Atlanta Regional Foodbank

Spoke with members of the Atlanta Regional Foodbank. A central hub in the fight against hunger in Atlanta and north Georgia. Our primary function is collecting and distributing donated food and goods and managing all of the logistics and partner relationships that go with it. But they also offer some social services directly to those in need. And even have some supplemental food pantries and mobile markets of our own to get food to underserved areas.

State of GA Public Service Commission

Electric, gas and telephone utilities serve millions of customers in Georgia, but there are many customers who can't afford gas, electricity or basic phone service without the help of payment assistance programs. Many electric, gas, and telephone utility companies offer payment plans to their customers who qualify. They may allow deferred payment for those who cannot pay their whole bill or delay disconnection for customers trying to pay their bills. Many civic groups, charitable organizations, and churches in local communities provide payment assistance to low-income customers.

Information given on what numbers to call and websites with emails to contact various providers to help families in need of payment.

Back On My Feet

Back on My Feet, a national organization operating in 12 major cities across the US, combats homelessness through the power of running, community support and essential employment and housing resources. Back on My Feet seeks to revolutionize the way society approaches homelessness. Their unique model demonstrates that if you first restore confidence, strength and self-esteem, individuals are better equipped to tackle the road ahead. For all in need, they aim to provide practical training and employment resources for achieving independence; an environment that promotes accountability; and a community that offers compassion and hope.

For all with the capacity to serve – volunteers, donors, community, and corporate partners – they seek to engage you in the profound experience of empowering individuals to achieve what once seemed impossible through the simple act of putting one foot in front of the other. Operating in

12 major cities coast-to-coast, Back on My Feet uses running and community to motivate and support individuals every step of the way from homelessness to independence.

GOHS - Child Passenger Safety

Their number one goal is to reduce the number of fatalities and injuries and to provide highway safety data and fact-based analyses that will assist communities and safety advocates in implementing effective programs that will change high-risk driving behavior and increase safety on our streets and highways.

The history of GOHS follows that of highway safety in the USA. In 1966, 50,894 people were killed in motor vehicle crashes in the U.S. and the rate of fatalities per 100 million miles of travel was 5.5. It was projected that, over a 9-year period, the number of fatalities would increase to 100,000 a year if Congress did not do anything to address the problem. Taking heed of these dire predictions, Congress enacted the Highway Safety Act of 1966. This legislation created a unique partnership among federal, state, and local governments to improve and expand the nation's highway safety activities. The Highway Safety Act of 1968 required governors to be responsible for the administration of the federal highway safety program in each state. The governor, through delegation of powers, had the authority to designate a Governor's Highway Safety Representative to administer the federally funded highway program.

We spoke with Robert Hydrick from GOHS about summertime in Atlanta and the precautions that need to be taken to have a safe summer for all. This includes initiatives from GOHS and police that keep people safe that may be driving on busy highways with possible drunk drivers on the road. Mr. Hydrick emphasized the importance of designating a sober driver or using rideshare when planning on consuming alcohol. The Governor's Office of Highway Safety and the Georgia Department of Public Health remind all parents and caregivers that Child Passenger Safety (CPS) Week is the perfect time to make sure their child is riding in a professionally installed car seat or booster seat.

Be Someone

In 2008, Orrin C. Hudson, whose methods were inspired by the game of chess, founded Be Someone, which is a 501 (c) (3) nonprofit organization that uses numerous tools, including the game of chess, to promote self-esteem, responsibility, and analytical thinking among children in underserved communities. The mission of Be Someone is to build character, hope, and inspiration so that kids can set and achieve lifetime goals, realize their full potential, and Be Someone. "Making Every Move Count" refers to the belief that success in chess and success in life require the same fundamentals, including concentration, self-estee m, problem solving skills,

Be Someone teaches kids the practical skills and techniques to overcome obstacles in life, illustrated through the best and most intellectual visual aid: the chessboard.

We had Orrin Hudson in the studio to talk about Be Someone and how the organization is making a difference in the Atlanta community. Through our conversation, we found that he was contributing to a growing problem in such a unique way. In school, kids are hammered with books, and they learn in such a predetermined way. Through chess, Be Someone is trulyengaging with the kids and changing lives. This is a great benefit for the community in and around Atlanta.

LIVING TREE CHARITIES

Living Tree Charities, Inc. is a 501(c)(3) Nonprofit Organization founded to cultivate & connect community organizations and service minded people. They use their hands, minds, and creativity to cultivate the heart of the volunteer to better impact community organizations. Their passion is for people to know more about themselves individually and to use whatever unique gifts they must impact community organizations and the world around them. They embrace the three C's to better serve the community. Create means working with organizations to create service-related opportunities for volunteers.

Cultivate means to partner with dynamic organizations to cultivate a more meaningful experience. Connect is to connect individuals and groups with local service opportunities that merge their talents with their passions to serve. They envision a world where every organization and individual will discover their ability to make a difference by serving and utilizing their talents to strengthen communities across the globe. Chris Gamble, Development Director for Living Tree Charities, spoke with us about his passion for this type of service. He wanted to create an organization that helps place individuals in charities according to their interests.

Marta Free Passes For Students K-12

Schools in Metro Atlanta and the surrounding communities can partner with MARTA to provide their students with safe, reliable transportation. We offer discounted 10-Trip Student Breeze Passes to schools throughout the area that are valid weekdays on all of our buses and trains.

Marta representatives spoke about how to secure passes for your child should. The schools were one way to quickly secure, however Marta offices can also assist if closer.

Live Healthy and Thrive Youth Foundation

Live Healthy & Thrive Youth Foundation, Inc. (LHTYF) is a charitable, tax exempt, 501c3 nonprofit organization. Their work serves as the conduit to develop a closer affiliation between children of today and the community-at-large through outreach and educational programs. Live Healthy & Thrive Youth Foundation is committed to providing youth with the educational tools they need to live healthier, more balanced lifestyles. What an amazing organization. They are doing so much to help the children in our community. According to the Centers for Disease Control, obese youth are more likely to have risk factors for cardiovascular disease, such as high cholesterol or high blood pressure. In a population-based sample of 5- to 17-year-olds, 70% of obese youth had at least one risk factor for cardiovascular disease. Obese adolescents are more likely to have pre-diabetes, a condition in which blood glucose levels indicate an elevated risk for development of diabetes. Disease researchers at the Centers for Disease Control and Prevention (CDC) made the prediction that one in three children born in the United States in 2000 will develop type 2 diabetes sometime in their lifetime unless they get more exercise and improve their diets. Approximately 1 in 3 children in the US may have borderline or high cholesterol, according to a new study recently presented at the American College of Cardiology's 63rd Annual Scientific Session. Of these children, 30% (4,709) were found to have high cholesterol (200 mg/dL or more) in line with definitions from the National Cholesterol Education Program.

Teaching kids and their parents about proper nutrition and living healthy lives is so important. For more information about this organization, visit livehealthyandthriveyouth.org

Meals on Wheels

Meals On Wheels Atlanta (MOWA) was founded in 1965 to support seniors struggling with poverty, food insecurity, and social isolation. Over more than 50 years, they have grown from a small soup kitchen to an organization serving 347,000 meals each year throughout the Atlanta area. They have also expanded their program offerings to respond to other critical needs in our community. They now offer multiple services to support both older adults and veterans, including home-delivered and congregate meals, home repair services, and an emergency food pantry. We spoke with the CEO and Hillary Baker about the benefits of meals on wheels and how they benefit our community. They do amazing things for senior citizens; they repair homes and make some delicious pecans. Those proceeds go right back to helping feed the community.

SafeRide America

Their mission is to pro-actively prevent all types of impaired driving and to assist children that have been orphaned or injured by impaired driving crashes. By offering to drive people AND their cars for them for about the same price as a taxi addresses goal #1 and their "pay us later" policy for SafeRide Service addresses goal #2.

Yes, they do charge a fee for their designated driver services, but will provide a service, no questions asked, if someone does not have the money to pay for our designated driver services. All they ask anyone to do if they do not have money for the fee is to simply "pay us later".

You can repay them with your time as a volunteer, paying for your fare later, and/or tell others about their services.

We had Michael Ryne on zoom to discuss this safe alternative to get you home.
