WMCA RADIO

ISSUE / PROGRAM LIST

WMCA radio on a continuing basis seeks to stay informed regarding the issues, problems and needs of its service area. This is accomplished in part through meetings with prominent and informed leaders in the community. WMCA also utilizes informal contacts with community leaders and general media sources outside of our organization (i.e. TV, radio and print media), WMCA management, through membership in civic and charitable organizations maintains active involvement dealing with problems and issues confronting our community. Information is also obtained through general issue-oriented material sent to the station and to station personnel. In this report, WMCA will list the issues it has determined to be of major local concern and will list some of the programming avenues taken to address those issues.

01/05/22	Wednesday	3:19:49 PM	WMCA (AM)	Americans and Westerners generally need to become acquainted with Wang and his world view, which—in quick summary—is that the West is diseased and crumbling, and that China needs better and new core values. Facile agreement with Wang does not help the West regain its footing. A focus on what made the West great —common purpose built around “mere Christianity”— would serve us well and might serve China, indeed.

01/13/22	Thursday	10:03:16 PM	WMCA (AM)	As we’ve seen with Dr. Fauci—those who control agencies are shielded from accountability. In a representative democracy like ours, that’s a problem—one we should start addressing now.

01/14/22	Friday	3:30:56 PM	WMCA (AM)	That’s education. Youngkin’s opponent, Terry McAuliffe, said parents shouldn’t be telling schools what they should teach. In light of the pernicious doctrine being spread under the rubric of critical race theory, that was a serious mistake. Governor Youngkin must stand by his promise to ban CRT from the classroom on “Day one.”

01/17/22	Monday	5:01:21 PM	WMCA (AM)	Perhaps we should not have expected much better from the president who once told an audience of black voters that Mitt Romney would "put y'all back in chains." Joe Biden's track record for demagoguery and dishonesty goes back decades, but the absolutist smears in his speech in Georgia last week were astonishing—even for Biden.

01/18/22	Tuesday	11:57:32 PM	WMCA (AM)	The hard-Left turn by Biden and Democrats have pushed voters into the GOP's camp. They have virtually ignored inflation, the supply chain crisis, and pandemic mitigation to pursue their hobby-horse radical agendas.

01/20/22	Thursday	3:04:26 PM	WMCA (AM)	Multiple peer-reviewed studies have demonstrated Ivermectin’s efficacy in treating COVID. But the larger point is this: How dare Mayo clinic and the courts deny a patient’s own family any voice in the treatment of their loved one?

01/24/22	Monday	9:56:10 PM	WMCA (AM)	It paints a disturbing picture of an administration determined to use high office to paint—and worse, prosecute—their political opponents as domestic terrorists. It’s abusive, it’s un-American, and it must be stopped.

01/26/22	Wednesday	5:53:38 AM	WMCA (AM)	The Supreme Court has just agreed to hear a pair of cases challenging race-based affirmative action at Harvard and the University of North Carolina. It could signal the death knell for the legal regime establishing “diversity” as the rationale for considering skin color in college admissions.

01/28/22	Friday	3:40:31 PM	WMCA (AM)	Years ago, left-wing television commentator Melissa Harris-Perry said the quiet part out loud: “We have to break through our kind of private idea that kids belong to their parents or kids belong to their families and recognize that kids belong to whole communities. This is the outlook that leftists in government and elsewhere have long promoted. The proposed law just represents another effort to undermine parental authority—and arrogate it to the state.

01/31/22	Monday	9:27:55 AM	WMCA (AM)	We should continue to engage in our current era of history with the hopeful optimism of a Ronald Reagan. The American story has chapter after chapter when the future looked ominous and bleak—but renewal was in the wings.

02/02/22	Wednesday	5:00:59 PM	WMCA (AM)	A new NBC poll asked respondents if they trust the CDC. 44 percent said yes; 43 percent said no. That’s a crisis of trust, especially in Tony Fauci. It’s a new so-called “credibility gap”—and it is itself a public health crisis.

02/03/22	Thursday	2:28:43 PM	WMCA (AM)	Inflation, shortages, the pandemic, and crime touch most Americans' lives every day, either directly or indirectly. Spiking crime rates limit our freedom of movement. Inflation erodes our buying power, while pandemic policies and the supply chain crisis keep grocery shelves empty. Yet Democrats remain focused on their climate-change policy in Congress while President Biden demands even more inflationary spending to buy votes.
