I would like to thank WJEJ and each of you that read the PSA for the Veterans Advisory Committees meeting last week. We had 17 guests at the event which was a great responds. When I asked how many heard about the event on WJEJ 8 of them said they had.

This was the best attendance we have had so far in our outreach.

We will be in touch for our next big event.

Again, thank you. You all represent the power of local radio in informing the community.
