### Determining the Newspapers in Which to Publish Notice

FCC rules require that stations publish the Notice in a local newspaper in one (1) of the following ways:

1. A daily newspaper published in the station's community of license, twice a week for two consecutive weeks; or
2. **If there is no such daily newspaper**, in a weekly newspaper published in the station's community of license, once a week for three consecutive weeks; or
3. **If there is no daily or weekly newspaper** published in the station's community of license, in the daily newspaper, wherever published, which has the greatest circulation in the station's community of license, twice a week for two consecutive weeks.

In addition, if the station is the only station in its service (AM or FM) licensed to its community, it does not need to publish newspaper notice but only needs to complete the on-air notice.

Note that notice may need to be published in more than one newspaper for a given market. For example, in the Little Rock, AR market, Cumulus owns 4 FM stations and 3 AM stations. All three of the AM stations and one of the FM stations are licensed to Little Rock, where the *Arkansas Democrat-Gazette*, a daily newspaper, is published. So notice would need to be published in the *Democrat-Gazette* under number 1 above.

The other three stations, all FMs, are located in each of Pine Bluff, Sheridan, and Wrightsville, AR.

- Pine Bluff: There is a daily newspaper published in Pine Bluff, the *Pine Bluff Commercial*, so under number 2 above, notice would be placed in the *Pine Bluff Commercial* and not in the *Arkansas Democrat-Gazette*.
- Sheridan: There is no daily newspaper published in Sheridan, but there is a weekly newspaper, the *Sheridan Headlight*, so notice for the Sheridan station would be placed in the *Sheridan Headlight*. (Note: there are other FM stations licensed to both Pine Bluff and Sheridan, so the newspaper publication requirement applies in both markets.)
- Wrightsville: There is no other operating FM station licensed to Wrightsville other than KLAL. Therefore, newspaper publication is not required. If there were another FM station in Wrightsville, publication in the *Arkansas Democrat-Gazette* would be required.

In order to simplify the process, we recommend that the same public notice text be used in the same market for all stations for both the broadcast and newspaper notices, and that it include all stations in that market. In other words, in the example above, there would be no need to tailor

Pine Bluff newspaper or broadcast notices so that specific station, even though they relate only to that station, or to delete the Wrightsville station from the newspaper notices.
