

Access to the Online Public Inspection File: This station was unable to access the online public inspection file on June 24, 2016 because the FCC had not created a passcode for this station. The station repeatedly contacted the FCC to obtain a passcode in the weeks leading up to the online public file deadline. The station was provided a passcode and able to access the online public file for the first time on June 28, 2016.
