FACING MASSIVE DECLINES IN VOLUME AND REVENUE, THE USPS HAS ALREADY SHUT DOWN SMALL POST OFFICES, BUT WILL NOW CONSIDER DOWNSIZING MAIL PROCESSING CENTERS...COMMUNITY MEMBERS DIDN'T THINK SOME OF THE PROPOSED CHANGES ADDED UP..

(SOT: DONNA RAIFAISEN Eureka Resident)

"If it's local mail, and it has to go all the way to oregon and then come back...that doesn't make any sense...to me, you're wasting money."

THE IMPACTS MAY BE MORE THAN DISTANCE...EUREKA RESIDENT TONY WILLIAMS HAS A FRIEND WHO DELIVERS MAIL, AND THE PROPOSED CHANGES MIGHT NOT BODE WELL FOR HIS JOB...

"He probably won't have it next year; he says they're already looking at cutting back by one third, and that's him."

THE USPS SAYS THE ISSUE ISN'T JUST IN EUREKA, BUT ALL OVER THE COUNTRY

"We have about 500 mail processing centers around the country, and we're looking to reduce those numbers to about 250."

THE USPS SAYS SCALING BACK THE NUMBERS IS A NECESSARY STEP TO COUNTERACT THE 25% DROP IN FIRST CLASS MAIL OVER FIVE YEARS...BUT RESIDENTS WORRY THAT THE CUTS TO THE POST OFFICE WILL BE FELT BY MANY...

"It's gonna cut big time, and the economy? Millions of people are going to lose their jobs because of it...it's getting worse."

ANOTHER HAD A SUGGESTION FOR THE POST OFFICE

"If they really do need to cut, let them change the the number of days they deliver mail..."

"the public hearing will take place on december 15th at the warfinger building. Cameron cramer newschannel 3."

"Police say the high speed chase involving Charles Kesselring began on the streets of Eureka."

"continued on 299"

"and ended here at this very restroom at the Arcata Transit Center."

SOT- WATSON

"He's facing fresh felony charges as well including possession of a stolen vehicle, vehicle theft, and reckless evading of law enforcement officers."

AND THE LIST GOES ON...

"that includes at least an arrest for carjacking it appears, and battery on a police officer..."

AND ON

"he has some other assault and battery charges from 2003."

AND ON...

"actually he's unlicensed, I forgot to add that charge"

CHARLES "CHUCKY" KESSELRING'S CHARGES ARE GROWING BY THE MINUTE...

AND ACCORDING TO POLICE, SO ARE HIS STORIES ABOUT HOW HE GOT TO THE ARCATA TRANSIT BUILDING...

AUTHORITIES SAY KESSELRING INITIALLY SAID HE GOT TO ARCATA FROM THE WOODS AFTER AFTER HE HAD DRIVEN ONE OF THE MANY CARS HE HAD STASHED AWAY THROUGHOUT ARCATA... THEN HIS STORY CHANGED...

POLICE SAY HE SAID THAT HE HAD HID OUT IN A CABIN WHEN THE RESIDENTS, WHO WERE SYMPATHETIC TO THE FLEEING FUGITIVE, CLOTHED HIM, GAVE HIM WHISKEY, THEN GAVE HIM A RIDE TO THE ARCATA TRANSIT CENTER.

SOT - DOCKWEILER

"Initially he wasn't compliant but when officers went to take him into custody he didn't resist."

KESSELRING IS STILL IN HUMBOLDT COUNTY CUSTODY BUT HIS 18-YEAR OLD PREGNANT GIRLFRIEND IS NOT..

SOT - WATSON

"It's possible she could face charges but at this time she is not."

"I'm glad to see that through this team effort and help from these other agencies, Mr. Kesserlig is in custody."

SOT - KAY TAG

"Now Kesselring is facing a slew of charges, and based on the investigation he might be facing even more. In Arcata, Kay Recede, News Channel 3."

IN THE PAST WHEN AN EARTHQUAKE HIT...  
 NOTHING COULD BE DONE EXCEPT RIDE IT  
 OUT.  
 NOW, SCIENTISTS ARE WORKING ON A NEW  
 SYSTEM... THAT COULD GIVE PEOPLE  
 PRECIOUS SECONDS TO PREPARE BEFORE  
 THE SHAKING STARTS.  
 AS PATRICK HEALY EXPLAINS IT'S NOT  
 PREDICTION... BUT EARLY WARNING.

(natsot earthquake)

WHAT IF THE SHAKING DID NOT CATCH YOU BY SURPRISE?

(natsot earthquake warning)

WHAT IF YOU KNEW WHAT'S COMING?

(natsot earthquake)

(TEDDY LAWSON, LA FASHION DESIGNER)

"Any warning is a good warning, right?"

SUCH A SYSTEM IS ALREADY IN PLACE IN JAPAN, AND ALERTED  
 MILLIONS BEFORE THE GIANT OFFSHORE QUAKE LAST MARCH.  
 AND HERE IN CALIFORNIA, AT CALTECH, SUCH A SYSTEM IS NOW  
 IN THE DEVELOPMENT PHASE.

(PROF. TOM HEATON, Ph.D., CalTech GEOPHYSICIST)

"It works most of the time...but not yet reliably."

ENGINEERING AND GEOPHYSICS PROF. TOM HEATON HEADS UP  
 THE CALTECH TEAM WORKING TO MAKE EARLY QUAKE WARNING  
 A PRACTICAL REALITY.

IT'S POSSIBLE, BECAUSE IT TAKES TIME FOR THE WAVES OF  
 SHAKING TO MOVE THROUGH THE EARTH'S CRUST. THE FARTHER  
 AWAY, THE MORE TIME.

THE CLOSER TO THE EPICENTER, THE FASTER THE SYSTEM HAS

TO ANALYZE THE DATA TO BE ABLE TO GIVE ANY USEFUL WARNING.

(PROF. TOM HEATON, Ph.D., CalTech GEOPHYSICIST)

"If you rush it, it's more likely to make mistakes. If we give it more time to analyze the data, the good news is it's more accurate, but you get less warning."

(ANNETTE DAWSON, FONTANA RESIDENT)

"reporter: Well, it gives you extra warning to drop and cover...that's true."

(STANDUP)

BUT NOTIFYING HUMAN BEINGS IS ONLY PART OF THE DESIGN. THE OTHER PART IS TRIGGERING MACHINES AND MECHANICAL SYSTEMS TO GO INTO SAFE MODE.

STOPPING TRANSIT TRAINS IN STATIONS... OPENING ELEVATOR DOORS SO YOU DON'T GET TRAPPED...PERHAPS EVEN SHUTTING OFF GAS LINES.

(PROF. TOM HEATON, Ph.D., CalTech GEOPHYSICIST)

"You don't want mistakes when you do that, and so to have reliable, speedy information, you need enough stations to be close to any earthquake and we're not in that position. We probably have to double the number of stations in our network to really pull that off."

A NEW \$6 MILLION GRANT FROM THE MOORE FOUNDATION IS A GOOD START,

BUT HEATON ESTIMATES STATEWIDE EARLY WARNING WILL COST \$30 MILLION A YEAR.

SO, HOW LONG TILL YOUR SMART PHONE HAS EARLY QUAKE WARNING?

(PROF. TOM HEATON, Ph.D., CalTech GEOPHYSICIST)

"Well, mine in month. Yours will depend on having Congress invest in a system."

TAKE BETSY

(-- ANCHOR TAG --)

THAT WAS PATRICK HEALY REPORTING. AS MANY OF YOU ALREADY KNOW, OUR STATE HOLDS A MASSIVE EARTHQUAKE

Duck Hunter

I shoot them, and he gets them. I don't have to do all of the work.

Gene Kennedy @:40

AND THAT'S WHY ROBERT COTTINGHAM'S BROTHER-IN-LAW BROUGHT A YELLOW LAB NAMED PIPER TO A DUCK HUNT SUNDAY ON THE GREAT SALT LAKE. THEY WERE AT THIS BIRD REFUGE, 12 MILES FROM BRIGHAM CITY. IT'S COTTINGHAM, HIS SON, THE BROTHER-IN-LAW AND THE POOCH. TWO HOURS INTO THEIR ADVENTURE...

Box Elder Co., UT

Cottingham was wading in the water. He grabbed the front end of the boat to take it out to get a wounded duck. That's when his brother-in-law's labrador jumped into the back of the boat, onto the gun, setting it off. It hit him in the buttocks and the back, and you can see right here some of the bird shot.

It's just like a BB gun, except for they're packed in a gunshot shell.

COTTINGHAM TOOK 27 OF THEM, AND CONTRARY TO SOME PUBLISHED REPORTS, MOST OF THEM ARE STILL LODGED IN HIS BUTTOCKS.

You ever heard of a dog triggering a gun?

It's the first one I've heard of.

I've heard of people getting shot before, but not like that, no.

ACTUALLY, THERE ARE SIMILAR STORIES. SOME OF THEM HAVEN'T ENDED SO WELL. A FEW YEARS AGO, A TEXAS

HUNTER DIED WHEN HIS DOG ACCIDENTALLY STEPPED ON THE OWNER'S SHOTGUN. IN THIS CASE, A DUCK DECOY ABSORBED SOME OF THE BLAST. SINCE THE SHOT WAS ONLY SIX-FEET AWAY, COTTINGHAM THINKS THE DECOY SAVED HIS LIFE.

He's very lucky. I mean, that could have blown his head off. It could have crippled him. It could have done a lot of damage.

--SUGGESTED TAG--

Cottingham says the incident is a reminder to be vigilant whenever a loaded weapon is around -- and to always use a gun's safety lock.

DOUG KENCK-CRISPIN

Historian 1:07- 1:11

MARLA COOPER WAS JUST EIGHT WHEN

SHE SAYS HER UNCLE LD COOPER

PULLED UP TO THE FAMILY HOME AND

SISTER'S BADLY INJURED. IT WAS

THANKSGIVING...THE NIGHT AFTER THE

1971 HIJACKING OF A PORTLAND TO

SEATTLE FLIGHT.

HER FATHER TOLD HER TO NEVER SPEAK

OF WHAT SHE SAW AND HEARD. BUT  
LAST YEAR SHE TOOK HER STORY TO  
THE FBI...ALONG WITH SOME OF HER  
UNCLE'S PERSONAL ITEMS.

TWO DAYS AGO, SHE CLAIMS THE AGENT  
IN CHARGE OF THE CASE TOLD HER  
THEY HOPED TO MATCH FINGERPRINTS  
FROM HER UNCLE'S TOOTHBRUSH TO  
PRINTS DISCOVERED ON THE HIJACKED  
727.

BUT THAT EITHER WAY, THE CASE WAS  
ABOUT TO CLOSE.

(Marla Cooper) :41- 58

"Regardless of the findings of the  
fingerprints, they would be  
closing the case after this. He  
said, I am certain your uncle did  
it. I feel certain that your uncle  
did it. And that, what's the point  
in continuing the investigation?"

FBI OFFICIALS ADMIT THEY'RE

TESTING PERSONAL ITEMS FROM LD  
COOPER, BUT SAY THE CASE IS NOT  
CLOSED. WON'T COMMENT ON THE  
FUTURE OF THE CASE.

(Doug Kenck-Crispin) 1:07- 1:13

"Very unlike the FBI to do  
something like that. But I don't  
doubt that that's what was  
explained to Marla."

DOUG KENCK-CRISPIN IS A NORTHWEST  
HISTORIAN WHO HAS CLOSELY FOLLOWED  
THE DB COOPER CASE. HE DOUBTS THE  
FINGERPRINTS ON THE PLANE BELONG  
TO THE HIJACKER.

(Doug Kenck-Crispin) 1:23- 1:34

"DB Cooper, the actual culprit,  
the skyjacker, was very careful  
not to leave many prints. The note  
that he gave to the stewardess and  
the flight crew, he made sure that

he got that note back."

MARLA COOPER SAYS HER UNCLE LD WAS  
OBSESSED WITH A COMIC BOOK  
CHARACTER NAMED DAN COOPER, WHICH  
WAS THE NAME OF THE HIJACKER WHO  
PARACHUTED WITH \$200,000 RANSOM  
CASH ON A RAINY NIGHT OVER  
SOUTHWEST WASHINGTON.  
SHE BELIEVES HE LOST ALL THAT CASH  
ON THE WAY DOWN.

(Marla Cooper) 1:51- 1:54

"It really could happen at any  
time."

IF LD'S FINGERPRINTS DO MATCH WHAT  
WAS FOUND ON THE HIJACKED PLANE,  
IT WOULD FINALLY SOLVE ONE OF THE  
NORTHWEST'S GREATEST CRIME  
MYSTERIES

DO YOU TOUCH ONE OR MORE OF THESE THINGS. YOU PROBABLY DO. IF SO, SHOULD WE BE WORRIED ABOUT THE CREEPY STUFF THAT MAY BE ON THERE?

OR IS IT ESSENTIALLY HARMLESS. THESE ARE THE QUESTIONS WE SET OUT TO ANSWER IN A DAY IN THE LIFE OF A HAND. THIS HAND BELONGS TO DONNA BLOOMBERG WHO HAS BRAVELY AGREED TO LET US TAG ALONG ON PART OF HER AVERAGE BUSY DAY.

(SOT Donna Bloomberg, Clean Mom)

"As a parent you become much more aware of the germs that are around you because they're not. They don't think about it, so you have to think for them."

(SOT Veronica Bloomberg, Third Grader)

"It's a little strange because nobody ever thinks about it but her."

FOLLOWING SCIENTIFIC PROTOCOLS, WE TESTED SEVERAL SURFACES THAT DONNA AND HER DAUGHTER TOUCHED. AND TOOK THEM BACK TO KAPPA LABS TO SEE WHAT'S REALLY THERE, AND WHETHER DONNA SHOULD BE WORRIED.

(SOT Pete Kmieck, Kappa Labs)

"You can have spots where people touch or they cough or otherwise deposit material that can be subsequently handled and either ingested or rubbed in the eyes."

DONNA WORKS IN HER KITCHEN, PREPARES SOME FOOD FOR THE FAMILY MEALS LATER IN THE DAY, THEN IT'S OFF ON ERRANDS, OUT THE MAIN DOOR.

WE'RE GOING TO TEST THAT SURFACE. IT GETS LOTS OF HANDS AND WE RARELY THINK OF CLEANING IT. BUT FIRST SHE WALKS THE DOG. THEN IT'S INTO THE CAR AND OFF TO THE BANK WHERE DONNA, OH WE'RE GONNA CHECK THAT SURFACE RIGHT THERE, THINK HOW MANY HANDS TOUCH THAT.

AND AN ERRAND AT THE MALL, JUST IMAGINE HOW MANY HANDS HAVE TOUCHED THIS DOOR OR THIS ESCALATOR. WE TEST. NOW, IT'S OFF TO PICK UP DAUGHTER VERONICA FROM SCHOOL. HOW MANY SURFACES HAVE HER HANDS TOUCHED TODAY? SO LETS TEST HER HANDS TO SEE HOW KIDS MIGHT BE AFFECTED.

Jeff: "We got your results."

SO THE RESULTS ARE IN. THE FRONT DOOR KNOB, MODERATE BACTERIA. DONNA'S HANDS AFTER TOUCHING THAT DOOR KNOB AND OTHER SPOTS...HIGH BACTERIA LEVELS. THE DRIVE THROUGH BANK CANISTER? LOW BACTERIA, BUT HIGH MOLD.

THE ESCALATOR HANDLE: VERY HIGH YEAST LEVELS AND SOME COLIFORMS PATHOGENS CAN BE BAD STUFF.

(SOT Donna Bloomberg, Clean Mom)

"Bad stuff as in makes you sick bad stuff?"

Jeff: "It could make you sick."

BEFORE SHOW YOU VERONICA'S RESULTS, REMEMBER SHE HAD JUST FINISHED A NORMAL DAY AT SCHOOL.

"I'm grossed out!" (laughs)

Jeff: "The truth is it doesn't mean you're any different from any other kid your age and probably better."

VERONICA EVEN COLLECTS THESE POPULAR HAND SANITIZERS SO DONNA IS NOT TOO WORRIED.

(SOT Donna Bloomberg, Clean Mom)

"You just need a happy balance to everything."

(SOT Pete Kmieck, Kappa Labs)

"I think we should be aware, and I think we should enjoy life, and I think we should not be overly obsessive."

CRASH AND SAFETY EXPERTS **LEARN A LOT** BY STUDYING ACCIDENTS.

BUT THE MIRACLE ON THE HUDSON LANDING REVEALED SOMETHING SURPRISING:

MANY OF THE PASSENGERS WHO READ THE PASSENGER SAFETY CARD JUST MINUTES EARLIER, ADMITTED **THEY COULDN'T REMEMBER** WHAT TO DO AS THE PLANE HEADED FOR A RIVER LANDING.

(NATS FULL/Sullenberger on radio)

"We're gonna be in the Hudson."

SOT Cynthia Corbett/FAA Human Research Specialist

"When the captain said brace for impact, they did not know what that meant."

WHILE THE FLIGHT ATTENDANTS' DEMONSTRATION DOESN'T INCLUDE SHOWING THE BRACE POSITION, **IT IS SHOWN** ON THE BRIEFING CARD:

SOT Mac McLean/FAA Cabin Safety Team

"Read the briefing card, people really need to pay attention to it."

WE ASKED VETERAN FAA SAFETY RESEARCHER MAC MCLEAN TO

DEMONSTRATE THE BRACE POSITION TO US:

SOT Mac McLean/FAA Cabin Safety Team

"When the flight attendant says brace, cross your arms on the seat in front of you and push your head onto your wrists tightly."

AND IF YOU'RE **IN AN EXIT ROW**, HUNDREDS OF PASSENGERS COULD DEPEND ON YOU:

SOT Mac & Tom 2-shot

(Tom:) "Your research shows - don't bring the door into the plane, throw it out!"

(Mac:) "Right, reach up, stay seated, turn it, and throw it out!"

(door is thrown out the window)

IF THERE'S A CRASH, GETTING OUT OF THE PLANE COULD INVOLVE MOVING THROUGH A DARK, SMOKE-FILLED CABIN. USING THE SEAT BACKS TO FIND YOUR WAY, FOLLOW THE FLOOR LIGHTING TO THE NEAREST EXIT.

Standup/exiting plane)

(walking inside a 747)

"If you have to make an emergency exit, the key is to move fast."

(CUT TO exterior shot)

(Tom jumping out of plane)

"Experts say you've got to jump in, slide on your rear and don't lean back! Then, keep moving and get out of the way."

(now cut to the POV camera and jump out again)

FROM THE EXIT DOOR OF JUMBO JET, IT CAN SEEM LIKE A BIG DROP. BUT THE SLIDES ARE WIDE ENOUGH TO CARRY YOU TO SAFETY.

AND **WHATEVER YOU DO**, DON'T WASTE PRECIOUS TIME

GRABBING FOR A CARRY-ON BAG OR LAPTOP:

SOT Mac McLean/FAA Cabin Safety Team

"The briefcase, the books, the clothes, none of that is important!"

FAA RESEARCH HAS SHOWN THAT **PANIC CAN OFTEN SET-IN**, WITH PASSENGERS LITERALLY CLIMBING OVER THE HEADS OF OTHER PASSENGERS TO GET OUT FIRST!

BUT THE GOAL, SAY CRASH EXPERTS, IS TO **GET EVERYONE OUT SAFELY** IN JUST TWO MINUTES!

ALL THE MORE REASON, TO READ THE SAFETY BRIEFING CARD:

MORE CUTS ANNOUNCED FROM POSTAL

 Eliminating Next-Day Delivery?

DAVE WILLIAMS  
 USPS Vice President :16 - :24

PATRICK DONAHOE  
 Postmaster General :41 - :46

(-- PKG --)

IF YOU'RE LIKE MOST AMERICANS, YOUR LIFE HAS **GONE  
 ELECTRONIC.**

THE LIST IS ENDLESS.

AND **IT'S KILLING THE POST OFFICE.... EXPECTED TO LOSE \$4-  
 BILLION THIS YEAR.**

SOT Dave Williams/USPS Vice President :16 - :24

"Our network is simply too big to handle the revenues that are coming in  
 today and more importantly way too big for what we're projecting in the  
 future."

SO THINGS ARE CHANGING, STARTING WITH 1st CLASS MAIL:  
 WHAT USED TO TAKE 1 DAY TO DELIVER WILL NOW TAKE TWO.  
 AND THAT COULD IMPACT EVERYTHING FROM MOVIE DVDs, TO  
 PRESCRIPTION MEDICATIONS, BILLS, MORTGAGE PAYMENTS,  
 YOU NAME IT.

SOT Patrick Donahoe/Postmaster General :41 - :46

"It's mainly going to affect bill payment and personal correspondence,  
 birthday cards, Christmas cards those types of things."

1ST CLASS MAIL VOLUME HAS ALREADY DROPPED 29% IN TEN YEARS.

AND IT'S EXPECTED TO DROP ANOTHER 50% IN THE NEXT TEN.  
 SO IT'S RAISING THE COST OF A 1st CLASS STAMP BY A PENNY,  
 STARTING IN JANUARY.

IT'S ALREADY LOOKING AT CLOSING 3,700 POST OFFICES. NOW

IT'S MOVING TO SHUT DOWN HALF ITS MAIL PROCESSING CENTERS. AND ELIMINATE 28,000 JOBS.

MEANWHILE, IT'S ASKING CONGRESS FOR PERMISSION TO CANCEL SATURDAY DELIVERY.

...ALL DESIGNED TO SAVE \$20-BILLION.

THE QUESTION IS WHETHER AN EXTRA DAY REALLY MATTERS.

"You know, everything on the internet. So it has lost a lot of relevance in my life and over my lifetime."

"I have a business and I send mail and um, because of my timelines it would be easier if the mail stayed on the schedule that it's on now."

"A day in the scheme of things is not really a big deal. So if it keeps the post office afloat, it keeps us having a post office, I can live with that."

WHILE NO ONE EXPECTS THE POST OFFICE TO GO AWAY, THE QUESTION IS WHETHER IT MAKES SENSE FOR SNAIL MAIL TO GET EVEN SLOWER.

TAKE BETSY

((TAG))

We still need the postal service, but consider this.

You can still mail a letter in Miami, Florida and three days later it will arrive in Nome, Alaska and it will cost you only 45 cents. But that's the problem. 45 cents is not covering the costs.

IT'S NOT UNCOMMON FOR A DOG TO RUN OUT THE FRONT DOOR,

BUT THIS DOG'S TREK WAS MUCH LONGER.

PETUNIA, THE PIT BULL, WENT MISSING IN VIRGINIA WAY BACK IN

(SOT / Pruitt Family / via Skype)

"We ran ads in the local newspaper, we checked the pound every couple  
 of days, and then after a while, it fades into a distant memory."

NOW, EIGHT YEARS LATER, PETUNIA SHOWED UP AT THE  
 SPENCEVILLE WILDLIFE AREA IN NORTHERN CALIFORNIA.

A WOMAN FOUND HER WEDNESDAY, AND DROVE HER TO AN  
 ANIMAL CARE SERVICES SHELTER IN YUBA COUNTY.

(SOT Debra Luis / Yuba Co. Animal Care Services)

"We took a photograph of the dog and weighed the dog, and scanned for

THAT MICROCHIP TRACED MORE THAN 2,700 MILES AWAY TO THE

Nice house. All those custom windows looking out over lovely Lake Washington south

WELFARE FRAUD CASE  
Seattle, WA

The woman of the house has salted her several bank accounts with big recent  
deposits... for more than \$31,000... two for more than 5 thousand... one for nearly  
\$11,000.

ROB GROPPER

The man of the house, a chiropractor with an in-town practice, drives a black Jaguar.  
On his private dock, a sleek boat.

Nothing unusual, says the next door neighbor.

SOT Rob Gropper/Neighbor

"THEY'RE TYPICAL OF THE PEOPLE WHO LIVE HERE... NO MORE, NO LESS."

But over the past eight years federal investigators say Dr. David Silverstein and his  
wife Lyudmila, while living in this house, have collected tens of thousands in food  
stamps and disability payments... and approximately \$135,000 in housing subsidy  
benefits. And now, in a federal civil suit, the government wants it all back.

Kevin Concannon is the undersecretary for the Agriculture Department which  
administers the Food Stamp program.

SOT Kevin Concannon/Undersecretary/Agriculture Department

"WHEN WE COME ACROSS CASES LIKE THIS ALLEGED CASE WE THINK YOU  
KNOW, BRING ON THE HEAT HERE, BECAUSE THESE ARE SERIOUS  
VIOLATIONS."

The alleged scam was relatively unsophisticated. When Lyudmila applied for all those  
benefits, investigators say she claimed each time that she lived alone with her two  
children with almost no assets... a few hundred bucks, a \$2,000 car... and listed her  
husband as her landlord to whom she needed help paying rent. He reportedly listed  
his office address as his residence... boasting on his website, "On a personal note,  
I'm happily married with two children."

It was a government database crosscheck that finally caught up with them.

SOT Concannon

SOT Concannon

"I THINK THE PUBLIC SHOULD BE REASSURED THAT THIS IS AN ABSOLUTE ANOMALY, THIS WAS A RARITY IN THIS REGARD."

Rare perhaps... but undetected for years, during which they lived in the lakefront mansion... vacationing in Paris, Moscow, Israel, Turkey, Mexico... while collecting thousands in your tax dollars month, after month, after month.

RESEARCHERS ARE STUDYING THE SCIENCE BEHIND THE CLASSIC KID MELTDOWN, THE TANTRUM... THEY FOUND TANTRUMS FOLLOW A PATTERN OF STAGES. BEING AWARE OF THEM MAY HELP PARENTS REACT ACCORDINGLY.

THESE HIGH PITCHED SQUEALS OF ANGER AND OTHER EMOTIONS ARE ENOUGH TO SEND MOST PARENTS INTO MELTDOWNS OF THEIR OWN.

PARENTING NEWS:  
Why Tantrums Happen

(SOT: DR. LISA GILES, CHILD & ADOLESCENT PSYCHIATRIST)

DR. LISA GILES  
Child & Adolescent Psychiatrist

"As a mother I do that all the time. My kids upset about something. And I say how dare you get upset about that. And I become emotionally involved in it."

NKOYO IYAMBA  
NBC News (:53-:58)

DR. LISA GILES IS BOTH A MOM, AND A PSYCHIATRIST, AND SHE'S SEEN THE TANTRUM PATTERN DESCRIBED IN A NEW STUDY PUBLISHED IN THE JOURNAL EMOTION.

SCIENTISTS SAY NO MATTER HOW LONG A TANTRUM LASTS OR HOW OFTEN IT HAPPENS, IT FOLLOWS THREE PHASES.

PHASE ONE: THE CHILD BEGINS YELLING AND SCREAMING.

THEN THE DOWNWARD SPIRAL BEGINS:

PHASE TWO: THE CHILD BECOMES PHYSICAL AND THROWS THINGS.

THEN, PHASE THREE: CRYING AND WHINING. THIS IS THE SADNESS PHASE.

(REPORTER STANDUP: NKOYO IYAMBA )

"Researchers say the trick to dealing with tantrums is to get the child past the anger when they're throwing their toys. And get to the sadness

because when children are sad they're ready to reach out for comfort. So how do you get past the anger? Scientists say do absolutely nothing."

WE ASKED FACEBOOK FANS ABOUT THEIR EXPERIENCE WITH WORKING THROUGH THEIR CHILDREN'S TANTRUMS.

LIZ HANSON WROTE:

"I THINK THAT HAVING A SOLID BATTLE PLAN FOR DEALING WITH THE TANTRUMS BEFORE THEY OCCUR IS KEY... I HAVE FOUND THAT TRYING TO DEAL WITH {MY CHILD} WHEN SHE IS OUT OF CONTROL IS COUNTER PRODUCTIVE."

AND ELIZABETH LEMING SAID, "WHEN MY CHILDREN ARE IN A GOOD MOOD, I TEACH THEM CALMING DOWN TECHNIQUES SO THAT WHEN THEY WANT TO THROW A TANTRUM I CAN REMIND THEM TO CALM DOWN."

LORI FARNSWORTH MIRRORED THE SCIENTISTS ADVICE, SAYING IT'S "BEST TO IGNORE THE TANTRUM.

(SOT: DR. LISA GILES, CHILD & ADOLESCENT PSYCHIATRIST)

OVARIAN CANCER IS STILL THE LEADING CAUSE OF DEATH DUE TO GYNECOLOGIC CANCERS...

RESEARCHERS AROUND THE GLOBE ARE WORKING TO TRY AND FIND A WAY TO STOP THIS INSIDIOUS DISEASE, WHICH IS OFTEN FOUND TOO LATE TO TREAT.

IMPORTANT RESEARCH IS BEGINNING TO UNCOVER A KEY ELEMENT.... HOW OVARIAN CANCER SPREADS.

 Finding a Cure for Ovarian Cancer

**SHARON STACK, PH.D.**  
 Prof. Chem/Biochem:49-:54

**REBECCA BURKHALTER**  
 Cancer Researcher1:01-1:06

"The unique clinical problem here is that these tumor cells come off of the ovary and float around in the peroneal cavity."

THE DEADLY HEALTH ISSUE ARISES WHEN THOSE FLOATING PARTICLES ATTACH TO ORGANS AND INVADE, LEAVING A WOMAN'S INSIDES LOOKING LIKE THIS ..

... WITH WITH NO CHANCE OF SURVIVAL.

BEFORE COMING TO THE HARPER CANCER INSTITUTE, A PARTNERSHIP BETWEEN NOTRE DAME AND THE INDIANA UNIVERSITY SCHOOL OF MEDICINE, DR. SHARON STACK SPENT THE LAST 20 YEARS AT DUKE AND THE UNIVERSITY OF MISSOURI STUDYING HOW OVARIAN CANCER SPREADS.

REBECCA BURKHALTER IS A VISITING SCIENTIST, ALSO FROM THE UNIVERSITY OF MISSOURI, AND DR. STACK IS CONVINCED THE WORK BEING DONE IN THIS LAB HAS UNCOVERED A KEY IN HOW OVARIAN CANCER SPREADS.

(SOT: SHARON STACK, PH.D., PROF. CHEM/BIOCHEM)

"The novel finding from Rebecca's work is that it activates a process called WNT signaling. WNT signaling is very well known to be a problem

in colorectal cancers."

(SOT: REBECCA BURKHALTER, CANCER RESEARCHER)

"We suspect that WNT signaling is responsible for that migration and is responsible for the ability of these cells to move from native space into new spaces."

IF BURKHALTER'S BASIC FINDINGS ARE TRUE IT COULD BE A BIG BREAKTHROUGH.

(SOT: SHARON STACK, PH.D., PROF. CHEM/BIOCHEM)

"So while WNT signaling hasn't been perceived as a target in most form of ovarian cancer in the past, her research suggests those drugs being used to target WNT signaling may actually be useful in combating ovarian cancer metastasis."

REBECCA ALSO DEVELOPED A NOVEL APPROACH SHE SAYS SHE BORROWED FROM A NOTRE DAME AEROSPACE ENGINEER, TESTING HER CELLS FLOATING IN A BAG, MUCH LIKE THE PERONEAL SACK, RATHER THAN A FLAT PETRI DISH.

(SOT: REBECCA BURKHALTER, CANCER RESEARCHER)

"So we add this culture media that provides amino acids and sugars and things that allow the cells to continue to live and then we add the cells themselves also to the sack here."

REBECCA SAYS HARPER RESEARCH IS UNIQUE IN OTHER WAYS.

(SOT: REBECCA BURKHALTER, CANCER RESEARCHER)

"We have multiple researchers with different backgrounds who are all in one building and are able to collaborate and ideas. We've been able to integrate people from engineering, from mathematics, from the physics department and get their ideas and their input on things that may or may not be relevant to our model systems."

AND WHILE THEIR RESEARCH IS BASIC, REBECCA, WHO LOST AN AUNT TO OVARIAN CANCER, HAS HIGH HOPES FOR THE FUTURE.

(SOT: REBECCA BURKHALTER, CANCER RESEARCHER)

"I definitely think that diagnoses is going to become more viable. I don't see that being something that takes 20 years, I see that as something that takes probably five years."

IN THE MEANTIME SHE'LL CONTINUE STUDYING CANCER CELLS AND HOPE THAT ONE DAY SOON WHAT SHE IS MIXING IN THIS TINY BAG MAY PROVIDE MONUMENTAL ANSWERS THAT WILL SAVE THE LIVES OF TENS OF THOUSANDS OF WOMEN EVERY

AS THE STATE CONSIDERS TACKING ON HIGHER FINES FOR JAIL INMATES... THE DISTRICT ATTORNEY OF DEL NORTE COUNTY IS TRYING TO TACK ON FINES FOR PRISONERS WHO COMMIT CRIMES WHILE IMPRISONED...

DEL NORTE COUNTY DISTRICT ATTORNEY,  
JON ALEXANDER IS HOPING THAT BY  
MAKING INMATES PAY UP, IT WILL DETER  
THEM FROM COMMITTING ANY CRIMES WHILE  
IN PRISON.

SOT - ALEXANDER

"That keeps somebody from fashioning  
a shank or anything else that maybe  
used to harm another inmate or god  
forbid, another staff member."

SOT - ALEXANDER

"as far as further incarceration you  
can't get anymore time or you could  
on a say 200-300 year sentence,  
another 20 years doesn't make much  
sense."

BUT SOME DISAGREE AND SAY THAT  
TACKING ON FINES DOESN'T MAKE SENSE.

INMATES STATEWIDE.

SOT - ISAAC

"This thing is not new. The idea of  
fining imprisoned people or charging  
them rent or so on is a kind of... is  
a well-known, desperate tactic by  
flailing prison administration."

SOT - ALEXANDER

"Commissary and trust funds are very  
precious to people on the inside...  
"penal code of California allows up  
to \$10,000 fine for any conviction on  
a felony."

ONTIVEROS SAYS THAT PRISONERS ARE  
SOME OF THE POOREST PEOPLE IN THE  
COUNTRY AND THAT REFORM IS NEEDED NOT  
FINES...

THE D-A HAS NOT BEEN ABLE TO TACK ON  
THESE FINES YET BECAUSE HE SAYS JUDGE

ROBERT WEIR HAS SAID HE'S NOT  
PREPARED TO DO SO..  
HOWEVER, JUDGE WEIR IS SET TO RETIRE  
ON JANUARY 1<sup>ST</sup> AND JUDGE WILLIAM  
FOLLETT WILL TAKE HIS PLACE...

SOT - ALEXANDER

"We have had discussions with Judge  
Follett, and he has indicated by on a  
case-by-case analysis that he does  
not have a problem with the  
imposition of those fines and we look  
forward to working with him."

SOT - KAY TAG

"Now, Betsy, the D-A did mention that  
if tacking on these fines means going  
to trial... he is determined to do just  
that.

THE ONE WAS APPROVED UNANIMOUSLY,

BUT THE NEXT ISSUE CONCERNING  
MCKINLEYVILLE RECYCLING WOULDN'T BE  
SO SIMPLE...THE BOARD WEIGHED THE  
OPTION OF GIVING A 20 YEAR AGREEMENT  
WITH HUMBOLDT SANITATION FOR THE  
NORTHWEST UNINCORPORATED AREA OF THE

QUESTIONED THE LENGTH OF THE DEAL,  
"I personally feel that we've got too much we're going  
through at this point to make a 20 year commitment."  
THE OWNER OF THE COMPANY SAID HE  
NEEDED A LENGTHY DEAL TO RECOUP HIS  
FORTHCOMING INVESTMENTS TO PROVIDE  
THE SERVICES  
"We're going to make some large capital expenditures,  
we need time to be able to pay for those expenditures,  
and this will help us do that."  
ANOTHER POINT OF CONTENTION WAS FLOW  
CONTROL, ESSENTIALLY GUARANTEEING  
THAT ALL OF THE RECYCLABLES WILL GO TO  
HUMBOLDT SANITATION, AND NOT OTHER  
SITES IN THE FUTURE, THE MAJORITY OF  
HUMBOLDT'S SANITATION AGREEMENTS  
DON'T COME WITH GUARANTEED FLOW  
CONTROL...

"We're providing our assurance, we're providing public security essentially to finance a new facility, very likely at the expense to successfully operate others."

MCKINLEYVILLE RESIDENTS DIDN'T THINK OTHER RECYCLING SITES SHOULD HAVE ANY IMPACT ON THEIR SERVICE

"Even though there are other areas that are juggling, I know the arc has finance issues, that is not an issue in mckinleyville...it's almost like our mckinleyville business is asked to make up for someone else's mistakes."

SUPERVISOR SUNDBERG SAID HE WAS COMFORTABLE WITH A 20 YEAR AGREEMENT AND GIVING FLOW CONTROL TO HUMBOLDT SANITATION AND MADE A MOTION (NAT) BY A MAJORITY DECISION, IT WAS APPROVED.

FOR MANY CHILDLESS COUPLES, SPERM DONATION IS ONE OPTION THAT IS TAKEN TO COMPLETE THEIR FAMILIES.

ONE CALIFORNIA MAN SEES THE NEED AND OFFERS HIS OWN SPERM FOR FREE THROUGH HIS WEBSITE.

AFTER MAKING MORE THAN 3-HUNDRED DONATIONS, THE U-S FOOD AND DRUG ADMINISTRATION TOOK NOTICE AND ARE NOW TRYING TO MAKE HIM STOP.

"I looked at all the foods that were aphrodisiacs, you know to get your sex drive up."

TRENT ARSENAULT HAS RESEARCHED ALL OF THE HEALTHIEST INGREDIENTS TO PUT IN WHAT HE CALLS HIS FERTILITY SHAKE.

THE 36-YEAR-OLD COMPUTER SECURITY TECHNICIAN SET UP A WEBSITE WITH HIS BACKGROUND AND MEDICAL HISTORY, TALKS TO COUPLES WHO ARE SEEKING HELP HAVING A BABY, AND ARRANGES FOR THEM TO COME TO HIS FREEMONT HOME WHERE HE PROVIDES THEM WITH HIS OWN SPERM...FREE OF CHARGE.

(SOT Trent Arsenault, Sperm Donor)

"What some recipients want and it seems to be an increasing trend, is they want to have at least some connection or at least have a name or a face to put with their donor."

IT STARTED WHEN ARSENAULT RESPONDED TO AN AD FROM A COUPLE ON CRAIG'S LIST IN 2006. HE SAYS SINCE THEN HE HAS PROVIDED MORE THAN 350 SPERM DONATIONS WHICH HAS LED TO THE BIRTHS OF MORE THAN A DOZEN CHILDREN.

HE SAYS HIS INDEPENDENT OPERATION ALL WENT SMOOTHLY UNTIL THE FOOD AND DRUG ADMINISTRATION CONTACTED HIM IN 2009 AND TOLD HIM HE HAD TO REGISTER HIS DONOR SERVICES WITH THE FEDERAL

GOVERNMENT.

THEN LAST YEAR A REPRESENTATIVE SHOWED UP FOR A SURPRISE INSPECTION OF WHAT THE FDA HAD CATEGORIZED AS A CLINIC.

(SOT Trent Arsenault, Sperm Donor)

"They probably usually go to clinics or hospitals so it was a little unusual to meet in my bedroom, so I set up some chairs and tables."

ARSENAULT SAYS THIS LETTER REVEALS THE FINDINGS OF THEIR INSPECTION. SIGNIFICANT VIOLATIONS OF PROCEDURES AND DOCUMENTATION. THERE ARE FEDERAL REGULATIONS HE BELIEVES HE SHOULDN'T HAVE TO ADHERE TO AS A ONE MAN OPERATION.

FOR THE LAST YEAR HE HAS BEEN FIGHTING THEIR ORDER TO, QUOTE, "CEASE MANUFACTURING HUMAN CELLS AND TISSUES."

AN OFTEN-OVERLOOKED DEDUCTION...IS THE EARNED INCOME TAX CREDIT.

AND WITH CHANGES IN THE ECONOMY, MORE PEOPLE THAN EVER MIGHT QUALIFY.

S/ Dianne Besunder, IRS Spokeswoman :50-1:03

IF YOU'RE A VICTIM OF THE ECONOMY, AND PAID MONEY THIS

OUT: STUCK IN A CHIMNEY

ATOP THE ROOF ON THIS HOME ON NORTH BAKER STREET, FIREMEN STRIP AWAY THE LOOSE BRICKS ON THE CHIMNEY. ABOUT 8 FEET DOWN, IS 20 YEAR OLD JORGE HERRERA, WEDGED INSIDE. IT TAKES A FIRE ENGINE LADDER TO PROVIDE A PULLEY SNAKING A ROPE DOWN TO THE TRAPPED MAN AND PUTTING A MIXTURE OF SOAPY WATER TO EASE HIM OUT AS THEY PULL HIM UP.

Van Riviere @ :19

Stockton, CA Fire Department

I would guess that he had his hands on the edge and released into the chimney thinking that it would be a nice smooth transition into the house and it didn't work out that way.

Rich Ibarra @ :37

Stockton, CA

WHAT ENDED UP IS THAT HERRERA'S FEET WERE ON THE FLOOR IN THE LIVING ROOM FIREPLACE AND THE REST OF HIM WAS STUCK IN THE CHIMNEY.

THE FIRE DEPARTMENT WAS QUICK TO THE RESCUE. IN FACT THEY HAD HIM OUT IN ABOUT 15 MINUTES. BUT THERE WAS SOME QUESTION HOW JORGE HERRERA ENDED UP THERE IN THE FIRST PLACE.

Initially it came in as someone cleaning a chimney, then we were told by a gentlemen living in the house that he was trying to avoid having miss curfew.

(reporter: Which was last night?)

Which was late last night.

(reporter: He's been there all night?)

It's conceivable he'd been there a long long time.

(nats)

HERRERA WAS A LITTLE DIRTY SOMEWHAT SCUFFED UP  
AND MORE THAN A LITTLE EMBARRASSED TO TALK  
HAVING SPENT THE NIGHT STANDING UP IN A 12 BY 14  
INCH CHIMNEY. FOR THIS FIRE CREW IT'S A FIRST.

This is the first person I've had stuck in a chimney.

"I yelled to claudia to see if her sister was home, she didn't hear me, and i looked down the hallway and saw all of my jewelry was gone off my dresser."

BUT THE JEWELRY WAS JUST THE START

"They got my rent money, they got most of the kids Christmas presents, some Christmas decorations, flat screen tv, her dvd player, her ipod, my laptop, my daughter's laptop."

THE THIEF DIDN'T JUST TAKE POSSESSIONS,  
BUT PEACE OF MIND

"The worst part is it scared the girls so much and it took 2 days until they would come back to the house, one of my daughters still hasn't spent the night at the house since it happened."

WHILE THE INVESTIGATION IS STILL ONGOING  
AND THE SUSPECT STILL AT LARGE, LAURA'S

 A SHOT.

"So let's go ahead and get Rosie up here on the table."

BUT HERE AT A-ANIMAL CLINIC IN FORT WORTH- DR KAREN  
 SPIKES SAYS THE RISK OF THE DOG FLU IS SO HIGH...

"Good girl! You did really good!"

...SHE IS NOW REQUIRING ALL DOGS SHE SEES TO GET A  
 VACCINE.

(Karen Spikes, Veterinarian :35-:40)

"Sometimes an owner might report decreased activity. A lack of appetite."

maybe a mild fever and definitely some sneezing and coughing. if it goes untreated it can turn into pneumonia which can be life threatening, just like in a person."

MANY PET OWNERS - LIKE ELIZABETH- DIDN'T EVEN DOG FLU EXISTED.

(Elizabeth Home - Dog Owner :56 - 1:00)

"I thought they were kidding! How can I dog get the flu?"

BUT VETS SAY THE POTENTIALLY DEADLY VIRUS HAS BEEN QUICKLY SPREADING ACROSS THE COUNTRY.

IT'S BEEN CONFIRMED IN 38 STATES INCLUDING TEXAS- WHERE RECENTLY IT'S POPPED UP IN BOTH DALLAS AND TARRANT COUNTIES.

(Karen Spikes, Veterinarian)

"The vaccine is very effective. The vaccine itself decreases the length and the severity of the disease once on board as well."

DOCTOR SPIKES SAY THE HIGHEST RISK DOGS ARE THOSE THAT ARE AROUND OTHER DOGS OFTEN.

ESPECIALLY ONES WHO STAY AT BOARDING KENNELS.

SO HER BEST ADVICE, GO AHEAD AND GET YOUR DOG VACCINATED.

IT COULD BE THE BEST PRESENT YOU GIVE THEM THIS HOLIDAY SEASON.

(Elizabeth - Dog Owner)

"It's good protection for your dog and yes, dogs can get the flu."

TAKE BETSY

(-- ANCHOR TAG --)

MOST VETS SAY THE VACCINE IS FAIRLY INEXPENSIVE, AROUND 25 DOLLARS.

YOU WILL HOWEVER NEED TO COME BACK FOR A SECOND BOOSTER SHOT ABOUT FOUR WEEKS AFTER THE FIRST ONE.

ALSO, IF YOUR DOG GETS THE FLU YOU WILL NOT CATCH IT.

"Every office building in the world has a great exercise facility that none of us ever use, called stairs."

DR. STEPHEN KOPECKY IS NO STRANGER TO THE COLD ... HE WORKS AT THE MAYO CLINIC IN SNOWY ROCHESTER, MINNESOTA ...

HE SAYS VIGOROUS EXERCISE FOR 10 MINUTES AT LEAST THREE TIMES A WEEK WILL SIGNIFICANTLY LOWER YOUR RISK FOR HEART ATTACK.

THAT ADDS UP TO ONLY 30 MINUTES A WEEK - BUT DR. KOPECKY SAYS - THAT HALF HOUR ISN'T MEANT TO BE A WALK IN THE PARK.

(SOT: Stephen Kopecky, M.D., Professor of Medicine, Mayo Clinic)

"That means like intervals, where you go hard for a couple of minutes, hard enough where you say wow I'm going to give out if I don't back off ... then you back off, don't give out, get your breath back and do it again."

IF YOU CHOOSE TO BRAVE THE WINTER WEATHER AND EXERCISE OUTDOORS - EXPERTS RECOMMEND WEARING LOTS OF LAYERS. SHIELD YOUR EXTREMITIES WITH HEAVY SOCKS, GLOVES AND CAPS - AND STAY HYDRATED.

OR - YOU COULD DO A COMBINATION OF BOTH - WORK UP A SWEAT CLEARING SNOW OFF YOUR CAR - SO YOU CAN DRIVE TO THE GYM.

CHRISTIAN BROPHY @ :59

Deploying to Afghanistan

A South Florida soldier returns home from a tour of duty in Afghanistan. And now that he's back, his new mission is to help those currently overseas keep in touch with their families.

"iPads for Soldiers" is a program his family started while he was gone.

And as Maggie Newland reports, he's now joined his family's mission.

--REPORTER PKG-AS FOLLOWS --

IT'S THE GIFT SO MANY MILITARY FAMILIES WISH FOR -- A SOLDIER'S SAFE RETURN.

It's the best Christmas, my son Wes is back from Afghanistan.

It's such an incredible feeling being home.

IT'S CLEAR CAUSE FOR CELEBRATION THIS CHRISTMAS AT THE PRITCHETT HOUSEHOLD IN KEY BISCAZYNE.

That makes really what Christmas is all about, all of us being together but we're always thankful that he's here, but thinking of all the guys that are there and all the guys that have served.

THE FAMILY ISN'T JUST THINKING ABOUT OTHER SOLDIERS, THEY'RE DOING EVERYTHING THEY CAN TO SUPPORT THEM. WINNIE PRITCHETT STARTED THE IPADS FOR SOLDIERS PROGRAM AS A WAY TO KEEP TROOPS CONNECTED WITH FRIENDS AND FAMILY.

The best thing is we started this thinking it was gonna be a small thing one or two times giving out one or two iPads.

BUT THE PROGRAM GREW AND THIS YEAR 600 TROOPS OVERSEAS AND IN THE HOSPITAL HAVE RECEIVED IPADS.

Whether it's reading books or playing games, it's really easy just to break the day to day grind of war.

THE PRITCHETT'S FAMILY FRIEND, CHRISTIAN BROPHY, WILL TAKE ONE WITH HIM WHEN HE DEPLOYS TO AFGHANISTAN LATER THIS YEAR.

It's a great feeling being able to talk to your family and friends, which is a very important thing in this life, especially as a soldier, that's one thing you want to remain the most is in contact with people and that tool is a great help.

A GIFT NOT JUST FOR THESE SOLDIERS BUT THEIR FAMILIES BACK HOME.

I'm very proud of him but as a mother, I'm very worried. It's gonna keep me in

AND WITH THEIR CHRISTMAS WISH FULFILLED, THE PRITCHETTS  
HOPE THE NEW YEAR WILL BRING MORE IPADS FOR SOLDIERS,  
MORE CONNECTIONS TO HOME.

THERE'S A NEW TREATMENT TO STOP DEADLY BRAIN ANEURYSMS BEFORE THEY RUPTURE.

ONE IN 15 PEOPLE WILL DEVELOP A BRAIN ANEURYSM AT SOME POINT IN THEIR LIFE. THEY HAPPEN WHEN AN ARTERY STARTS TO ABNORMALLY BULGE OUTWARD.

IF IT GOES UNDISCOVERED, IT CAN RUPTURE AND THAT CAN LEAD TO STROKE, BRAIN DAMAGE OR EVEN DEATH.

DOREEN GENTZLER REPORTS.

DOREEN GENTZLER

DR. WAYNE OLAN  
George Washington University Hospital:45 - :51

(-- PKG --)

(SOT: GAIL LAWRENCE, ANEURYSM PATIENT)

"I kept having headaches, really bad headaches and they told me it was nothing, really bad migraines."

BUT WHEN GAIL LAWRENCE STARTED EXPERIENCING JAW PAIN AND SWELLING ON TOP OF HER PAINFUL HEADACHES, SHE WENT TO THE HOSPITAL. THAT'S WHEN DOCTORS DISCOVERED A LARGE ANEURYSM IN HER BRAIN.

(SOT: GAIL LAWRENCE, ANEURYSM PATIENT)

"I didn't understand what it was until the doctor finally told me I could die from this. It was scary."

(REPORTER STANDUP: DOREEN GENTZLER)

"Gail Lawrence's aneurysm was big and it could have been deadly. Not too long ago the only option for her would have been brain surgery. The kind where they open up your skull and put a clamp on the vessel, but now a new procedure is helping patients like Gail avoid that kind of surgery."

(SOT: DR. WAYNE OLAN, GEORGE WASHINGTON UNIVERSITY

HOSPITAL)

"It happens to be a very simple concept. What it does it restores the wall of the vessel."

GEORGE WASHINGTON UNIVERSITY HOSPITAL NEUROSURGEON  
DR. WAYNE OLAN SAYS BRAIN ANEURYSMS FORM WHEN THE  
WALL OF A BLOOD VESSEL STARTS TO BULGE. PRESSURE FROM  
BLOOD FLOW CAN MAKE THE BULGE BIGGER, CAUSING IT TO  
EVENTUALLY RUPTURE.

NOW DOCTORS ARE USING A NEW DEVICE CALLED PIPELINE. IT'S  
ACTUALLY A STENT FOR THE BRAIN THAT'S IMPLANTED USING A  
CATHETER THAT GOES THROUGH AN ARTERY IN THE THIGH. SO  
THERE'S NO BRAIN SURGERY INVOLVED.

(SOT: DR. WAYNE OLAN, GEORGE WASHINGTON UNIVERSITY  
HOSPITAL)

"The Pipeline device forms a new wall of the blood vessel, a nice normal  
wall. It lets the body heal the aneurysm, prevents the blood from getting in  
there, taking away the risk of rupture."

OLAN SAYS IN ABOUT THREE MONTHS, THE BODY WILL  
NATURALLY SHRINK THE ANEURYSM AND ALL SIDE EFFECTS LIKE  
THOSE PAINFUL HEADACHES, SHOULD GO AWAY ON THEIR OWN.

(SOT: DR. WAYNE OLAN, GEORGE WASHINGTON UNIVERSITY  
HOSPITAL)

"The alternatives for her and a lot of other patients is surgery. Now it is a  
safe option and it's done well, but it's much more traumatic. The  
recoveries are usually much longer and carry with them some other risks."

ANOTHER NEWER PROCEDURE ALSO INVOLVES GOING THROUGH  
THE FEMORAL ARTERY TO GET TO THE BRAIN. DOCTORS SIMPLY  
FILL THE ANEURYSM WITH PLATINUM METAL. BUT THAT  
PROCEDURE PUTS PATIENTS AT HIGHER RISK OF SIDE EFFECTS,  
INCLUDING CREATING NEW BLEEDS IN THE BRAIN.

(SOT: DR. WAYNE OLAN, GEORGE WASHINGTON UNIVERSITY  
HOSPITAL)

"This procedure only took about an hour and 10 minutes. She never got a  
haircut, never got her skull cut open. She went home the next day."

GAIL LAWRENCE WAS THE FIRST PERSON AT GW HOSPITAL TO  
UNDERGO THE PIPELINE PROCEDURE. SHE SAYS THE  
PROCEDURE WASN'T PAINFUL. IN FACT, AFTER THREE DAYS OF

HOW WILL YOU REMEMBER THE YEAR 2011?  
IF YOU'RE LIKE MOST AMERICANS, IT WON'T  
BE FONDLY.

A NEW ASSOCIATED PRESS-GFK POLL  
ASKED A THOUSAND PEOPLE ABOUT THE  
PAST YEAR, AND ABOUT THE YEAR AHEAD.  
NBC'S JANEL KLEIN HAS MORE DETAILS  
ABOUT THAT POLL.

TRT: 1:32

((TAKE PKG))

WHEN THE NEW YEAR'S BALL DROPPED TO START 2011, IT  
WASN'T THE ONLY THING THAT WENT DOWN.  
AMERICANS' HAPPINESS ALSO SANK, AND NEARLY 70 PERCENT  
SAY 2011 WAS A BAD YEAR.. BUT MANY ARE HOPEFUL FOR 2012.

(sot / Sara Malloy - Charlotte, NC :16 - :22)

"2011 we saw a turnaround, we're on the upswing. But it's not going to  
happen anytime soon."

A NEW AP POLL ALSO SHOWS LESS THAN 30 PERCENT CALL THE  
YEAR A SUCCESS.

THE REASON? FOR MANY IT'S MONEY. FOOD AND FUEL COSTS  
SPIKED THIS YEAR...

...AND MILLIONS STRUGGLED TO FIND JOBS, WITH  
UNEMPLOYMENT AT NEAR-RECORD HIGHS.

(sot / Mark Vitner - Wells Fargo, Senior Economist :38 - :50)

"I don't think anybody is REAL optimistic about 2012 though, I think when  
you say they are more optimistic it's more than they've been in recent  
years which has been near historic lows.

BUT THE END OF THE YEAR BROUGHT THE START OF GOOD  
THINGS. GAS PRICES DROPPED, SHOPPING IS STRONG, AND THE  
US HAS ADDED A HUNDRED THOUSAND NEW JOBS FOR FIVE  
MONTHS RUNNING, ALL SIGNS THERE'S MORE FAITH IN THE  
ECONOMY.

"I think things are turning around, you can feel it you see it. Look at the spending in the stores the holiday season. I'm optimistic it's going to be a great year."

THE POLL SHOWS 62 PERCENT OF AMERICANS THINK THE NEXT 12 MONTHS WILL BE A GOOD FOR THE COUNTRY, HOPING 2012 WILL BE A YEAR TO REMEMBER, AND THAT 2011 IS ONE THEY CAN FORGET.

A PILOT PROJECT IN ALBERTA IS WORKING TO GIVE SENIORS MORE INDEPENDENCE. HEALTH OFFICIALS IN THE CANADIAN PROVINCE ARE TESTING NEW TECHNOLOGIES THAT WIRE HOMES WITH CAMERAS AND COMPUTERS. THEY WANT TO SEE IF THE MONITORING SYSTEMS CAN MAKE IT EASIER FOR OLDER CANADIANS TO LIVE BY THEMSELVES. THE CBC'S BRIAR STEWART HAS MORE.

Ben Krzysilk has multiple sclerosis.

The disease erodes his mobility but for him that's not the most stressful part.

(sot/ Ben Krzysilk :12-:16)

"I can live with the MS. It's my illness, but it makes it extremely difficult on the caregivers."

That's why he and his wife eagerly signed up to test whether smart technology could help in their home.

(natsot- "we have a motion sensor up to our left, we have a camera up here to our right.")

For a couple hundred dollars a month nearly every room in Krzysilk's house is monitored with cameras and sensors all designed to track his movements.

The video streams online so when he is alone his family can log on and look in.

(covered sot-"I just feel better knowing that he is safe.")

Sensors can detect if Krzysilk has fallen and notifies his family.

Penny Landry relies on the system.

She has Parkinson's and frequently loses her balance.

(sot/ Penny Landry 1:02-1:06)

"There is a lot of times that I wouldn't have been able to cope with anything without it being here. It has definitely allowed me to stay in my own home for a lot longer."

And that's the goal of this year-long pilot project.

(standup bridge/ Briar Stewart/ CBC News 1:15-1:24)

"Health officials in Alberta wanted to test the technology in more rural areas. Communities where home care support can be limited and the wireless signal isn't always as strong."

(natsot- "This mat here is a bed sensor.")

Families can be contacted when the system detects a problem or a break in routine.

For example if someone is sleeping too much, or wandering.

(sot/ Tracy Raadik Ruptash/ Alberta Health Services 1:36-1:40)

"The alarms go right to the family member They can be reached by smart phone, email."

This smart home technology is more common in the U-S and in Europe.

But this researcher says there has been a recent surge of study in Canada.

(sot/ Alex Mihailidis/ University of Toronto 1:49-1:52)

"Things that we were trying to do five years ago we can do very easily now because computer processing time is very cheap, and also the funding that researchers are receiving for this is starting to increase, as well."

The Krzysilks will keep this technology until the project is complete in March.

Then they will likely have to decide whether they will pay to keep all those cameras and the peace of mind.
