WMCA RADIO

ISSUE / PROGRAM LIST

WMCA radio on a continuing basis seeks to stay informed regarding the issues, problems and needs of its service area. This is accomplished in part through meetings with prominent and informed leaders in the community. WMCA also utilizes informal contacts with community leaders and general media sources outside of our organization (i.e. TV, radio and print media), WMCA management, through membership in civic and charitable organizations maintains active involvement dealing with problems and issues confronting our community. Information is also obtained through general issue-oriented material sent to the station and to station personnel. In this report, WMCA will list the issues it has determined to be of major local concern and will list some of the programming avenues taken to address those issues.

10/4/2021	3:00:45 PM	SNN Editorial	This bill would allow for sex-selection abortions. It would allow for abortion of unborn babies marked by the genetic pattern for down syndrome. It would effectively do away with all state-level restrictions on abortion. And: It would effectively allow those abortions all the way up until the point of birth.

10/18/2021	12:18:27 AM	SNN Editorial	While Governor Newsom celebrates, the rest of his state is suffering. The off-road engine mandate will make life infinitely more difficult for thousands of small businesses. California has the highest rate of homelessness in the country – with more than a quarter of America’s homeless living there. And his state has the second highest unemployment in our nation, and saw a whopping 31 percent jump in homicides last year.
