

ADDED PROGRAMS BROADCAST BY WWSM IN THE PUBLIC INTEREST.

01-01-19 TO 03-31-19.

Your Town, local announcer

Each event is 30 seconds in length.

Broadcast seven days a week on the hour and half hour, with a few exceptions on Saturday and Sunday due to programming restrictions.

"Your Town" features news of local non-profit organizations of activities and events. This program was introduced during this reporting period. While it has taken a few weeks to get events posted it was quite popular with local organizations during the Thanksgiving through Christmas and New Year holiday season and featured events of special public interest including school concerts, Chriskindle market events, Salvation Army bell ringer events as well as other activities in the local area.

At the writing of this document we currently have only 6 announcements for events. It seems that most organizations are relying on the internet to distribute the information about their activities.
