1:48 SEGMENT 1: THE FALL OF THERANOS 9: Synopsis: The rise and fall of the now defunct blood-testing company Theranos has captivated the attention of millions and exposed the dark side of the startup culture in Silicon Valley. Elizabeth Holmes, founder and CEO of Theranos, is awaiting trial next summer, facing felony charges for allegedly defrauding the public. We speak with Stanford professor Dr. Phyllis Gardner who doubted Holmes from the very beginning. Host: Gary Price. Guests: Dr. Phyllis Gardner, professor of medicine, clinical pharmacology at Stanford University Links for more information: https://www.vsi.com/articles/theranos-has-struggled-with-blood-tests-1444881901 https://www.bloomberg.com/articles/theranos-has-struggled-with-blood-tests-1444881901 https://www.bloomberg.com/research/stocks/private/person.asp?personld=651631&privcapld=428844467 https://www.bloomberg.com/research/stocks/private/person.asp?personld=651631&privcapld=428844467 https://www.bloomberg.com/research/stocks/private/person.asp?personld=651631&privcapld=428844467 Synopsis: In today's fast-paced world, it can be tough to start anew or slow down and reexamine what you're working towards. We speat with journalist and author David Epstein who argues that switching focuses and developing a wide range of skillsets ultimately leads to greater success. Host: Marty Peterson. Guests: David Epstein, journalist and author of The Sports Gene: Inside the Science of Extraordinary Athletic: Performance and Range: Why Generalists Triumph in a Specialized World Links for more info: https://www.davidepstein.com/, https				Jason Dickey
