DID YOU KNOW OVER 25 WOMEN IN HUMBOLDT COUNTY ARE PROJECTED TO DIE FROM BREAST CANCER NEXT YEAR?

THAT'S WHY THE LOCAL AMERICAN CANCER SOCIETY CHAPTER IS SUPPORTING A NEW STUDY THAT ADVISES WOMEN IN THE 40'S RECEIVE THEIR MAMMOGRAMS.

NEWS CHANNEL THREE'S ANDREA MARVIN JOINS ME IN THE STUDIO AND EXPLAINS MORE ANDREA?
((ANDREA))

BETSY, YOU MAY RECALL LAST YEAR, THERE WAS A STUDY THAT SPARKED REACTION, THAT CLAIMED WOMEN SHOULD WAIT UNTIL THEY ARE 50 TO GET A MAMMOGRAM.

WELL, NOW THERE'S A NEW STUDY OUT CHALLENGING THAT FINDING, WHICH SAYS WOMEN SHOULD RECEIVE THE TESTING IN THEIR 40'S. WHICH IS THE AMERICAN CANCER SOCIETIES GUIDELINES.

STILL HERE BECAUSE OF EARLY DETECTION. AND

THAT'S WHY BET IS GLAD TO SEE A NEW STUDY
OUT WHICH SHOWS WOMEN WHO RECEIVE
MAMMOGRAMS IN THEIR 40'S, HAVE A 26-PERCENT
LOWER RISK OF DIEING FROM THE DISEASE.

THIS CONTRADICTS LAST YEARS STUDY, WHICH
ADVISED WOMEN TO WAIT UNTIL THERE 50.

"if you are a survivor under the age of 50 or the survivors
family or loved ones, you know why you should get a
mammogram at least by age of 40, I'm not a statistic I'm a
person."

ONE PERSON AMONG HUNDREDS OF WOMEN
EFFECTED BY BREAST CANCER IN THE AREA

'in Humboldt county its projected that in the next year there
will be 1-hundred females diagnosed, 25 of them will die
from the disease."

BARBARA WALSER SAYS THE AMERICAN CANCER
SOCIETY HAS ALWAYS ADVISED WOMEN TO GET
TESTED IN THEIR FORTIES.

BUT THAT SHE'S GLAD THAT ANOTHER STUDY IS
OUT SINCE LAST YEARS, TO PROTECT WOMEN'S
HEALTH.

"so it just seemed we were taking a tool away from female,
and women were mixed up, they didn't know, some people
say we should start at 40, some say 50, I don't know what to
do, I don't want to do anything."

WHICH IS THE LAST THING YOU SHOULD DO..

"Three is you know enough for me to take care of so I can focus on each and every one of them."

BUT THE DECISION ABOUT WHICH BIRTH CONTROL TO USE WASN'T SO SIMPLE.

(SOT Tammy Tran, Essure Patient)

"I tried the patch, the Depo shot, the birth control pills, and the IUD and not one of them worked out great for me."

THAT'S WHEN HER DOCTOR SUGGESTED THE ESSURE PROCEDURE. TWO COILS ARE PLACED INTO THE FALLOPIAN TUBES THROUGH THE CERVIX. SCAR TISSUE FORMS AROUND THE INSERTS AND BLOCKS THE TUBES. AN XRAY TEST IS DONE THREE MONTHS LATER TO CONFIRM THE TUBES ARE BLOCKED. AT THAT POINT, ESSURE IS 99.7% EFFECTIVE.

(SOT Dr. Scott Kramer, Gynecologist)

"There's really no long term problems with having these inserts in your tubes. They're similar to stents put in a person's heart."

(STANDUP Vicky Nguyen, Reporting)

"Essure was FDA approved in 2002, but Dr. Kramer says only about 30 percent of women choose the procedure. The rest opt for tubal ligation. But that's a trend that may be changing."

HUNDREDS OF BRITISH HOMES ARE ABOUT TO START USING A NEW POWER SOURCE THAT TURNS EVERYDAY WASTE INTO EVERYDAY ENERGY.

British Gas 1:21-1:26

(-- PKG --)

(nat)

Kathryn Rushton is one of the first customers in Britain to cook on green gas.

(nat)

It burns like ordinary gas, it smells like ordinary gas, but in fact it's made from a raw material that comes from Kathryn's house- sewage.

(sol/ Kathryn Rushton/ Gas Customer :18-:36)

"It doesn't put me off, no, because I know it's the same gas and it's being cleaned up before it goes into the network. I told my children about it, I was telling them, and they wrinkled their nose up at first, but after that when I told them the gas was being cleaned up and it was the same chemical composition, then they were fine about it."

(nat)

So how do they turn smelly sewage into enough clean gas for 200 households?

Well, they use bacteria to digest the sewage in these tanks to produce methane...in effect, renewable green gas.

(sof/ Lawrence McGinty/ Reporting :54-1:09)

"The tank I'm standing on holds thousands and thousands of gallons of sewage sludge. It's gently heated to about 36 degrees, so that it digests just like it would in a cow's stomach to produce methane, natural gas."

They clean it up in these two towers and inject chemicals to make it smell like ordinary gas so customers can detect leaks.

And this two-and-a-half million dollar plant could be the first of many.

(sof/ Martin Orrill/ British Gas 1:21-1:34)

"If you had a small gas works in every town making renewable gas, we think that about 15 percent of the U-K's gas could come from renewable sources, which is great because every cubic meter of gas that goes into the system is one less that we buy from abroad."

The government says it's committed to that expansion, but facing cuts in public spending, they won't promise subsidies the industry says are essential to fire up a new industry.

they’ll do it anyway.”

HOWEVER, THIS TIME AROUND IT WILL COST
THEM SOME BIG BUCKS... OVER 5-THOUSAND

SUSPECTS REMAIN AT LARGE AND CHEVRON IS SEARCHING FOR SOLUTIONS TO THE ONGOING ISSUE.

developed a cough, which was a really deep cough in their lungs and it
was kind of scary to hear it."

WHEN TWO OF JOANNE WALLINGTON'S THREE CHILDREN CAME
DOWN WITH THE FLU LAST YEAR, SHE WAS CONCERNED ABOUT
TREATING THEM. OVER-THE-COUNTER COLD AND COUGH
MEDICINES WERE RECENTLY DEEMED HARMFUL FOR KIDS
UNDER SIX YEARS OLD, LEAVING HER WITHOUT A LOT OF
OPTIONS.

(SOT Joanne Wallington, Mother)

"There wasn't much we could give them since they pulled everything from
the shelves, so I had to give them a lot of TLC, which means we gave
them chicken noodle soup. We gave them orange juice as much as we
could."

WHILE WALLINGTON SAYS SHE WAS AWARE OF RECENT
CHANGES IN FDA GUIDELINES ON GIVING KIDS SOME
MEDICATIONS, A NEW STUDY IS SHOWING THAT NEARLY TWO
THIRDS OF PARENTS MAY HAVE NO IDEA OF THE RISKS
ASSOCIATED WITH COUGH AND COLD MEDICINES.

(SOT Dr. Ivor Horn, Pediatrician)

"I always tell my parents and I remind them that medications have side effects and cough and cold medications are not necessarily meant for younger children, even though that's what it says on the bottle."

CHILDREN'S NATIONAL MEDICAL CENTER PEDIATRICIAN, DR. IVAN HORN, SAYS SIDE EFFECTS INCLUDE INCREASED HEART RATE AND CONVULSIONS.

THERE'S ALSO LITTLE EVIDENCE THAT THESE DRUGS ARE EVEN EFFECTIVE IN CHILDREN UNDER 2 YEARS OLD.

HORN SAYS PARENTS SHOULD FOCUS ON PREVENTION.

(SOT Dr. Ivor Horn, Pediatrician)

"Making sure they wash their hands, that their children wash their hands. Making sure that they cover their cough, and when they cough, cough into the bend of your shoulder instead of coughing into your hands."

BUT FOR MOST YOUNG CHILDREN, ESPECIALLY THOSE AT DAY CARE AND SCHOOL, IT CAN BE VIRTUALLY IMPOSSIBLE TO AVOID GERMS. HORN SAYS WHEN KIDS DO BECOME SICK, GIVE THEM A FEVER REDUCER IF THEIR TEMPERATURE IS OVER 100.5. A LUKEWARM BATH CAN ALSO HELP.

WHEN IT COMES TO COUGHING AND SNEEZING, THERE ISN'T A WHOLE LOT PARENTS CAN DO. A HUMIDIFIER CAN HELP RELIEVE SOME CONGESTION CHICKEN NOODLE SOUP AND NON-CAFFEINATED TEA CAN BE SOOTHING. BUT FOR THE MOST PART, HORN SAYS KIDS NEED TO JUST RIDE IT OUT.

(SOT Dr. Ivor Horn, Pediatrician)

"The wonderful thing about the body is that the things that we do are for a reason. Coughs do bring up the fluid and the congestion and helps the child feel better. But we don't recommend that you give the child anything to suppress that cough for a reason."

JOANNE WALLINGTON AND HER FAMILY ARE HOPING TO AVOID ANOTHER BOUT WITH FLU THIS YEAR, SO THEY'RE FOCUSING ON PREVENTION ... FLU SHOTS, WASHING HANDS AND STAYING HEALTHY.

(SOT Joanne Wallington, Mother)

"We'd rather prevent, than have to medicate when cold and flu gets here."

THIS IS SAVANNAH PEREIRA...HAPPY, HEALTHY...THE WEEK BEFORE HER TEN MONTH LIFE WAS CUT SHORT.

(SOT Charley Pereira, Savannah's Father)

"We spent a lot of time outdoors with her. Outside in the backyard picking flowers, teaching her bugs and butterflies."

LIKE ALL PARENTS, SAVANNAH'S MOM AND DAD BOUGHT ALL THE EQUIPMENT TO KEEP A BABY HAPPY AND HEALTHY. TOYS, HIGH CHAIRS, AND MOST IMPORTANT FOR SAFETY, THEY THOUGHT, A BABY MONITOR SIMILAR TO THIS ONE TO LISTEN AND WATCH HER WHEN SHE WAS IN HER CRIB.

(SOT Charley Pereira, Savannah's Father)

"It's natural for parents to want to have whatever technology available to them to better assure the safety of their child."

SAVANNAH'S PARENTS KNEW THE MONITOR HAD TO BE PLACED WHERE SHE COULD NOT REACH IT, BUT CLOSE ENOUGH TO HEAR AND SEE HER. WHAT THEY DIDN'T KNOW WAS THAT FATEFUL

DAY, SAVANNAH HAD LEARNED TO PULL HERSELF UP IN HER CRIB.

(SOT Charley Pereira, Savannah's Father)

"She was in her crib and somehow the accident happened. She had reached a milestone in her life apparently where she suddenly learned how to stand and that was the end of her life."

HER PARENTS BELIEVE SAVANNAH GRABBED THE MONITOR, PULLED IT INTO HER CRIB, AND WAS STRANGLING BY THE CORD. SAFETY EXPERTS AT THE U.S. CONSUMER PRODUCT SAFETY COMMISSION SAY SIX CHILDREN IN THE PAST SIX YEARS HAVE DIED JUST THIS WAY. TO DEMONSTRATE, IT PLACED THESE MONITORS TOO CLOSE TO A CRIB.

(SOT Patty Davis, CPSC)

"Babies change from day to day. One day they are immobile, but the next day they are up. What can happen here is the child can easily reach the cord. It is so close, it can get entangled on the baby and the baby can strangle."

CPSC IS ISSUING THIS ALERT TO REMIND PARENTS TO KEEP ALL VIDEO AND AUDIO MONITORS AWAY FROM CRIBS AND OUT OF CHILDREN'S REACH.

Liz: "What can the commission do? Is this a recall situation?"

(SOT Patty Davis, CPSC)

"We are investigating monitors to see if there are adequate warnings on them so the parents and caregivers know that the cords can be a strangulation hazard to their babies."

(SOT Charley Pereira, Savannah's Father)

"It's shocking. You try to do everything you can, and this is ironically called a video safety monitor."

SAVANNAH'S PARENTS WANT OTHER PARENTS WARNED. THEY SURROUND THEMSELVES WITH MEMORIES OF HER SHORT LIFE, PHOTOS, HER SNEAKERS ON THE MANTEL.

(SOT Charley Pereira, Savannah's Father)

"I would give up my life to have her back. We cry everyday. She was everything we could have hoped for. You are always going to cry."

JON ALEXANDER AND BOB DROSSEL, WANT JUSTICE TO BE SERVED FOR THE PEOPLE OF DEL NORTE COUNTY

NAT SND.

WE TALKED ISSUES, REFORM AND EVEN HEARSE ABOUT EACH CANDIDATE.

AS FOR ISSUES, DROSSEL SAYS TRUST AND POLICING COMMUNICATION NEED TO BE ADDRESSED

"restore trust, confidence, and credibility to the d-a's office, I want to work with law enforcement have an open door policy, I think we can do better in that arena now. And I have they experience and leadership skills to make sure that happens.

WHILE ALEXANDER SAYS HARSHER SENTENCES NEED TO BE INFROCED FOR PHYSICAL ABUSE AND METH RELATED CRIMES

"if you sell any amount of that poison in my county, minimum of two years in state prison. As for domestic

violence, bottom line if you beat a women, ill send you to jail, if you hospitalize her, you will be put in a state prison.”

AND WHILE BOTH CANDIDATE HAVE IMPRESSIVE RESUMES, THEY QUESTION EACH OTHERS ABILITY TO DO THE JOB

“I would say his past speaks volumes.. he was suspended with the state bar, he an admitted meth user and abuser, that lead to his life basically going down the toilet.”

“once upon a time I did have a dependency problem 8 years ago. I’m sorry Mr Drossel continues to base his campaign on jon alexander’s past. That’s what people do who are desperate and don’t have any issues to talk about, they go after the other guy.”

HE GOES ON TO SAY THAT OVERCOMING METH MAKES HIM A BETTER PERSON AND CANDIDATE.. BUT DESPITE ACCUSATIONS, WHAT CHANGE CAN EACH CANDIDATE REALLY BRING, TO THE D-A’S OFFICE ..IN DEL NORTE COUNTY

“the public office of DA is a public office. And it has to be by necessity couched in terms of public trust and confidence and if you don’t start out with that position, and someone who ash those qualities, we are in real trouble.”

“jon drossel has tried one case in 8 years, that is not the type of talent or lack of energy that you need in this office. The office is in disarray right now. It needs somebody to turn it around and I’ll do it by triability, accountability, and learing by example.

NOW, THE NTSB IS LOOKING AT THE BUSINESS OF CODE-SHARING--HOW MUCH IT SAVES THE AIRLINES --AND WHAT IT

MEANS FOR PASSENGER SAFETY:

(Chris Hart/NTSB Vice Chairman)

"we think the public has a right to know when they're gonna be changing airlines."

REGIONAL AIRLINES INSIST THE RESERVATION SYSTEM AND TICKETS MAKE THAT VERY CLEAR:

(Roger Cohen/Regional Airline Assn)

"This is a ticket from Cincinnati to Harrisburg, that says very clearly exactly what airline you are on at all times."

AND, SAY THE REGIONALS, THEY'VE DOUBLED-DOWN ON SAFETY SINCE THE BUFFALO CRASH:

(Roger Cohen/Regional Airline Assn.)

"We are committed to do everything possible to make sure there is never another accident."

REGIONAL AIRLINES -- which pay their crews lower wages than the major airlines -- MAKE UP HALF OF ALL COMMERCIAL FLIGHTS FLOWN EVERY DAY.

THE FAMILIES OF FLIGHT 3407 BELIEVE IF THE MAJOR AIRLINES ARE GOING TO PAINT THEIR LOGOS ON A REGIONALS' PLANE...THEY SHOULD SHARE MORE RESPONSIBILITY.

(Ken Mellett/Father of Coleman Mellett)

"I would like to see the liability flow also to the major airline as it does to the regional airline so there's real culpability and real responsibility."

IT STARTED LAST NIGHT, AT EAST MIDLANDS AIRPORT IN ENGLAND. ACTING ON A TIP, POLICE SEARCHED U-P-S SHIPMENTS AND FOUND A SUSPICIOUS PACKAGE BOUND FOR THE U-S.

IT WAS A PRINTER TONER CARTRIDGE SOMETHING LIKE THIS, THAT POLICE NOW SAY CONTAINED EXPLOSIVE.

ALSO WORRISOME. THE SHIPMENT HAD COME FROM YEMEN, FOR TEN YEARS, SINCE THE ATTACK THERE ON THE USS COLE THAT KILLED 17 AMERICAN SAILORS, YEMEN'S INCREASINGLY BEEN AN AL QAEDA STRONGHOLD.

THE SO CALLED CHRISTMAS DAY UNDERWEAR BOMBER TRAINED IN YEMEN.

IN DUBAI, MORE U-S BOUND EXPLOSIVES. BOTH PARCELS ADDRESSED TO CHICAGO AREA JEWISH SYNAGOGUES.

AT PHILADELPHIA'S AIRPORT, AUTHORITIES WERE ISOLATING AND SEARCHING TWO UPS PLANES WITH CARGO FROM YEMEN ANOTHER PLANE WAS STOPPED IN NEWARK AND, NEARBY IN BROOKLYN, UPS TRUCK WAS SEARCHED...

"The envelope we have here had no wires. appears to be bank receipts."

LIKEWISE ON THE PLANES: NOTHING SUSPICIOUS WAS FOUND.

THIS IS THE ONE CLEARED FROM NEWARK, LANDING AT THE U-P-S HUB IN LOUISVILLE.

BUT, NOT SURE WHAT'S GOING ON, PRESIDENT OBAMA ORDERED HEIGHTENED SECURITY.

(sot / President Obama 1:12 - 1:25)

"We will continue to pursue additional protective measures for as long as it takes to ensure the safety and security of our citizens. I've also directed that we spare no effort in investigating the origins of these suspicious packages."

SHIPMENTS FROM YEMEN, SAUDI ARABIA AND BRITAIN.

NATURAL SOURCE OF VITAMIN D, MAY HURT YOUR BODY IN
OTHER WAYS.

(SOT Carin Gorrell, Nutrition Director, Self Magazine)

"Researchers have found that getting too little Vitamin D has been linked
to certain cancers like breast, colon, prostate, and skin cancer."

A STUDY IN THIS MONTH'S ARCHIVES OF DERMATOLOGY
REVEALS THAT AMONG PEOPLE WITH THE MOST COMMON FORM
OF SKIN CANCER, WHO PROTECTIVELY AVOID THE SUN, FIFTY SIX
PERCENT HAD LEVELS OF VITAMIN D THAT WERE TOO LOW.

Lynda: "Do you know how much Vitamin D you get on a regular basis?"

(SOT MOS)

"I don't have a clue! No, I don't!"

(SOT MOS)

"I have it in milk, and yogurt, and ice cream."

IT TURNS OUT VITAMIN D CAN PLAY A ROLE IN HELPING PREVENT
CERTAIN CANCERS, ACCORDING TO BREAST SURGEON DR.
SHARON ROSENBAUM SMITH FROM ST. LUKE'S ROOSEVELT
HOSPITAL.

(SOT Dr. Sharon Rosenbaum Smith, Breast Surgeon)

"There's a great benefit for making sure that your Vitamin D level is at an
appropriate level from a bone health standpoint as well as a potential for
breast cancer reduction."

AND SO, WHERE CAN YOU GET VITAMIN D? CARIN GORRELL IS
THE NUTRITION DIRECTOR AT SELF MAGAZINE.

(SOT Carin Gorrell, Nutrition Director, Self Magazine)

"You can get it from different food sources like oily fish, salmon, eel, tuna, and other fortified foods like milk and yogurt."

(STANDUP Lynda Baquero, Reporting)

"Most experts agree that the dangers from sun exposure far outweigh the benefits of getting Vitamin D. So if your body is low in Vitamin D, your best bet may be to take a multivitamin. But first check with your doctor."

(SOT Carin Gorrell, Nutrition Director, Self Magazine)

"If you get too much, there's also an associated risk of cancers like pancreatic cancers and other health problems like kidney stones."

Lynda: "Can Vitamin D be implicated in some of these other disease processes?"

(SOT Dr. Sharon Rosenbaum Smith, Breast Surgeon)

"Absolutely possible. I think a lot more research needs to be done about it."

(SOT Carin Gorrell, Nutrition Director, Self Magazine)

"Right now, the Recommended Daily Allowance is 800 IUs, but there has been some discussion about raising that limit."

AS WITH MANY HEALTH ISSUES, MODERATION IS KEY.

"I just feel that's its wrong that he'll have to say the Pledge af Allegiance to the United States of America in spanish. That's not how it should be taught. That has nothing to do with the spanish language."

OFFICIALS WITH EDMOND PUBLIC SCHOOLS DECLINED AN ON CAMERA INTERVIEW, BUT ADMITTED MELISSA'S SON WAS GOING TO RECEIVE A ZERO FOR THE PROJECT.

HOWEVER, THEY'VE NOW CHANGED THEIR MIND AND ARE NOW OFFERING THE STUDENT A DIFFERENT ASSIGNMENT THAT HAS YET TO BE NAMED.

GO TO A FAST FOOD RESTAURANT AND YOU KNOW: KIDS LOVE THE TOYS IN SO-CALLED HAPPY MEALS..... BUT IN SAN FRANCISCO, LAWMAKERS WANT TO GET RID OF THE TOYS. ON TUESDAY, ERIC MAR AND THE SAN FRANCISCO BOARD OF SUPERVISORS VOTED EIGHT TO THREE TO BAN GIVEAWAYS IN KIDS MEALS THAT DON'T MEET NUTRITIONAL STANDARDS SET BY THE CITY.

(ERIC MAR, SAN FRAN. BOARD SUPERVISOR, SPONSOR)

"As a father and a legislator, i think we need to be creative in addressing childhood obesity in this country."

IF the bill becomes law, KIDS would only GET A TOY IF a MEAL MEETS THE FOLLOWING GUIDELINES. IT MUST BE "LESS" THAN 600 CALORIES WITH REDUCED SODIUM, FAT, AND SUGAR. IT MUST ALSO INCLUDE A FRUIT AND VEGETABLE.

(ERIC MAR, SAN FRAN. BOARD SUPERVISOR, SPONSOR)

"Childhood obesity is a problem here like it is throughout the country. I am many children's health advocates wanted to see healthier choices."

THE NATIONAL RESTAURANT ASSOCIATION, WHICH REPRESENTS FAST FOODS CHAINS LIKE MCDONALDS AND BURGER KING IS AGAINST THE PROPOSED TOY BAN, SAYING:

((graphic))

"...the Board chose to push forward an unpopular and misguided ordinance that will likely do nothing to help address this problem. Parents and guardians should be making the decisions about their family dining experiences"

(toni bloom, registered dietitian)

"The toy is not what's causing us to be fat. What's causing us to be unhealthy and gain weight over time is making bad choices, to overeat compared to the food amount we need, and to not move our bodies as much as we require."

PARENTS WE SPOKE WITH ARE UNHAPPY WITH THE IDEA OF GOVERNMENT ACTING AS THE FAST FOOD POLICE.

(("The toy is not bad for a child at all. A toy is a toy and people buy their kids toys all the time."

"My opinion, we all have our own choices and we as adults have to steer our children in the right direction."

"I think they're wrong. i think it's other things that need to be taken care of other than worrying about some toys."

"For what the economy is today, sometimes if you have one you're better off fixing it."

IT'S NEVER AN EASY DECISION.

WHEN HE'S NOT TESTING CARS FOR TRIPLE-A, JIM MACPHEARSON CRUISES AROUND IN THIS 1985 VOLVO WITH ABOUT 120-THOUSAND MILES ON IT...VALUED AT ONE THOUSAND DOLLARS.

HIS ADVICE: JUST BECAUSE REPAIRS MIGHT RUN MORE THAN THE VALUE OF YOUR CAR, DON'T RULE THEM OUT.

(SOT Jim MacPherson, AAA)

"Would I, for example, put over a thousand dollars into repairs?

Absolutely, because of the transportation value that car would offer me. If

I thought that the thousand dollars though was just the first installment of multiple repairs that were coming then I might think twice."

SOMETHING ELSE TO THINK ABOUT...SAY YOUR CAR IS WORTH THREE-THOUSAND DOLLARS, AND YOUR REPAIRS WILL RUN TWO-THOUSAND, BUT YOU CAN FIND A BETTER CAR FOR FIVE THOUSAND DOLLARS?

(SOT Jim MacPherson, AAA)

"You're better off moving on."

ONE REASON TO THINK ABOUT UPGRADING TO A NEW OR SLIGHTLY USED CAR...SAFETY.

(SOT Jim MacPherson, AAA)

"There's been a huge advancement in technology and you may want to avail yourself even though perhaps traditional economic rules of thumb would not suggest you do it."

WITH THE ECONOMY STUCK IN PARK, CAR REPAIRS ARE ON THE RISE. HOWEVER TIM LYONS SAYS THERE'S A POINT WHERE YOU DON'T GET THE RETURN ON THE INVESTMENT.

(SOT Tim Lyons, Mechanic)

"Once a car gets more than ten years old and starts to approach 70-80 percent of its value for repairs, it's best to consider getting another vehicle."

HE SAYS CARS DO LAST LONGER, UP TO 15 YEARS, BUT REPAIRING ONE THAT'S TOO OLD CAN MAKE INTO A MONEY PIT.

(SOT Tim Lyons, Mechanic)

"I know people depend on their transportation but sometimes I'll do a repair such as \$800 in a \$1,000 vehicle then something else will go wrong and now you've married the car and it comes back to bite you."

IF YOU DECIDE TO DITCH YOUR OLD WHEELS, THE NEXT QUESTION TO DEBATE...SHOULD YOU BUY NEW OR USED?

"we're doing it as expeditiously as we can but we're not going to sacrifice accuracy for speed."

THE REASON IT'S TAKING THE ELECTION'S OFFICE SO LONG TO COUNT ALL OF THE BALLOTS IS BECAUSE THEY HAVE TO CHECK FOR DUPLICATES.

"before we can even start to examine the signatures on those 12,000 remaining, vote by mail ballots to verify that there is no voter fraud, that no one went to the polls and casted a vote by mail ballot or a provisional ballot."

A PROVISIONAL BALLOT IS CAST BY A VOTER WHO COMES IN TO THE POLLING PLACE AND HIS OR HER NAME ISN'T ON THE ROSTER. THE ELECTIONS OFFICE THEN HAS TO MAKE SURE THAT PERSON HASN'T ALREADY VOTED BY MAIL.

HALL NEEDED TO LOSE 30 POUNDS BEFORE THE ARMY WOULD
ACCEPT HIM, AND ACCORDING TO A NEW REPORT, HE'S NOT
ALONE. 27 PERCENT OF 18 TO 24 YEAR OLDS ARE INELIGIBLE TO
JOIN THE MILITARY BECAUSE THEY'RE OVERWEIGHT.

(SOT Lt. General Retired Norman Seip, Mission: Readiness)

"It threatens our national security. At the end of the day, it's not our tanks,
it's not our airplanes, it's not our ships. It's young men and women who
volunteer and serve."

RETIRED U.S. AIRFORCE LT. GENERAL NORMAN SEIP IS WORKING

DEDICATED TO RECRUITING MORE YOUNG PEOPLE FOR THE
MILITARY.

ACCORDING TO THEIR REPORT, 9 MILLION 18 TO 24 YEAR OLDS ARE TOO FAT TO JOIN THE ARMED FORCES. AND THERE ARE NOW 39 STATES IN THE U.S. WHERE 40 PERCENT OF YOUNG ADULTS ARE OVERWEIGHT OR OBESE. THERE WAS JUST ONE STATE WITH THAT STATISTIC 10 YEARS AGO.

(SOT Lt. General Retired Norman Seip, Mission: Readiness)

"We need a fit force. We need a smart force. Our equipment is very technologically sophisticated. We put a lot of responsibility on the shoulders of the men and women who serve, so they need to be not just mentally fit, but physically fit as well."

SEIP SAYS A TOUGH ECONOMY HAS HELPED TO KEEP ENLISTMENT UP, BUT THEY WORRY THAT THE NUMBER OF NEW TROOPS MAY START TO DWINDLE SOON.

RECRUITERS ON THE STREET AGREE, SAYING THAT OVER THE LAST 5 YEARS, THEY'VE ALSO NOTICED MORE YOUNG ADULTS WHO CAN'T ENLIST BECAUSE OF THEIR WEIGHT.

DEPENDING ON AGE AND HEIGHT, MEN SHOULD HAVE A BODY FAT PERCENTAGE AROUND 20 PERCENT. WOMEN: 30 PERCENT.

(SOT Sgt. First Class Germain Saunders, U.S. Army)

"Individuals come in, I give them workout plans. I find them workout plans, just a basic program for them to start on."

SAUNDERS IS NOW WORKING WITH JAPPAULUS HALL SO THAT HE CAN LOSE AT LEAST 20 POUNDS AND SHIP OUT.

A REPORT ISSUED TODAY BY THE U-S DEPARTMENT OF

TROUBLE PUTTING ENOUGH FOOD ON THEIR TABLES IN 2009....
THAT'S ROUGHLY 15 PERCENT OF ALL U-S HOUSEHOLDS.

JAMES H. JOHNSON, PHD.
UNC Chapel Hill :19

(s/ Kevin Concannon/USDA Under Secretary Food, Nutrition and

OUT: AS THE ECONOMY IMPROVES.

"it's a very shocking and compelling figure"

(s/ James H. Johnson, PhD. / UNC Chapel Hill :19-:24)

"people just don't have the resources to buy the basics... the essentials"

JOHNSON AND OTHER EXPERTS BELIEVE THE NUMBER OF "FOOD-
INSECURE" AMERICAN FAMILIES IS TIED DIRECTLY TO THIS
COUNTRY'S TROUBLED ECONOMY.

(s/ James H. Johnson, PhD. / UNC Chapel Hill :33-:39)

"in this current recession, more people are going without a jobs for a
longer period of time"

WHILE THE REPORT INDICATES THE NUMBER OF "FOOD
INSECURE HOMES" REMAINED ROUGHLY THE SAME AS IN 2008,
THAT NUMBER HIS MORE THAN TRIPLED SINCE 2006.

CONCANNON SAYS USDA-FUNDED FOOD PROGRAMS HAVE

HELPED TO STABILIZE THE NUMBER OF AMERICA'S "FOOD-
INSECURE" FAMILIES.

(sot Kevin Concannon/USDA Under Secretary Food, Nutrition and
Consumer Services :57-1:06)

"we're seeing record numbers of Americans turning to programs like the
SNAP or what used to be called the Food Stamp Program,
the supplemental nutrition program"

MOST AFFECTED... FAMILIES LIVING IN LARGE CITIES AND IN
RURAL AREAS LIKE MANY HERE IN HUMBOLDT AND DEL NORTE
COUNTIES.

THE USDA CALLS ITS FOOD ASSISTANCE PROGRAMS A "SAFETY
NET AGAINST HUNGER"...

AND CONCANNON SAYS HIS ORGANIZATION ANTICIPATES THAT
THE COUNTRY'S NUMBER OF FOOD SECURE FAMILIES WILL
IMPROVE AS THE ECONOMY IMPROVES.

WHAT WOULD YOU DO.. AND HOW WOULD

SUDDENLY TALKED IN A DIFFERENT
ACCENT?

NBC'S STEPHANIE GOSK HAS THE STORY OF
TWO WOMEN, WHO NO LONGER RECOGNIZE

TAKE PKG

TRT: 2:45

(-- PKG --)

Everyone has an accent.

Nats of foreign accents

An indicator not just of where we are from...

nats again from someone

..but also of who we are.

So what happens if you wake up one day and your accent has changed?

OHHH you...that's not nice

This is Kay Russell, 49 years old she has lived her entire life in England,
but she SOUNDS French.

**I am not trying to speak French. I am not even trying to sound
French. It is a speech impediment.**

Kay has foreign accent syndrome, a rare condition that develops when
people suffer damage to the part of the brain that controls speech.

Head injuries are the most common cause, but in Kay's case it was
severe migraines.

10 months ago her voice became unrecognizable...this is what she used
to sound like.

Nats from video

When her voice changed...life changed. She lost her job and became
depressed

**You lose the identity because you don't know who you are anymore.
You don't fit in anymore.**

Sarah Colwill knows just how she feels. Her accent changed earlier this
year. Now some people think she sounds Chinese...

At first I felt very alone and I did not feel like I belonged in this country anymore. That's how people made me feel.

Amazingly, Sarah and Kay live just an hour from each other...

nats ... tears, hugs,

We introduced them in person for the first time, but their friendship began online...and has helped both of them overcome this isolating condition.

(How often do you speak to each other?) Quite a few times a day.

(Quite a few times a day) Some days

They laugh more now...even at themselves.

(Is there any plus to the sexy French voice?) [laughter] the comment that I have had is that allegedly my voice sounds better.

Sarah shared the only recording of HER old voice with Kay over tea..

nats of video super the sound

Scientists say the damage could reverse itself at any time...but there is no guarantee.

Which both women say they have come to terms with

I miss my own voice but I have come to accept this one.

Foreign accent syndrome may have changed their identities...but with the new accent has come new strength.

'We're more like sisters now.'

HOW FAR WOULD YOU GO TO FIT INTO YOUR HIGH HEELS?

(NATS)

"That's a high heel girlfriend. these are high about 5 inches. How long can you do it?"

"Well, you know, beauty is pain so you gotta work it."

EVER WISH THAT SECOND TOE WASN'T LONGER THAN YOUR BIG TOE? WHAT ABOUT THAT BUNION...

(SOT: DR. DEAN DOORFMAN, PODIATRIST)

"Some women who have bunions and hammer toes, putting their foot and squeezing it into this shoe. it's basically like putting a square foot and fitting it into a triangular peg or a triangular hole, it's not gonna work."

(NATS)

"I'm still gonna wear them."

(REPORTER STAND-UP: ROXANNE VARGAS)

"Walking around in heels like there will make you feel sexy but our feet and bodies are not meant to be in this heel height. A preferred heel height is this, about an inch and a half to two inches. This is a healthy heel height."

DR. DORFMAN SAYS BLAME IT ON CARRIE BRADSHAW.

"Since I think 1998 sex and the city came out, the prevalence of cosmetic

foot surgery has gone up dramatically."

foot surgery has gone up dramatically."

A "FOOT TUCK", TAKES FAT FROM YOUR MIDSECTION AND INSERTS IT UNDER THE METATARSALS OF YOUR FEET GIVING YOU EXTRA PADDING. THEN, THERE'S THE PERFECT 10.

(SOT: DR. DEAN DOORFMAN, PODIATRIST))

"You have 10 toes and one of them is longer than the other ones. We actually shorten that toe and bring it back to alignment. women don't like that long second toe. it jams in the shoe and can cause that nail to come off."

AND THERE'S THE "CINDERELLA PROCEDURE".

(SOT: DR. DEAN DOORFMAN, PODIATRIST)

"Sometimes the big toe joint will drift off over and they'll get a large bump so we take those bumps off and realign the foot to make it narrow."

THE AMERICAN PODIATRIC MEDICAL ASSOCIATION DOES NOT ENDORSE IT, BUT DOESN'T CONDEMN THESE COSMETIC PROCEDURES. LONG TERM AFFECTS OF PUTTING YOUR TOES UNDER THE KNIFE?

(SOT: DR. DEAN DOORFMAN, PODIATRIST))

"We may give you a beautifully shaped toe and a narrow foot, but it doesn't function as well as it did prior to the surgery. you may get some scar tissue in there that may hinder the range of motion of a toe that bent very freely that now doesn't bend so well."

(-- ANCHOR TAG --)

SO WHAT IS THE SOLUTION TO THOSE WHO INSIST ON CONTINUING WITH THEIR HIGH HEEL HABIT?

MODERATION. THAT MEANS DON'T WEAR A PAIR OF 4 INCH HEELS TO THE GROCERY STORE OR THE MALL. LEAVE THE HIGH HEELS FOR THE DRESS TO IMPRESS OCCASIONS.

WHEN KIDS GET SICK -- PARENTS WANT TO

GIVING BASIC OVER-THE-COUNTER MEDICINES TO CHILDREN
 SHOULD BE RELATIVELY EASY FOR DR. MOM...

BUT A NEW STUDY SHOWS THE VAST MAJORITY OF THE MOST
 COMMON CHILDREN'S LIQUID MEDICATIONS HAVE CONFUSING
 INSTRUCTIONS.

THE LABEL MAY CALL FOR A TEASPOON... BUT THE MEASURING
 CUP THAT COMES WITH IT MAY BE IN MILLILITERS.

(SOT: Dr. Darren DeWalt - University of North Carolina, Chapel Hill)

"So how is a parent to know exactly how to dose that medication?"

NEARLY ALL OF THE 148 PRODUCTS TESTED HAD SOME KIND OF
 INCONSISTENCY BETWEEN THE DOSING DIRECTIONS AND
 MEASURING DEVICE. ABOUT A QUARTER DIDN'T COME WITH ANY
 MEASURING SPOON OR CUP AT ALL.

DR. DARREN DEWALT OF THE UNIVERSITY OF NORTH CAROLINA
 WROTE AN EDITORIAL ON THE NEW STUDY.

HE SAYS THE ISSUE CAN LEAD TO DANGEROUS OVERDOSES OR
 MORE COMMONLY...

(SOT: Dr. Darren DeWalt - University of North Carolina, Chapel Hill)

"A lot of parents are giving too low of a dose and they may not be
 adequately treating their child's pain or fever."

ONE THING PARENTS CAN DO IS ASK A PHARMACIST FOR
 STANDARDIZED MEASURING SYRINGES OR CUPS... BECAUSE THE
 TEASPOONS YOU FIND IN YOUR KITCHEN ARE OFTEN
 INACCURATE.

(SOT: Dr. Darren DeWalt - University of North Carolina, Chapel Hill)

"As long as we put teaspoons on the label, people are gonna continue to go into the drawer and pull those spoons out."

RESEARCHERS LOOKED AT PRODUCTS THAT WERE ON THE MARKET AS OF 2009 -- THE SAME TIME THE FOOD AND DRUG ADMINISTRATION ISSUED GUIDANCE TO PHARMACEUTICAL COMPANIES -- URGING STANDARDIZED LANGUAGE AND MEASUREMENTS ON CHILDREN'S MEDICINE.

(SOT: Dr. Darren DeWalt - University of North Carolina, Chapel Hill)

"When the measuring device comes with the medicine, it should be consistent with what's on the label. It's quite simple stuff."

BUT IT MIGHT BE DANGEROUS STUFF IF GIVEN IN THE WRONG DOSES.

ERIKA EDWARDS, NBC NEWS.

HEADQUARTERED IN ATLANTA, WHEEGO IS THE BRAINCHILD OF MIKE MCQUARY, THE FORMER PRESIDENT OF EARTHLINK AND MINDSPRING. THE TWO-SEATER WILL GO 100 MILES PER CHARGE AND, WHEEGO SAYS, COSTS ABOUT A TENTH OF WHAT IT COSTS TO FUEL AND MAINTAIN A GAS-POWERED CAR.

WITH A STICKER PRICE OF 33-THOUSAND DOLLARS, IT'S ABOUT \$70 THOUSAND LESS THAN THE ONLY OTHER ELECTRIC OPTION CURRENTLY AVAILABLE - THE TESLA ROADSTER. WITH GOVERNMENT TAX INCENTIVES, YOU COULD SHAVE ANOTHER \$12 THOUSAND OFF THE PRICE.

 THEN, ASK ANY PARENT WHAT THE RULES ARE THESE DAYS FOR
 KIDS COUGH AND COLD MEDICINES.

(SOT Dr. Manisha Panchal, Pediatrician)

"There are so many choices out there. The question is which ones are
 safe. Parents can be very confused."

DR. MANISHA PANCHAL IS A PEDIATRICIAN.

SHE SAYS IN 2008, THE FDA ALONG WITH THE MAJOR DRUG
 COMPANIES, CAME OUT WITH NEW, VERY STRAIGHTFORWARD
 GUIDELINES: RECOMMENDING PARENTS DO NOT USE COUGH
 AND COLD MEDICINE FOR CHILDREN UNDER THE AGE OF FOUR.
 BUT STILL, MORE THAN TWO YEARS LATER, MANY PARENTS ARE
 STILL UNCLEAR WHAT TO GIVE, OR NOT GIVE, A SICK CHILD.

(SOT Maribel Perez, Parent)

"It's kind of hard to give the right amount. We're not sure so we always cut
 it in half not to get more than you are supposed to get."

(SOT Mary Anne Williams, Parent)

"It's not so much confusing for me as it is for my parents who gave me all those cough medicines."

(STANDUP Garvin Thomas, Reporting)

"The reason the FDA recommended the stricter guidelines in the first place is because they've found too many parents giving kids the wrong doses. They would, for example, measure medication with a kitchen spoon rather than the provided measuring cup and end up giving too much. Or get mixed up when giving multiple medications."

(SOT Dr. Manisha Panchal, Pediatrician)

"For example they'll buy the Pediacare cough and cold because that's what their child has and then they don't realize that there was Tylenol in there and then they use the Tylenol again."

nats

AND EVEN WITH THE NEW GUIDELINES, DR. PANCHAL REPORTS STILL SEEING THOSE MISTAKES TODAY. SHE DOES, HOWEVER, HAVE A FEW SUGGESTIONS TO GET YOU THROUGH THE ILLNESS. SALINE SPRAYS ARE GOOD TO USE AGAINST NASAL CONGESTION.

HONEY, GOOD FOR A COUGH, IN CHILDREN OLDER THAN ONE.

NEVER USE ANY MEDICINE MEANT FOR AN ADULT.

AND FINALLY, IF THE ILLNESS ISN'T BAD ENOUGH TO REQUIRE A CALL TO THE DOCTOR...PERHAPS, DO NOTHING AT ALL.

SIMPLICITY IS OFTEN THE BEST CURE FOR CONFUSION.

(SOT Klara Saunders, Parent)

"Don't give em anything. The body knows how to fight it off."

"Why would I go outside and walk when I can walk in here where it's

WARM... SAFE... AND FREE... THE MALL IS 60-YEAR-OLD MOOSE
BARNETT'S FAVORITE WORK-OUT SPOT.

"I'm a mall walker. I come every morning at 5:30."

THESE ARE THE MALL WALKERS OF AMERICA -- AND NEARLY
EVERY MALL HAS THEM. THEY COME FOR THE EXERCISE... AND
END UP WITH A SUPPORT SYSTEM OF CLOSE FRIENDS.

"I met a lot of people that were really interesting. It's amazing how much
we all have in common."

"You'll see groupies you know and they sort of meet and they know each
other."

"I always look forward to sparring with these two over here on their political views."

THIS GROUP IN CHARLOTTE, NORTH CAROLINA IS ALSO TREATED TO A FREE HEALTH AND WELLNESS CENTER LOCATED RIGHT IN THE MALL... WHERE ANYONE CAN WALK IN TO CHECK THEIR BLOOD PRESSURE AND CHAT WITH REGISTERED NURSES ABOUT ANYTHING FROM HEALTHY RECIPES TO RECENT DIAGNOSES..

(SOT: Monifa Drayton - Carolinas Medical Center University)

"We notice when someone is missing for a while and we'll call... we are very vested and very connected to them. Everyone here has a very strong sense of family."

DOCTORS SAY EXERCISE -AND- A STRONG SOCIAL NETWORK CAN HELP PREVENT OR EASE DEPRESSION AND ISOLATION...

"Plus -- I can keep up with my grandchildren now."

FREEZING WEATHER TENDS TO LEAVE THE PRODUCE BRUISED AND BATTERED.

"Upstairs they're going through all the metal detectors and the X-ray machines, and downstairs they're swiping a card."

"Like I said, I didn't think this was going to get this much traction. This is just kind of a little video that I did. And now that it's gone worldwide, I was pretty shocked."

THE TRACTION LARGELY CAME AS A RESULT OF THE TSA'S RESPONSE TO THE VIDEO; WHEN A TEAM OF SIX FEDERAL AGENTS AND SHERIFF'S DEPUTIES SHOWED UP ON LIU'S DRIVEWAY.

OUT ON THAT SAME DRIVEWAY, WE ASKED LIU'S WIFE ABOUT THE ATTENTION THAT HAS NOW BEEN FOCUSED ON HER HUSBAND AND HER FAMILY.

THOSE NUTRITION LABELS YOU'VE SEEN FOR YEARS ON EVERYTHING FROM CHIPS TO CEREAL WILL SOON BE ON THE MEAT YOU BUY. THE USDA JUST ANNOUNCED THE NEW LABELS WILL BE REQUIRED FOR 40 TYPES OF MEAT AND POULTRY BEGINNING IN JANUARY 2012.

A CUT ABOVE OR TOO FATTY? THAT'S WHAT CONSUMERS HAVE WONDERED FOR YEARS ABOUT THE MEAT THEY'RE BUYING. NOW THE USDA SAYS AS OF 2012 NUTRITION LABELS COMMON ON OTHER FOODS, WILL BE REQUIRED FOR MEAT, POULTRY, PORK AND LAMB.

(S: DR. ELISABETH HAGEN / USDA UNDER SECRETARY FOR FOOD SAFETY) :18 - :23

"This is just another tool that lets them understand what they're putting into meals and feeding their families and what they're going to get out of that."

THE NEW RULES WILL NOT REQUIRE EVERY INDIVIDUAL PACKAGE TO BE LABELED... SUPERMARKETS WILL HAVE THE OPTION OF PUTTING UP SIGNS WITH THE INFORMATION.

(S: MICHAEL JACOBSON / CENTER FOR SCIENCE IN THE PUBLIC INTEREST) :34 - :41

"I think it's a missed opportunity. USDA could have required clearer labeling on both steaks and ground meat and poultry products but it chose not to."

THE NEW LABELS WILL LIST CALORIES, CALORIES FROM FAT, TOTAL FAT, SATURATED FAT AND CHOLESTEROL FOR 40 OF THE MOST COMMONLY PURCHASED CUTS OF MEAT, POULTRY, LAMB AND PORK.

INFORMATION BUYERS MAY FIND SURPRISING.

(S: JANET RILEY / AMERICAN MEAT INSTITUTE) 1:00 - 1:08

"Many consumers think, for example, that chicken breasts are extremely lean which they are, but they don't realize there are many cuts of port, like tenderloin or cuts of beef like the eye-of-round are equally lean and have the same amount of calories."

THE MEAT INDUSTRY HAS BEEN LABELING PROCESSED MEATS FOR YEARS, BUT COMMON CUTS OF BEEF AND POULTRY HAVE ALWAYS BEEN LABELED ON A VOLUNTARY BASIS.
