## ABC NEWS PROGRAMS - Fourth Quarter, 2014

20/20

Friday, October 3, 2014

### **THE MYSTERY OF JOHNSBURG ROAD**

How does a man end up spending the next 26 years of his life in prison, convicted for committing a murder at a grocery store with no body, no weapon, and no DNA linking him to the scene? That is exactly what happened to Mario Casciaro in 2013 when he was convicted of killing 17-year-old Brian Carrick, Casciaro's former co-worker. Prosecutors were successful in getting a conviction on the very rare and controversial charge of murder by intimidation. Yet, could potentially explosive evidence, including key prosecution witness Shane Lamb recanting his story, help Casciaro prove his innocence? "20/20" reports.

Friday, October 10, 2014

### **DESIGNING WOMEN**

Some women will go to extremes to get what they want:

- **Jessica Strom** sits in the Marathon County Jail awaiting trial for a crime she says was all a big misunderstanding. Recorded by police, Strom is heard offering her friend \$1000 and "some sex" to shoot her fiancé dead. When police showed up at her home to arrest her she insisted the conversation was just venting and not meant seriously. Deborah Roberts reports.
- Bank employee **Aurora Barerra** walks into her East L.A. bank telling her co-worker that she has been kidnapped, has a bomb strapped to her torso, and is instructed to rob the bank or else she would be blown up. Only after she is rescued do cops slowly unravel the stunning real story. Jay Schadler reports.
- Why would a young English teacher risk her career and her marriage to have sexual contact with students at her Plymouth, PA high school? Lauren Harrington Cooper pled guilty to sexual contact with students and corrupting minors. Deborah Roberts reports.

Friday, October 17, 2014

### **THE TRUTH BETWEEN THE LIES**

Who killed Greg Williams, a prosperous Keller, TX entrepreneur? His wife, Michelle Williams, tells police an intruder entered the house, hit her with a wrench, and shot Greg with his own gun. As police start to peel back the façade of the Williams' happy life, they uncover their secret world of shady business, duplicity, and kinky sex. Could Michelle be covering or perhaps it was her hand on the trigger. Matt Gutman reports.

Friday, October 24, 2014

### **THE MOOCHERS**

- **Workers Comp:** "20/20" uncovers scores of people accused of faking injuries to claim disability and workers compensation benefits – costing taxpayers hundreds of millions of dollars. Cecilia Vega rides shotgun with two private eyes hired to crack down on suspects.
- **Bogus Broker:** Shannon Lee is accused of illegally claiming ownership of vacant homes -- selling some, renting others, and letting her alleged partner in crime live in another (Shannon was also living in one). But police say it all came crashing down when she snatched the home of a police department employee. Gio Benitez is there as the law came knocking.
- **Defaulting Doctors:** So many of us have student loan burdens, but doctors, who make an average of \$187k a year? What happens when certain doctors decide that writing those monthly repayment checks is a painful operation they'd rather not perform? As Matt Gutman reports, it leaves the taxpayer holding the bag.
- **Wedding Crashers:** If you are bold enough, you can have all the food and drink you can handle. Paula Faris with the risks some people are willing to take for a thrill and a meal.

Friday, October 31, 2014

#### DO YOUR “&@#%\*” JOB

- There may be no boss who commands more power than a movie director. But what happens when the safety of the crew is allegedly ignored all for the sake of getting “the perfect shot?” A dream sequence scene on active train tracks turns into a nightmare and tragically, camera assistant Sarah Jones, is killed and three others are critically wounded. Sarah’s death shocks the film community. Director, Randall Miller and others are now facing criminal charges for involuntary manslaughter and have pleaded not guilty, but has Miller previously been cavalier about safety during filming. Chris Connelly reports.
- Our lives are literally in their hands. But when a first responder makes a mistake, you could be on your own. Medic Mills, a 77-year-old man in Washington DC, had a heart attack right near a firehouse, but the firefighters refused to help him, and when his daughter called 911, the dispatcher sent the ambulance to a wrong address miles away. Are the stresses of their jobs hurting us? Jim Avila reports.
- So many of us have done it -- caught a few ‘zzzs’ on the job. Some 21<sup>st</sup> century companies even offer nap rooms. But make no mistake, falling asleep on the job can still be a career killer -- especially if your catnap is caught on camera. “Shark Tank’s” Robert Herjavec, Lori Greiner, and Mark Cuban sound off. Chris Connelly reports.
- There is no greater temptation to misbehave at work than when you have decided to quit. Just ask former Alaska TV reporter Charlo Greene, whose “Good Night and Good Riddance” sayonara rocketed to instant infamy. Greene proudly and unapologetically defends her actions to 20/20.

#### FAMILY SECRETS

Three people looking for lost loved ones... Louise, who was left in a New York City phone booth two days after she was born; John, abandoned with a brother in a Bronx apartment when they were babies; and Candy, a teenage mother who promised the baby she was forced to give up that she would someday find her again. Three people haunted by the mystery of their past on a quest for the loved ones they yearn to know. “20/20” joins them as they turn to Pam Slaton for answers.

Friday, November 14, 2014

#### THE NEW SEX

Elizabeth Vargas and David Muir report on the oldest thing done in the newest way, Sex. The underground world of sex with strangers to have a baby, the tinder app explosion where it’s all about the looks that leads to the hookup and two porn stars, engaged and who embrace their “open” relationship.

Friday, November 21, 2014

#### WHO CAN YOU TRUST

- The sexual assault allegations against actor and comedian Bill Cosby are once again making headlines. Elizabeth Vargas sits down with Therese Serignese, the seventh woman to come forward, in her first network interview.
- **My Best Frenemy:** Vicheka Ly, known to her friends as “Vee,” was living the good life in Portland, Oregon, going on expensive shopping sprees and spending late nights at various downtown clubs. When thousands of dollars and credit cards go missing from her friends and family, everyone turns to Vee for answers and she is nowhere to be found. Chris Connelly reports.
- **Recall Roulette:** In a unique partnership with the investigative teams of more than a dozen major market ABC affiliates, ABC News’ Brian Ross takes a hard look at the flawed government recall system that has allowed tens of millions of potentially dangerous, recalled products to remain in homes, in stores and for sale online.
- **Nightmare Nannies:** It’s a headline we see far too often, nightmare nannies violating a most sacred trust by abusing their charges. With nanny cams almost a given in people’s homes, many families are catching the abuse, but how can it be prevented from the first place? “20/20” reports.

Friday, November 28, 2014

#### TRUE CONFESSIONS

- **Debt Collectors:** No doubt, many people are starting to rack up big balances on their credit cards with all that holiday shopping. But tonight, the exclusive voice mail messages “20/20” has obtained from debt collectors -- some so threatening and outrageous, they sound like pranks. One woman was so terrorized by the tactics employed by the collector; she sued him, and won. Rebecca Jarvis reports.
- **Shoplifter:** Does your holiday shopping list include a visit to a toy store sometime soon? While you are there, you might want to keep an eye out for the man Matt Gutman interviews tonight -- a master shoplifter who walks Gutman through his tawdry tales of ripping off toy stores to the tune of

over \$1 million. "20/20" has surveillance footage captured on store security cameras, exposing just how the master shoplifter swindled his way into shoplifting infamy.

- **Exterminators:** A bad exterminator can with bad practices can fumigate your finances. What happens when your pest control "expert" misses a termite infestation and your house is ruined beyond repair? And what about those bed-bug sniffing dogs? What happens when they issue a false alarm? Our hidden cameras are there to put Fido to the test. Paula Faris reports.
- **Lost and Found:** Traveling this holiday season? What happens when your precious items get stuck in the backroom known as the Lost and Found? Travel experts explain how likely or unlikely it is for anyone to recover their items and why. Gio Benitez reports.
- **Christmas Tree Sellers:** Avert a Christmas catastrophe! Paula Faris talks to real tree farmers that give her the do's and don'ts of buying. From size to sap, from Noble needles to Nordmann fir... there really are secrets to the selection process.

Friday, December 5, 2014

#### **HOT PURSUIT**

The chase is on... for sticky fingered would-be felons in search of a big score. Tony Bennett may have left his heart in San Francisco, but if you leave anything else lying around the city, will you get it back? ABC News Correspondent Gio Benitez and a team of "20/20" producers decide to find out. With the help of a professional tracker and San Francisco Police, "20/20" plants tempting merchandise all over San Francisco with a surprise inside – tracking devices. What happens when we finally track down the merchandise? Who has it and what do they say?

Friday, December 12, 2014

#### **THE SELL GAME**

- "Shark Tank's" Robert Herjavec reveals some classic techniques and mind games the best salesmen deploy to seal the deal, from the "Standing Room Only" to the "Artisan." Hannah Storm reports.
- There's a knock at the door – it's a salesman trying to sell you a home security system to protect you from thieves. But is he the bigger threat to your wallet? Brian Ross reports.
- As the nation's largest retailer of used vehicles, CarMax advertises that each of the used vehicles it offers for sale is "CarMax Quality Certified" and has undergone a rigorous "125+ point inspection." But a former CarMax manager alleges that vehicles with major problems made it through the inspection process and were sold to customers. Gio Benitez reports.
- Asia Newson is known as Detroit's Youngest Entrepreneur. At just 11 years old, she makes and sells her own candles under her business "Super Business Girl." Her real talent comes with the selling. Jay Schadler reports.

Friday, December 19, 2014

#### **SWAT TEAM RAID**

A night-time raid by a SWAT team in rural Georgia resulted in the maiming of an 18-month-old boy when a "flash-bang" grenade landed in his crib. Police broke down the door expecting to find a drug dealer and instead found a family of four small children visiting relatives. After more than a month in a medically-induced coma and numerous surgeries, "Bou Bou" Phonesavanh left the hospital with more than \$1,000,000 in medical bills. But when the hospital asked county officials to pay for their SWAT team's mistake, they refused. And a controversial grand jury decision left a family and a community calling for justice. Matt Gutman reports.

#### **PACKAGE THEFTS**

This season over one billion packages will be delivered, and with so many of those dropped on doorsteps, thieves see an opportunity to swipe some pricey loot. But homeowners around the country are getting more creative in their attempts to combat package pilferers. One family in West Virginia rigged their house up with cameras and when presents they'd ordered disappeared they went straight to the videotape. Plus, a Portland, Oregon police department has taken it upon themselves to become Santa's newest helpers – returning the stolen items to families all over and ensuring this Grinch won't steal Christmas. Matt Gutman reports.

Friday, December 26, 2014

#### **HOME FOR THE HOLIDAYS**

Hannah Overton spent the past seven holiday seasons in jail, serving time for the 2006 death of her son Andrew. She was convicted of neglecting to get Andrew medical care when he grew ill. He died of hypernatremia (salt poisoning). Her defenders say Andrew had behavioral and eating problems that caused his acute and rare illness. Just last week, an appeals court in Texas overturned the conviction, and Overton was released from jail. "20/20" reports.
