYS MOSQUITO CONTROL DISTRICT  
WILL ADD MORE BATTERY-POWERED TRAIL CAMERAS  
IN REMOTE AREAS... TO MONITOR WATER LEVELS  
AND POTENTIAL MOSQUITO BREEDING SITES.  
THE RESULTS WERE ENCOURAGING FROM THE  
2 CAMERAS THAT WERE ALREADY IN PLACE...  
UNTIL HURRICANE IRMA DESTROYED THEM.  
BUT MOSQUITO CONTROL SPOKES-PERSON BETH  
RANSON SAYS... THE EARLY TESTS PROVED THAT  
THE CAMERAS SAVE BOTH TIME AND MONEY...

CART #78532

[ :26 ] WATER LEVEL'S HIGH ENOUGH AT THAT TIME

RANSON SAYS THE DISTRICT IS PLANNING TO  
PURCHASE 16 MORE TRAIL CAMERAS THAT WILL  
TRANSMIT IMAGES AND INFORMATION TO FIELD  
INSPECTORS.
