7/3/2020	Columbus Metropolitan Club- Social Determinants of Health	60	9:00 PM	22.6	The CDC tells us conditions in the places where people live, learn, work, and play affect a wide range of health risks and outcomes. These conditions are known as social determinants of health (SDOH). We know that poverty limits access to healthy foods and safe neighborhoods and that more education is a predictor of better health. We also know that differences in health are striking in communities with poor SDOH such as unstable housing, low income, unsafe neighborhoods, or substandard education. By applying what we know about SDOH, we can not only improve individual and population health but also advance health equity. These issues have become glaring obvious during the current pandemic. How can improvement be made for those adversely impacted? Featuring Dr. J. Nwando Olayiwola, Chair & Professor of the Department of Family and Community Medicine and Robert "Bo" Chilton, CEO, IMPACT Community Action, host Greg Moody, Interim Executive Director, John Glenn College of Public Affairs, The Ohio State University.

7/10/2020	Columbus Metropolitan Club- Racism: Where Do We Go From Here? How Media Perpetuates Bias	60	9:30 PM	22.6	One form of media bias or perceived media bias occurs when journalists, news producers and mass media outlets select events to cover and how they are reported. It's a subjective judgement about if and when bias occurs, but countless studies reveal examples, such as the word 'black' being used as many as three times more frequently in news stories than the word 'white', which can condition viewers to associate Black people with negative news and crime. Our panelists will examine today's media bias, intentional or inadvertent, how it is perpetuated and by whom. How will the current climate and the Black Lives Matter movement impact media bias and stereotyping? Featuring Kyle Strickland, Senior Legal Analyst, OSU Kirwan Institute for the Study of Race & Ethnicity, Angela Pace, Director of Community Affairs , WBNS 10TV and Jerry Revish, Retired Co-Anchor WBNS 10TV.

7/17/2020	Columbus Metropolitan Club- Racism: Where Do We Go From Here? Young Black Women Speak	60	9:30 PM	22.6	Young people taking the lead in revolutions around the world from the Arab Spring to the Hippies of the '60s to global warming to the current Black Lives Matter is a well-documented phenomenon. Young people are long recognized as energized change agents. In a June 12 article in the Columbus Dispatch former Columbus Mayor Michael B. Coleman says "I absolutely believe it's our young folks who are going to make the difference in this, (systematic racism) more than any other time. They have the ideas, the energy, the passion. They need to be substantially at the table to engage in this process. Otherwise it won't work." Community leaders are seeing young people around the country and world standing up and making their voices heard, which some believe will be the catalyst to transform government and business policies and practices, as well as minds and cultural mores. in the second half of our series with listening to young people's voices, we will have young Black women speak to us. Featuring Olivia Pierre-Louis, Student at Columbus Academy, Jenae Talison, Student at Tennessee University, and Brooke Rayford, Americorps VISTA and Public Information Officer, City of Columbus, Department of Neighborhoods My Brother's Keeper Village Program will host.

7/24/2020	Columbus Metropolitan Club- Racism: Where Do We Go From Here? The Bias Hidden Within You	60	9:00 PM	22.6	<p>“We all want positive, productive, and genuine relationships—whether it’s with our family, friends, peers, coworkers, or romantic partners. And yet, time and time again, we all seem to make the same thinking errors that threaten or sabotage these relationships. These errors are called cognitive bias, and they happen when our brain attempts to simplify information by making assumptions.” from The Blind Spots Between Us by Dr. Gleb Tsipursky. CMC will host a discussion of how implicit bias is viewed in the context of structural racism. As The National Equity Project writes, ‘In order to lead to meaningful change, any exploration of implicit bias must be situated as part of a much larger conversation about how current inequities in our institutions came to be, how they are held in place, and what our role as leaders is in perpetuating inequities despite our good intentions. Our success in creating organizations, schools, and communities in which everyone has access to the opportunities they need to thrive depends on our willingness to confront the history and impacts of structural racism, learn how bias (implicit and explicit) operates, and take action to interrupt inequitable practices at the interpersonal, institutional and structural level.’”</p> <p>Featuring Dr. Gleb Tsipursky, CEO, Disaster Avoidance Experts, LLC and Dr. Melissa Crum, Founder, Mosaic Education Network, LLC with host Orié Givens, Reporter, Spectrum News 1</p>

8/1/2020	Columbus Metropolitan Club- Racism: Where Do We Go From Here? Judicial Reform	60	7:00 PM	22.6	A post on the The American Bar Association website dated January 29, 2020 by Andrea Kupfer Schneider and Cynthia Alkon, states, "As a nation, we pour tremendous resources into our criminal justice system, from the cost of policing to courts, lawyers, probation and parole officers, and prisons. Some states are spending more incarcerating their citizens than educating them. In the face of this kind of public spending and the serious impacts on so many communities, we could use more idealism. We could use people who think, no matter how corny (or overwhelming or impossible) it might sound, that we can make this world a better place." In light of the recent protests, CMC's panel will discuss what is being done, and what could be done in the movement for Judicial Reform. Featuring Diane Menashe, Partner and Director of Litigation Training & Pro Bono Activities, Ice Miller, LLP and Laurel Beatty Blunt, Judge, 10th District Court of Appeals, State of Ohio with host Carter Stewart, Managing Director, Draper Richards Kaplan Foundation, former presidentially-appointed U.S. Attorney, Southern District of Ohio.

Fighting Voter Suppression While Guaranteeing Fair Elections	60	7:00 PM	22.6	“Our democracy is at its best and most functional when every citizen has an equal opportunity to have their voice heard.” Human Rights Campaign. There’s a balancing act going on in Ohio and many other places in the country. The balance between partisan-driven attempts to suppress voters representing certain demographics, with the right and desire for every eligible voter to cast their ballot, while wrestling with outdated technology that can create unintended obstacles for voters. Voter suppression is a historical and current reality. Local advocates and State leaders seek to make voting accessible and fair for all. What is ahead this year as Ohioans go to the polls? 9/12/2020	Columbus Metropolitan Club- Stand Up, Be Counted: Census 2020	60	7:00 PM	22.6	“The census was political from the very beginning and remains so,” former Census Bureau director Kenneth Prewitt wrote in an essay almost two decades ago. Although the science of measurement is used to complete the task as accurately as possible, the central purpose of the census remains: to shift power from one set of interest to another.” Politics seems more determined than usual in the unusual year of 2020 to use the census for political gain. At stake, as Prewitt wrote, “is the shift of power.” (Columbus Dispatch, August 29, 2020). Add the coronavirus pandemic to this process and suddenly what was already arduous becomes even more difficult. Census workers may be more hesitant to go into neighborhoods to ferret out those households that have not filled out their census questions. People might also be much less likely to open the door for a stranger during this time. Our panel will discuss the efforts to complete the census, the importance of the data, and the consequences of an incomplete count. Featuring Dr. Tracy Nájera , Executive Director, Children’s Defense Fund-Ohio, Erin Scott, Executive Director, Ohio Women’s Alliance, Kevin Boyce, Franklin County Commissioner and host, Carol Luper, Retired Journalist.
