THE TODAY SHOW

MONDAY THRU FRIDAY

7:00 - 9:00 AM

President Obama has decided to get Congress's approval on his decision to take military action in Syria. Syria has used chemical weapons against its own people. Many think the President has taken a 180° turn around because he would not have the support of Great Britain due to their parliament's vote that ended in a "no". The Secretary of State - John Kerry - has been frequently talk shows & news shows to explain the President's case.

THE TODAY SHOW

MONDAY THRU FRIDAY

7:00 - 9:00 AM

It appears that the Government will shut down tonight at midnight. It will be the first shutdown in 17 years. Republicans claim they will not fund the government unless the controversial healthcare plan - "Obamacare" - is delayed for one year. Democrats who control the Senate & the White House are not budging on the healthcare law, and it appears most of the blame will fall on Republicans, as the healthcare bill is already law.

AG DAY

MONDAY THRU FRIDAY

5:30 - 6:00 AM

Can Washington lawmakers settle on a new Farm Bill?

The House passed a nutrition bill that will ultimately mitigate the negative effects of an unpassed farm

Bill as talks continue. RABOBANK says farmland values

will have higher interest rates & that central land values could drop 15% over the next few

years. Michigan is 1st largest apple producer

& after a bad year last year, this year is

exceptionally beautiful for the apple harvest.

U.S. FARM REPORT

SUNDAY

~~6:00-7:00 AM~~

5:00-6:00 A.M.

USDA crop progress report shows corn progress is going down in the United States. 40% of United States pastures are doing 'excellent' this year. Hay supplies are in need, not enough to get through winter. Mike Flores from a trading company discussing markets and crops, not thinking anywhere close to perfect. Brian Basting another trading company discussing how low corn will be this year, not less than \$5 a bushel since 2010. Wheat, corn and bean doing very poor right now; people might be looking for loans.

U.S. FARM REPORT

SUNDAY

~~6:00-7:00 AM~~
5:00-6:00 A.M.

Potash Prices could send fertilizer prices down. President Obama is responding to a fertilizer plant explosion in west Texas. Japan lifts its ban on U.S.A. white wheat. No G.M.O.s detected in most recent batches of wheat. According to Mark Gold, we are having a weak market, but the corn crop is getting bigger. 280 bushel potential with variations. There is debate on whether the bean yield will be disturbed by early frost. Brazil has a lot of corn and could push U.S.A. prices down. Large bean planting next year.

U.S. FARM REPORT

SUNDAY

~~6:00-7:00 AM~~
5:00-6:00 A.M.

Giant holes when looking @ Iowa crops and acres, some crops are having a hard time. Many of these crops are rated highly according to USDA but when looking @ crops 1,000 ft in the air, they look poor. Many corn acres might switch to soybeans, crops are well but prices aren't doing so well. Dustin ~~is~~ a guest on the show curious how the market will react. A lot of traders short this year than many other years, some of it due to frost and weather conditions. Shortage in corn means the market goes down.

U.S. FARM REPORT

SUNDAY

~~6:00-7:00 AM~~
5:00-6:00 A.M.

Despite the slow, wet start to planting the corn crop this year, the USA still thinks it will make increases over last year. There are 1.6 billion square acres prevented from planting. Heavy rain in Kansas & Missouri affecting crops. The last thing cattle drivers want to see is higher gas prices. US stocks are tight. Curve demand & grow supply by raising prices. Childhood Obesity has peaked & is beginning to fall. Most point to health programs targeting youth.

U.S. FARM REPORT

SUNDAY

~~6:00-7:00 AM~~
5:00-6:00 A.M.

Decline in the nation's corn crop due to heat wave.
This year should be a higher projected income than
2012. Central United states are looking to avoid
an early frost. The bean market needs 3 grades
starting in October. Brazil & Argentina have
frosted wheat, while the USA has bountiful wheat.
Wheat is fed to corn due to feedings. We don't
know what the extensive damage that the frost did.
Canada had a record wheat harvest this year.

ABOUT a school and some of the children who went there; specifically a private school. A teacher @ the private school was physically and mentally abusive. Very religious man - catholic school? Lied about things such as a man walking on the moon, claimed he was a prophet like Jesus Christ; "the end is near..." The ^(student) woman got married to the "prophet" who was 87 years old; she was 19. The abusive teacher was the prophet's son and he became less abusive; he would even have sex with her ... @ 87... once she started refusing him, things got worse.

9-11pm

7:00-8:00 PM

An attractive white male, Matt, got poisoned. He was a hockey player and loved life - wanted to join police force. His dad was a police officer as well. But what Matt wanted most of all was a family. He got married to some chick named Holly. After a few kids Matt got depressed, started feeling pain, kidney stone! Questions started coming up. He ended up getting Anti-freeze poisoning. Holly and her sister have a feeling that his death was caused by someone he worked with out of vengeance; the family felt as though no police officers or detectives cared to solve the case.
