

Catamount Radio Issues List

Catamount Radio (WDVT, WJEN, WJJR, WSYB, WZRT) serves our city of license (Rutland/Killington) and beyond to the surrounding areas by gearing our programming to meet the areas of concern to our community members through our issues list.

Our radio stations' staff meets regularly to discuss these issues of importance and based upon recommendations from community leaders, and news topics, both local and regional. We arrive at our issues list and focus our *public service and public affairs* in that direction.

We integrate guests (usually local experts) into our regular programming. Our issues, although addressed in pre-recorded PSA's, are also presented in a more informal fashion with "live" in-studio interviews with representatives from the police department, schools, hospitals and various community leaders.

The stations also broadcast numerous free announcements from non-profit community organizations who request such time to promote their causes.

We also execute a number of "on-location" broadcasts if the event warrants such activity. Catamount Radio believes that *public service is more than lip service*. We know we can encourage more people by example, rather than just more talk.
