

Quarterly Issues List
(January 1st - March 31st, 2024)

April 10th, 2024

The following report outlines some of the major issues facing the Princeton area and WPRB's programming responses to those issues during the specified quarter.

Since the start of the pandemic, WPRB has been splitting its broadcasting between our main studio located on Princeton's campus with other broadcast locations, including an auxiliary studio. Our programming is live or rebroadcast for up to 23 hours a day and includes a mix of journalism, freeform shows, interviews, and live music performances from artists in the region.

Our DJs also regularly read off public service announcements for nonprofit and community groups working in fields such as public health, education, and the arts, including HiTOPS, the Free Library of Philadelphia, and Meals on Wheels of Mercer County.

WPRB prides itself on connection with the local music communities of New Jersey and Philadelphia, and to this end airs regular live performance and interviews with local artists and musical acts from various communities and traditions.

WPRB also broadcasts *News and Culture*, a bi-weekly radio-magazine with content that serves artistic, news, and cultural needs of our greater New Jersey and eastern Pennsylvania community. *News and Culture* programming seeks to uplift local voices and bring attention to untold stories from across New Jersey and its neighboring regions. Here is a selection of the informational segments aired on *News and Culture* this quarter:

- Feb 12th, 5pm - A segment on Princeton local businesses and the experiences of "waiting on line"
- Feb 12th, 5pm - A segment about the Princeton Flying School located at Princeton Airport and about the history of hobby aviation
