This will further advise that, pursuant to Section 76.57(e) of the FCC rules, CNZ elects for WGBP to be carried on channel 66, which is the "major channel" identified in WGBP-TV's PSIP stream (which allows television receivers to tune to the channel that the station uses over-the-air), or such other channel as may be mutually agreed upon.

<sup>1</sup> On or around December 15, 2020, the Station began transmitting from a transmitter in Warm Springs, Georgia, which is located in the Atlanta Designated Market Area. The Station's Designated Market Area, as specified in the Nielsen October 2021 Local TV Station Information Report, is Atlanta. Accordingly, the Station is entitled to carriage in the Atlanta Designated Market Area. See 47 C.F.R. § 76.55(e)(2).

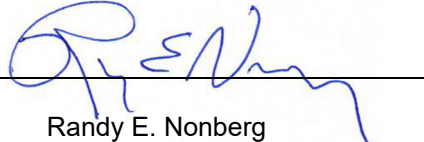

<sup>2</sup> See 47 C.F.R. § 76.55(e)(3) ("In addition, the county in which a station's community of license is located will be considered within its market.").

We will be pleased to cooperate with you to ensure that your headends receive a good quality signal, either over-the-air or by fiber optics (to the extent you do not already receive a good quality signal through one or both of these methods).

Please be advised that, pursuant to Section 76.64(f) of the rules of the Federal Communications Commission (FCC), the undersigned licensee of television station WGBP-TV, licensed to Opelika, Alabama, is changing its carriage election for the period beginning January 1, 2024, and ending December 31, 2026 as follows:

(i) Call sign: WGBP-TV ("Station")

(ii) Community of license: Opelika, Alabama

(iii) DMA where the station is located: Atlanta

(iv) Specific change being made in election status: Station is changing its election of must carry status from the Columbus-Opelika Designated Market Area to the Atlanta Designated Market Area.<sup>1</sup> For the avoidance of doubt, Station continues to elect must carry in Lee County, Alabama.<sup>2</sup>

(vi) Phone number for carriage-related questions: 310-874-7711

(viii) This change is applicable to all of your cable systems (and any affiliated or commonly owned or operated cable systems) serving the Atlanta Designated Market Area, Lee County Alabama, and, if applicable, any other communities that have been added to the Station's television market pursuant to an FCC market modification.

This will further advise that, pursuant to Section 76.57(e) of the FCC rules, CNZ elects for WGBP to be carried on channel 66, which is the "major channel" identified in WGBP-TV's PSIP stream (which allows television receivers to tune to the channel that the station uses over-the-air), or such other channel as may be mutually agreed upon.
