- **The 5th graders from Millbrook Elementary came into our studio on 4/4/19 for a demonstration on 4 areas of television production.**
  - 1. In-studio set production involving show production
  - 2. In-studio green screen production...each child was shot on green screen doing what appeared to be a live weather report
  - 3. Students then went to an edit suite to see how green screen video is keyed, edited and graphics added
