| 125,000 youth in the U.S. foster care system are currently waiting for adoptive families, and only 5% of all children adopted in 2017 were between the ages of 15 and 18. For National Adoption Month this November, encourage potential parents to consider adoption. |
| Run these PSAs during February for American Heart Month to encourage viewers who have stopped following their HBP management plan to partner with their doctor, get back on a plan, and get their numbers to a healthy range. |
| PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes. |
| ensure they continue to thrive. |
| Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving. |
| The CDC created this public service announcement as part of their education effort National, Become Aware of Antibiotics, which aims to raise awareness among health care providers, patients and their families about resistance to antibiotics and the importance of taking antibiotics as directed. |
| United Way's suite of "Join the Fight" PSAs show people who we are, what we fight for and why it matters. We shed light on the harsh realities of the work we do where viewers live, in an effort to galvanize audiences to join the fight for health, education and economic opportunity. |
| RBFF works to increase public awareness of the need to protect and restore the nation's aquatic natural resources. That's why this new PSA encourages viewers to obtain a fishing license, thereby contributing to their local conservation efforts. The campaign also features a new PSA that highlights the importance of protecting our waterways. |
| Prediabetes can be reversed with early diagnosis. 1 in 3 American adults has prediabetes. That means you, your boss, or your boss's boss could have prediabetes and be at high risk for developing type 2 diabetes. Air PSAs to remind viewers how many Americans have prediabetes and how it can be reversed. |
| Al-Anon Family Groups in your community offer hope and help to family and friends who have been affected by a loved one's drinking, including 40 percent of Al-Anon members who first came to meetings because a friend or relative had a drug problem. |
| This new public service announcement from the Department of Homeland Security offers information about the importance of informing the authorities of any suspicious activity. The PSA communicates the key message "If you see something say something." |
| Helps viewers realize that they can make a big difference in their community by donating to Goodwill. |
| Communities In Schools (CIS) works within schools, one-on-one with students in communities across the country to help them with basic needs such as food, clothing and housing... as well as more complex problems such as emotional counseling. CIS brings to life the power of community. |
| ensure they continue to thrive. |
| Helps viewers realize that they can make a big difference in their community by donating to Goodwill. |
| We hope you can help inform your audience about the need for ethnically diverse blood stem cell donors by transmitting the new public message entitled "Alfredo" (: 60y: 30). The message highlights the need for Hispanic and Latino donors, and the unique opportunity to help someone in need. |
| This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming stories of adoption. |
| PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes. |
| take action and report it. |
| Al-Anon Family Groups in your community offer hope and help to family and friends who have been affected by a loved one's drinking, including 40 percent of Al-Anon members who first came to meetings because a friend or relative had a drug problem. |

This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming stories of families who have adopted older children.

PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes. Run these PSAs during February for American Heart Month to encourage viewers who have stopped following their HBP management plan to partner with their doctor, get back on a plan, and get their numbers to a healthy range.

ensure they continue to thrive.

Child Car Safety: Make Sure Kids Are In The Right Car Seat: Motor vehicle crashes are a leading cause of death for children under 13. PSA's tell parents how their love for their children extends to car safety. This means knowing the right seat for the child and how to use it properly.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the many benefits of outdoor activities.

This new public service announcement from the Department of Homeland Security offers information about the importance of informing the authorities of any suspicious activity. The PSA communicates the key message "If you see something say something."

Child Car Safety: Make Sure Kids Are In The Right Car Seat: Motor vehicle crashes are a leading cause of death for children under 13. PSA's tell parents how their love for their children extends to car safety. This means knowing the right seat for the child and how to use it properly.

Run these PSAs during February for American Heart Month to encourage viewers who have stopped following their HBP management plan to partner with their doctor, get back on a plan, and get their numbers to a healthy range.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the many benefits of outdoor activities.

Communities In Schools (CIS) works within schools, one-on-one with students in communities across the country to help them with basic needs such as food, clothing and housing... as well as more complex problems such as emotional counseling. CIS brings to the table a wealth of resources and expertise to help students succeed in school and in life.

Removing unused, unwanted or expired opioid medications from the home is a key strategy in addressing the opioid crisis in the United States. The information included in these FDA PSAs will act as a call to action to encourage consumers to dispose of these medications safely.

Over 5 million Americans live with Alzheimer's, but less than half are diagnosed. Acknowledging why your loved one is acting differently is hard, but early detection and care can make a difference in managing the disease. Help families start the conversation with their doctor.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the many benefits of outdoor activities.

The PSAs — which are directed towards men between the ages of 21 and 35 —inspire young men to examine their behavior and take responsibility for their own decision to get behind the wheel after having a few drinks. PSAs emphasize that if you have to ask your friend to drive, you should not get in the car.

Inspire adults to go after diplomas, dreams -- and more. Adults who complete their high school education can tap into a wealth of benefits, including greater career options, household income, and opportunities to become role models to their families and communities.

We hope you will communicate to your viewers a valuable breast cancer information and education resource by airing the new Public Service Announcement (PSA) titled "One In Eight Women" (: 30, : 15). In this PSA, Cinthia González shares how breast cancer is diagnosed and how to take action and report it.

"Not Just Words" Public Service Television Announcements (: 60 and : 30) Public service television announcements titled "Not Just Words," available in English and Spanish, demonstrate the signs and symptoms of gynecologic cancer. The announcer encourages women to get regular gynecological exams and to report any changes to their doctor.

The CDC created this public service announcement as part of their education effort National, Become Aware of Antibiotics, which aims to raise awareness among health care providers, patients and their families about resistance to antibiotics and the importance of taking antibiotics as directed.

Helps viewers realize that they can make a big difference in their community by donating to Goodwill.

125,000 youth in the U.S. foster care system are currently waiting for adoptive families, and only 5% of all children adopted in 2017 were between the ages of 15 and 18. For National Adoption Month this November, encourage potential parents to consider adopting older children.

This PSA informs the audience about the need for ethnically diverse blood stem cell donors. The message highlights the need for Hispanic and Latino donors, and the unique opportunity to save someone's life. It encourages viewers to visit the website to learn more and to donate.

Millions of Americans are building a life in recovery. Inspire a million more. Recovery is possible, and that is something to celebrate. Show people facing mental and substance use disorders that hope, help, and support are available. Post Your Recovery Day.

It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them plan and prepare.

Prediabetes can be reversed with early diagnosis. 1 in 3 American adults has prediabetes. That means you, your boss, or your boss's boss could have prediabetes and be at high risk for developing type 2 diabetes. Air PSAs to remind viewers how many Americans have prediabetes and how to take action.

PSA about organ donation

DAV is a nonprofit charity that provides a lifetime of support for veterans of all generations and their families, helping more than 1 million veterans in positive, life-changing ways each year. With nearly 1,300 chapters and more than 1 million members across the country, DAV is committed to helping veterans and their families.

It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them plan and prepare.

and recovery is possible.

take action and report it.

The CDC created this public service announcement as part of its national educational effort Beat Blood Poisoning... aimed at emphasizing the importance of early identification of blood poisoning and the timely treatment...as well as the importance of preventing blood poisoning.

It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them plan and prepare.

Project Roadblock is a multiplatform drunk driving prevention campaign exclusive to local broadcast television stations and is the largest annual station-supported initiative of a single PSA campaign. Sponsored by TVB, the U.S. Department of Transportation, and the National Highway Traffic Safety Administration.

125,000 youth in the U.S. foster care system are currently waiting for adoptive families, and only 5% of all children adopted in 2017 were between the ages of 15 and 18. For National Adoption Month this November, encourage potential parents to consider adoption.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the magic of nature.

Prediabetes can be reversed with early diagnosis. 1 in 3 American adults has prediabetes. That means you, your boss, or your boss's boss could have prediabetes and be at high risk for developing type 2 diabetes. Air PSAs to remind viewers how many Americans are at risk.

This new public service announcement from the Department of Homeland Security offers information about the importance of informing the authorities of any suspicious activity. The PSA communicates the key message "If you see something say something."

It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them prepare.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the magic of nature.

Millions of Americans are building a life in recovery. Inspire a million more. Recovery is possible, and that is something to celebrate. Show people facing mental and substance use disorders that hope, help, and support are available. Post Your Recovery day.

Inspire adults to go after diplomas, dreams -- and more. Adults who complete their high school education can tap into a wealth of benefits, including greater career options, household income, and opportunities to become role models to their families and communities.

We hope you will communicate to your viewers a valuable breast cancer information and education resource by airing the new Public Service Announcement (PSA) titled "One In Eight Women" (: 30, : 15). In this PSA, Cinthia González shares how breast cancer is diagnosed and treated.

Millions of Americans are building a life in recovery. Inspire a million more. Recovery is possible, and that is something to celebrate. Show people facing mental and substance use disorders that hope, help, and support are available. Post Your Recovery day.

It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them prepare.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the magic of nature.

The CDC created this public service announcement as part of its national educational effort Beat Blood Poisoning... aimed at emphasizing the importance of early identification of blood poisoning and the timely treatment...as well as the importance of prevention.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the magic of nature.

DAV is a nonprofit charity that provides a lifetime of support for veterans of all generations and their families, helping more than 1 million veterans in positive, life-changing ways each year. With nearly 1,300 chapters and more than 1 million members and volunteers.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the magic of nature.

Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the magic of nature.

This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming stories.

PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes.

The CDC created this public service announcement as part of their education effort National, Become Aware of Antibiotics, which aims to raise awareness among health care providers, patients and their families about resistance to antibiotics and the importance of taking them as directed.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the magic of nature.

ensure they continue to thrive.

AZA's campaign to support the preservation and care of wild animals highlights the value of zoos and aquariums, as well as the critical role their employees play. They are highly competent and dedicated to promoting the cause. While the campaign will continue, we are proud to highlight the work of our employees.

An impactful/emotional/moving/poignant new public service announcement (PSA) campaign, by Somos Una Voz, a charitable services fund at the Entertainment Industry Foundation, a 501(c)(3) charity, highlights the critical need for aid in areas of Puerto Rico.

PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes.

take action and report it.

Prediabetes can be reversed with early diagnosis. 1 in 3 American adults has prediabetes. That means you, your boss, or your boss's boss could have prediabetes and be at high risk for developing type 2 diabetes. Air PSAs to remind viewers how many Americans are at risk.

Communities In Schools (CIS) works within schools, one-on-one with students in communities across the country to help them with basic needs such as food, clothing and housing... as well as more complex problems such as emotional counseling. CIS brings to life the power of community.

New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the magic of nature.

This new public service announcement (PSA) in Spanish from Department of Homeland Security (DHS) offers information about the importance of informing the authorities of any suspicious activity. The PSA Communicate the key message: "If you see something, say something."

Over 5 million Americans live with Alzheimer's, but less than half are diagnosed. Acknowledging why your loved one is acting differently is hard, but early detection and care can make a difference in managing the disease. Help families start the conversation.

|--|
| Run these PSAs during February for American Heart Month to encourage viewers who have stopped following their HBP management plan to partner with their doctor, get back on a plan, and get their numbers to a healthy range |
| 125,000 youth in the U.S. foster care system are currently waiting for adoptive families, and only 5% of all children adopted in 2017 were between the ages of 15 and 18. For National Adoption Month this November, encourage potential parents to consider adoption and ensure they continue to thrive. |
| Removing unused, unwanted or expired opioid medications from the home is a key strategy in addressing the opioid crisis in the United States. The information included in these FDA PSAs will act as a call to action to encourage consumers to dispose of these medications. |
| Communities In Schools (CIS) works within schools, one-on-one with students in communities across the country to help them with basic needs such as food, clothing and housing... as well as more complex problems such as emotional counseling. CIS brings to the table a wealth of resources and expertise to help students succeed. |
| The PSAs — which are directed towards men between the ages of 21 and 35 —inspire young men to examine their behavior and take responsibility for their own decision to get behind the wheel after having a few drinks. PSAs emphasize that if you have to ask your doctor for help, you're not alone. |
| AZA's campaign to support the preservation and care of wild animals highlights the value of zoos and aquariums, as well as the critical role their employees play. They are highly competent and dedicated to promoting the cause. While the campaign will continue, the staff's dedication remains constant. |
| For children battling a critical illness, a wish is more than just a dream. It can be a turning point in their lives. Wishes can give kids the strength to fight, to get better ... to grow up. And, it can help families focus on the possibilities of tomorrow. |
| It's estimated that nearly every area in the U.S. will deal with an emergency in the next decade. Planning ahead and knowing what alerts to look for when a disaster strikes can help you be prepared. PSAs direct viewers to Ready.gov as a resource to help them prepare. |
| Run these PSAs during February for American Heart Month to encourage viewers who have stopped following their HBP management plan to partner with their doctor, get back on a plan, and get their numbers to a healthy range |
| The PSAs titled "Community Garden" were produced by CDC's Screen for Life: The National Campaign for Action Against Colorectal Cancer. They use animation and overlapping storytelling to address misconceptions about colorectal cancer and screening, such as the fear of surgery and recovery is possible. |
| PSA helps adults learn the risks of having prediabetes develop into type 2 diabetes. |
| Child Car Safety: Make Sure Kids Are In The Right Car Seat: Motor vehicle crashes are a leading cause of death for children under 13. PSA's tell parents how their love for their children extends to car safety. This means knowing the right seat for the child. |
| Drunk driving claims a life every 50 minutes. Save lives by preventing drunk driving. |
| New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the many benefits of nature. |
| Removing unused, unwanted or expired opioid medications from the home is a key strategy in addressing the opioid crisis in the United States. The information included in these FDA PSAs will act as a call to action to encourage consumers to dispose of these medications. |
| This campaign spotlights the need to find permanent families for teens, who have lower overall adoption rates and wait longer to be adopted than younger children. The newest PSAs highlight this need by reminding parents that there are plenty of heartwarming stories of successful adoptions. |
| The PSAs — which are directed towards men between the ages of 21 and 35 —inspire young men to examine their behavior and take responsibility for their own decision to get behind the wheel after having a few drinks. PSAs emphasize that if you have to ask your doctor for help, you're not alone. |
| New Discovering Nature PSAs remind parents and caregivers that trails are a family's guide to the transformative power of discovery in the forests and parks near them. Help families this fall experience nature near them by running PSAs highlighting the many benefits of nature. |
