LIKE THOUSANDS OF OTHER COUPLES IN THE U.S. STRUGGLING WITH FERTILITY... MELANIE THERNSTROM AND HER HUSBAND MICHAEL CALLAHAN CONSIDERED ALL OF THEIR OPTIONS... FINALLY SETTLING ON THIRD PARTY REPRODUCTION... NOW, MELANIE AND MICHAEL ARE PROUD PARENTS OF WHAT THEY CALL "TWIBLINGS"... A BROTHER AND SISTER... BORN ALMOST SIMULTANEOUSLY... IN DIFFERENT WOMBS. THIS IS THEIR STORY.

(-- PKG --)

LIKE MANY MODERN FAMILIES ... THE ROAD TO PARENTHOOD WAS A COMPLICATED ONE FOR MELANIE AND MICHAEL.

I'd always wanted to be a mom and i'd always knew that. it made me really angry when i was struggling with infertility.

During the course of 6 ivf treatments you start to come to the conclusion that its not likely to succeed and you have to look at alternatives and we ended up settling on third party reproduction.

AND SO BEGAN THE SEARCH FOR A DONOR TO PROVIDE EGGS AND A SURROGATE WHO WOULD CARRY THE BABY.

I think that it's much easier for them to give up the child when they dont have a genetic connection to them and it doesn't have a genetic connection to their children. it just is a simpler thing.

MELANIE AND MICHAEL HOPED FOR TWINS BUT WERE SCARED BY THE POSSIBILITY OF ADDING RISK TO AN ALREADY HIGH RISK PREGNANCY.

SO THE COUPLE SOUGHT OUT TWO SURROGATES ... WHO WOULD EACH CARRY AN EMBRYO AT THE SAME TIME.

My name is Fia and //im a gestational carrier for Violet

My name is Melissa//and was a gestational carrier for Kieran

WITH A BABY BOY AND GIRL BORN 5 DAYS APART ... MELANIE AND MICHAEL ARE PARENTS OF NOT TWINS ... BUT TWIBLINGS:

although they are full genetic siblings they were carried by 2 different surrogates.

I had 3 relatively easy pregnancy with my own children //and it was just a very special time in my life// and i thought i'd be able to help somebody else be a mother. somebody else be a father.

I think that the birth was a great experience for Melanie and Michael..Kieran was born a couple of days before Violet//Michael did a great job at the head of the bed and mel was right down sitting in a chair right next to my legs so when kieran came out she went skin to skin with him and she cut the cord and it was just a peaceful great experience for them to have and for kieran and for myself as well.

-I'd never been helped in such a profound way by a stranger before. //it felt like an incredibly auspicious way to start our children's lives.

I always wanted to be a father but its been a complete astonishment to me how joyful its been to actually be a parent and to actually have the relationship with the children i didn't know that i would enjoy it as much as i do. its amazing (emotional)

"they found at that time a small bit of prostate cancer."

WALSH WAS A HEALTHY 72 YEAR OLD MAN ONE MINUTE, AND A CANCER PATIENT THE NEXT.

(SOT Kevin Walsh, Prostate Cancer Patient)

"I was scared. I was very scared."

HE TALKED TO HIS DOCTOR ABOUT HIS OPTIONS...HE COULD EITHER WATCH AND WAIT OR ACT NOW AND ELIMINATE THE CANCER BEFORE IT PROGRESSED.

WALSH OPTED FOR A RADIOSURGERY TREATMENT AT SAINT FRANCIS HOSPITAL CALLED CYBERKNIFE.

(SOT Kevin Walsh, Prostate Cancer Patient)

"If I had this done, they indicted there was a good chance I wouldn't die of prostate cancer."

(STANDUP Monica Buchanan, Reporting)

"When you hear Cyberknife, you probably think of scalpels and surgery, but there's absolutely no cutting in this procedure. Walsh says there's another bonus to this treatment- you get to keep your clothes on."

(SOT Kevin Walsh, Prostate Cancer Patient)

"i'm dressed like this. It's only an hour and half, I just lay down and watch a movie, there's no pain, no discomfort."

THAT'S BECAUSE THIS ROBOTIC ARM DELIVERS VERY PRECISE

DOSES OF RADIATION.

(SOT Dr. Richard Shumway, Dir., Cyberknife Center)

"because of that precision we are able to give much larger doses of radiation everyday. So with prostate cancer we can treat 5 sessions over one week, instead of 8 weeks of daily treatments."

THE ARM MOVEMENT ALLOWS THE RADIATION TO ENTER AT DIFFERENT ANGLES....

THAT KIND OF ACCURACY SAVES NEARBY ORGANS FROM RADIATION EXPOSURE.

NOT ONLY THAT, THE ROBOT IS CONSTANTLY ADJUSTING, EVEN TO THE PATIENT'S BREATHING.

(SOT Dr. Richard Shumway, Dir., Cyberknife Center)

"it has technology that is able to detect how these cancers are moving inside the patient while they are lying there breathing, because many of these things will move up and down, left and right."

NOT ALL TUMORS CAN BE TREATED WITH CYBERKNIFE, BUT IT'S A GROWING OPTION FOR MANY CANCER PATIENTS, LIKE WALSH.

(SOT Dr. Richard Shumway, Dir., Cyberknife Center)

"it allows them to get back to their life without having to put them through major surgery without having to put them through weeks and weeks and weeks of radiation..."

POLICE IN SAN JOSE ARE INVESTIGATING A MURDER SUICIDE THAT CENTERS AROUND A MISSING PERSON CASE FROM 2001. POLICE SAY IT BEGAN WHEN THE SIBLING OF A MISSING WOMAN CONFRONTED THE MAN WHO WAS ONCE A SUSPECT IN THE CASE. LILIAN KIM REPORTS.

((PKG))

MAURICE NASMEH HAS LONG MAINTAINED HIS INNOCENCE THAT HE HAD NOTHING TO DO WITH THE 2001 MURDER OF JEANINE HARMS OF LOS GATOS. HARMS' BROTHER, WAYNE SANCHEZ, ACCUSED NASMEH OF KILLING HIS SISTER.

THE TWO RAN INTO EACH OTHER AT THE RED ROBIN RESTAURANT WHERE POLICE SAY THE CONFRONTATION OCCURRED.

"We do have information that makes us believe that the suspect was accusatory towards the victim.

SANCHEZ LEFT THE RESTAURANT, THEN RETURNED, BUT NASMEH WAS ALREADY GONE.

HE WAS HEADING TO THE PEET'S COFFEE NEARBY.

"The suspect followed him and they had a second conversation, at this point, we aren't sure what the conversation was about. But the suspect retrieved a handgun, and shot...fatally shot the victim."

BYSTANDERS CALLED 9-1-1, AND AS SOON AS POLICE ARRIVED, MORE GUNSHOTS.

"This is simply just a terrible tragedy that, you know, because of events that took place beginning in 2001, the Sanchez family has lost two children and now the Nasmeh family has lost one of theirs."

NASMEH HAD BEEN THE ONLY ONE CHARGED WITH THE MURDER OF JEANINE HARMS, ALTHOUGH HER BODY WAS NEVER FOUND.

HE WAS ONE OF TWO MEN OUT DRINKING WITH HER THE NIGHT BEFORE SHE DISAPPEARED.

YET DESPITE HAVING FOUND WHAT INVESTIGATORS SAY WERE KEY CARPET FIBERS IN HIS CAR, CHARGES AGAINST NASMEH WERE DROPPED.

A TECHNICIAN WHO TESTED THE FIBERS HAD FAILED PROFICIENCY TESTS IN FIBER ANALYSIS.

NOW WITH NASMEH'S DEATH, IT'S UNCLEAR WHAT WILL HAPPEN TO THE HARMS MURDER CASE.

AS FOR NASMEH'S MURDER, SAN JOSE POLICE ARE TRYING TO FIGURE OUT IF HARMS' BROTHER WAS STALKING NASMEH OR IF THE TWO MET SATURDAY NIGHT BY COINCIDENCE.

"That's something that we always look into, whether an incident of this nature is premeditated, or if it's something what we call a heat of passion, where they just ran into each other, then the suspect became upset and went and retrieved a gun."

RIGHT NOW, THE ONLY WAY TO DETERMINE FOR CERTAIN THAT A PATIENT HAS ALZHEIMER'S IS BY TAKING A BRAIN TISSUE SAMPLE OR DURING AN AUTOPSY. BUT NOW RESEARCHERS SAY YOU MAY BE ABLE TO FIND OUT IF YOU'RE AT RISK OF THE DISEASE WITH A SIMPLE BLOOD TEST. MARIANNE FAVRO EXPLAINS.

ONE IN EIGHT CALIFORNIA BABY BOOMERS WHO REACH AGE 55 WILL DEVELOP ALZHEIMER'S DISEASE BY THE YEAR 2030, THAT'S ACCORDING TO THE ALZHEIMER'S ASSOCIATION. WILL YOU BE ONE OF THEM?

YOU MAY SOON BE ABLE TO FIND OUT EARLY.

(SOT Kristine Yaffe, UCSF Neurology, Psychiatry Professor)

"We were able to find a good blood test that predicted people who were at risk for cognitive impairment."

AT U-C-S-F, LEAD RESEARCHER DR. KRISTINE YAFFE STUDIED NEARLY A THOUSAND OLDER PEOPLE WITHOUT DEMENTIA FOR NINE YEARS.

SHE FOUND THAT THOSE WITH VERY LOW LEVELS OF A CERTAIN TYPE OF PROTEIN IN THEIR BLOOD SHOWED SIGNIFICANT COGNITIVE DECLINES COMPARED WITH PEOPLE WHO HAD HIGHER LEVELS OF THE PROTEIN.

THE QUESTION NOW IS WOULD YOU GET A SIMILAR BLOOD TEST IF IT WAS OFFERED AT YOUR DOCTOR'S OFFICE IN THE FUTURE?

(SOT Antonio Savala, San Francisco)

"Absolutely because one needs to know what the possibilities are in the future so you know you can have options or make plans."

THE STUDY ALSO INDICATES HIGH RISK PATIENTS MIGHT BE ABLE TO DO SOMETHING TO FIGHT OFF THE SYMPTOMS OF THE BRAIN RAVAGING DISEASE.

(SOT Kristine Yaffe, UCSF Neurology, Psychiatry Professor)

"So lets say you got this blood test and it shows that you're at risk, it's theoretically possible that one could be more cognitively active, try and use the brain more and take advantage of the brain's plasticity so that you might not have as much decline over time."

THERE IS NO CURE FOR ALZHEIMER'S, BUT IF AN ACCURATE BLOOD TEST CAN LEAD TO EARLY DETECTION, PATIENTS MAY FIND GREATER HOPE IN THEIR GOLDEN YEARS.

So, if the eggs are cheaper than what you normally see, the milk number two

"the bad guys are going out there on social networks, they're trying basically all tricks on new platforms.

PLATFORMS...LIKE TWITTER ...MYSPACE.. AND LINKEDIN... IN ADDITION TO FACEBOOK.

...ARE ESPECIALLY VULNERABLE IN WI-FI ENVIRONMENTS.. TO A HACKING TECHNIQUE CALLED "SIDEJACKING"

(Sot / Joris Evers / McAfee Internet Security )

"which means that if you're sitting at a public hot spot, a public wireless hotspot like at an airport or a coffee shop somebody can just grab your user credentials for a site like facebook out of the clear sky.

SO, THE TOP ADVICE FROM EXPERTS.. DON'T GO TO SOCIAL SITES USING PUBLIC WI-FI...

STEVE CHAMBERLIN  
Lightning Strike Survivor :45-:55

LOUIS TURNER  
NBC News 1:00-1:05

(-- PKG --)

STEVE CHAMBERLIN HAS PLAYED FIVE OR SIX ROUNDS OF GOLF IN THE LAST THREE WEEKS USING THESE CLUBS THAT STILL HAVE CHARRED BLACK BURNS FROM WHEN LIGHTNING EXPLODED THROUGH THE STEEL SHAFTS.

"You just went out and played with them today, Oh yeah. How did they hit? Depends on which hole."

HE'S IN GREAT SPIRITS MAYBE BECAUSE HE KNOWS HOW LUCKY HE IS AFTER BEING STRUCK BY LIGHTNING AT THE ST. JOHNS GOLF AND COUNTRY CLUB TWO MONDAY'S AGO.

"It wasn't raining that hard, a light rain."

THAT'S WHEN HE SAYS SOME CLUBHOUSE WORKERS TOLD HIS GROUP IT WAS TIME TO GET SHELTER.

"They said they would bring us in and feed us and then if it cleared up, we could go back out."

THEY WERE ON THE LAST HOLE OF A TOURNAMENT ,ONLY TWO SHOTS LEFT TO THE GREEN

THEY COULD HAVE MARKED THEIR BALLS.

"OR do yall want to finish out, they said let's finish and I said I'm game.

Big mistake"

HE SAYS HE DOESN'T REMEMBER HEARING A SOUND JUST A WHITE FLASH AS HE WAS GRABBING A CLUB FROM HIS BAG.

THE LIGHTNING STRUCK THE GROUND ABOUT 12 FEET FROM HIS CART AND RACED THROUGH HIS BODY.

"I knew that flash, I remember hollering I'm hit and I fell over. It was like my lower back and back of my legs were on fire."

CHAMBERLIN SPENT ONE NIGHT IN THE HOSPITAL.

LUCKY CONSIDERING MORE THAN 500 PEOPLE HAVE BEEN KILLED BY LIGHTNING STRIKES IN FLORIDA SINCE 1959.

LIGHTNING IS SECOND ONLY TO FLOODING IN THUNDERSTORM RELATED DEATHS.

"lighting burns right there."

HE'LL HOLD ON TO THE MOMENTOS FROM THE DAY BUT SAYS HE'LL NEVER NEED A REMINDER.

"It changed the way I'll play in a storm. If I hear lightning I'm heading to the house."

HE CAN ALWAYS TAKE A PEEK AT HIS 8 IRON TO SPARK HIS MEMORY.

"People say you can just finish, not really, you may not ever finish."

SOME FACTS TO REMEMBER:

IF YOU CAN HEAR THUNDER YOU CAN BE STRUCK BY LIGHTNING.

AND THE STRONGEST LIGHTNING OFTEN COMES BEHIND THE THUNDERSTORM.

SO JUST BECAUSE IT'S PASSED BY, DOES NOT MEAN IT'S OK TO GET BACK ON THE COURSE.

DOWNTOWN CAIRO IS BEGINNING TO LOOK LIKE A BATTERED WAR ZONE AS THE SKIRMISHES BETWEEN PROTESTORS AND SUPPORTERS OF EGYPTIAN PRESIDENT HOSNI MUBARAK CONTINUED WELL INTO THE NIGHT. NBC'S RICHARD ENGEL REPORTS FROM THE EGYPTIAN CAPITAL ON A SECOND STRAIGHT DAY OF VIOLENCE.

((PKG))

TAKE PKG: 1:47

Downtown cairo was again a battleground today. Tahrir square has become a primitive, fortified camp for demonstrators demanding that President Mubarak resign.

CAIRO @:01

The demonstrators hide behind a phalanx of metal shields to throw rocks at Mubarak supporters, who attack the protesters from the edges of the square.

RICHARD ENGEL

It's a bizarre scene.. with protesters defending the square with Molotov cocktails and even firebombs.. like medieval castle under siege. last night the protesters had to fight hard to hold the square.. fending off hundreds of Molotov cocktails.. and gunfire. Several protesters were killed.

CAIRO

For the army, the gunfire was too much. A tank rolled between the two sides.. laying down a smokescreen to protect the protesters.

OUT: STANDARD.

Today the army sent more soldiers to stand between the competing demonstrators.. acting as human shields.

The troops did reduce the violence significantly -- giving protesters time to treat the injured at makeshift infirmaries.

Hosni Mubarak wants to kill, kill all Egyptians.

Witnesses say there are hundreds of injured in the square.. bruises, broken bones.. burns.. and some gunshot wounds.

This morning it was a disaster, disaster! They shot us directly.

NOT RECEIVED COMPLAINTS ABOUT THE PRACTICE. EXECUTIVE DIRECTOR BILL HOSHIJO SAYS THE LAW PROHIBITS DISCRIMINATION BASED ON RACE, COLOR, SEX, INCLUDING GENDER IDENTITY OR EXPRESSION, SEXUAL ORIENTATION, COLOR, RELIGION ANCESTRY OR DISABILITY. HOSHIJO COULD NOT TALK SPECIFICALLY ABOUT THE RESTAURANT, BUT SAID THE LANGUAGE ON THE MENU -- REFERRING TO NON-ENGLISH SPEAKING CUSTOMERS -- COULD BE A PROBLEM.

"Discrimination based on language is ancestry discrimination." BUT HE SAYS THE COMMISSION MAY ALSO HAVE TO INQUIRE ABOUT THE PRACTICE OF CHARGING NON-SPEAKING GUESTS THE 15% GRATUITY.

"Places of public accommodation can come up with different ways to address those concerns that are non discriminatory. "

JOHNSON'S MOTHER IN LAW IS EMBARRASSED AND DOESNT WANT TO GO ON CAMERA... SO SHE TELLS US HER STORY... FOR THE SAKE OF TELLING YOU THIS STORY WE WILL CALL THE VICTIM SUSAN... SUSAN RECEIVED A PHONE CALL OUT OF THE BLUE...

"the person who had called her said that her grandson was in jail in

THE MONEY ORDER HAD ALREADY BEEN CASHED.

THE PRELIMINARY HEARINGS FOR THE BELL CALIFORNIA CITY OFFICIALS ACCUSED OF MISAPPROPRIATING MILLIONS OF DOLLARS IN PUBLIC FUNDS...IS REVEALING NEW DETAILS ON HOW THE CITY WAS BEING GOVERNED... LORENZO VELEZ, THE ONLY BELL CITY COUNCILMAN NOT ARRESTED ON POLITICAL CORRUPTION CHARGES, WAS ASKED THE QUESTION TODAY IN HIS OPINION, UP UNTIL LAST JULY, WHO RAN THE CITY OF BELL.

"In my opinion? Mr. Robert Rizzo."

RIZZO, WHO WAS NOT IN COURT TODAY, FACES A BATTERY OF POLITICAL CORRUPTION CHARGES THAT COULD LAND HIM MORE THAN 50 YEAR BEHIND BARS. WHEN HE LEFT BELL, HE WAS MAKING NEARLY \$850 THOUSAND A YEAR AND VELEZ TOLD THE JUDGE TODAY EVERYTHING THAT WAS DONE IN BELL HAD TO BE DONE WITH A STAMP OF APPROVAL FROM MR. RIZZO.

"When I was on the city council -- as a citizen I thought the council was the one that ran the city. But when I started participating in there, I found out otherwise that everything had to go through Mr. Robert Rizzo before it can be put on -- before it can be addressed, literally."

Rarely can a curfew be so completely ignored...the presence of tens of thousands in Tahrir Square spoke volumes about the regime's inability to influence let alone control this uprising.

After 17 days of high drama the rumors have encouraged people here to think that this might be the final act of the president's immediate resignation.

(Stand up:John Irvine/Reporting:28-40)

"The people here will tell you that Hosni Mubarak is out of favor, out of touch and out of time. The crowd is expectant but they won't believe it until they see it and hear it from the man himself."

And in the end they were disappointed he appeared before them to announce he's staying in office to oversee a transfer of power.

(MUBARAK)

"I announced that I am committed to take my responsibilities to guard the nation and the people until the power and responsibilities will be handled over to the one selected by electors in the next elections in September."

He knew that would disappoint so he sought to mollify.

(Mubarak)

One army officer even took to the stage to denounce his commander in chief.

But behind the scenes the military continued to call the shots and as rumors swirled of Mubarak's resignation there was a statement by the armed forces suggesting the protesters' demands would be met.

This evening Egyptian television broadcast these pictures of Mubarak meeting his vice president there was speculation he would take over, but while some powers are being transferred Mubarak remains in control.

BUT THIS LATEST PHONE SCAM... LEAVES HER OWN MOTHER IN LAW OUT 15 THOUSAND DOLLARS...

VICTIM' S DAUGHTER-IN-LAW

"my husb had been speaking with her. she said she had some business to take care of. but she couldn't tell him about it yet."

JOHNSON'S MOTHER IN LAW IS EMBARRASSED AND DOESNT WANT TO GO ON CAMERA... SO SHE TELLS US HER STORY... FOR THE SAKE OF TELLING YOU THIS STORY WE WILL CALL THE VICTIM SUSAN... SUSAN RECEIVED A PHONE CALL OUT OF THE BLUE...

"the person who had called her said that her grandson was in jail in texas. i believe she said "michael?" and they said, "yes we'll have you speak to michael. and she believed it was her grandson on the phone who asked her to wire 5,000 dollars to this policeman for bail money."

AS A CONCERNED GRANDMOTHER, SUSAN WIRED THE MONEY. BUT SHE KEPT IT A SECRET.

"one of the big probs with this is one of the persons who claims to be a policeman said they were working to get out of jail and they

needed her not to tell anybody because the judge issued a gag order."

SUSANS PHONE RANG AGAIN...

"of course they were all happy because they got some money. they thought oh lets get some more money. they asked for money for an attorney so she wired more money."

BY TIME SUSANS FAMILY FOUND OUT, IT WAS TOO LATE. THE MONEY ORDER HAD ALREADY BEEN CASHED.

"they have ways of getting info out of people that is very sneaky."

BUT TO:

"they're not only a problem here in hum co but in del norte, in ca and all over the country. they do seem to be on the rise."

AREA ONE AGENCY ON AGING SAYS SEVERAL MONTHS AGO, A FORTUNA WOMAN FELL VICTIM TO THE SAME EXACT HEIST COSTING HER 4 THOUSAND DOLLARS... THE CALLER USING THE SAME TACTICS.

"this generation is robustly independent. and they are courteous. so someone comes to the front door they open the front door. someone calls them on the phone, they answer the phone. younger folks don't do that. they screen their interactions a little more closely."

SUSAN AND HER FAMILY KNOW THEY CAN'T GET THE MONEY BACK... ALL THEY CAN DO NOW, IS GET THE WORD OUT... TO PREVENT SOMETHING LIKE THIS FROM HAPPENING AGAIN.

"there's little to nothing they could do about this after the fact."

NEW DETAILS ON A DEADLY TIGER ATTACK AT THE SAN FRANCISCO ZOO THAT KILLED A 17-YEAR-OLD BOY AND INJURED TWO OTHERS, BACK IN 2007.

A REPORT SHOWS THE TIGER MAY HAVE BEEN PROVOKED, CAUSING IT TO ATTACK. NBC'S MIGUEL ALMAGUER REPORTS.

TAKE PKG

TRT: 2:49

MARTINE COLETTE

Tiger Expert, Wildlife Waystation (:41 - :58)

(-- PKG --)

The tiger attack left 17 year old Carlos Sousa Jr. dead.

His two friends - Paul and Kulbir Dhaliwal - were injured.

When police arrived at the San Francisco Zoo - Tatiana - a 250 pound Siberian cat was mauling one of the brothers.

Officers opened fire - killing the tiger in a hail of bullets.

In federal documents just released, investigators say there are signs

Tatiana was provoked:

**"some sticks, foreign to the exhibit, and at least one pine cone inside the tiger exhibit indicating that someone may have thrown these items into the enclosure at the tigers."**

Tiger expert - Martine Colette:

**that tiger was provoked, although i was not there, but i believe, for a tiger to react, in such a violent explosion of energy, something had to have driven it to do that.**

In fact, a draft of the report shows an animal expert believed the tiger was provoked, but that line was removed from the final report because federal investigators were only charged with finding out HOW the tiger escaped-- not why.

The Dhaliwal brothers HAVE denied provoking TATIANA.

But Sousa's father reportedly told police one of the brothers was drunk that day... And may have yelled and waved at the tiger.

THERE WERE NO EYEWITNESSES, BUT THE report says Tatiana leapt out OF THE EXHIBIT: JUMPING FROM THE BOTTOM OF THE DRY MOAT TO THE TOP OF THE ENCLOSURE, LEAVING BEHIND

**CLAW MARKS AS SHE PULLED HERSELF OUT.**

**"first attack happened here"**

POLICE HAVE SAID SOUSA WAS KILLED FIRST.

ACCORDING TO THE REPORT, TATIANA STAYED WITH HIM BEFORE TURNING HER ATTENTION ON THE BROTHERS, FOLLOWING THEIR BLOOD TRAIL FOR 300 YARDS, PASSING OTHER ANIMALS ALONG THE WAY, leaving behind CLAW PRINTS left IN THE ASPHALT. newly released photos show the blood-stained cement.

**the tiger is a predator, it does have the quick predator response, something happened to make it feel that whatever was tormenting it, it could get.**

The Zoo settled a wrongful death lawsuit with Sousa's family for an undisclosed amount And REPORTEDLY paid the Dhaliwal's 900 thousand dollars.

After the FEDERAL investigation, the zoo was fined nearly 2 thousand dollars. the report says wall on the 65 year old exhibit was almost 3 feet too short and the zoo has since made the wall higher.

A ZOO SPOKESMAN TOLD THE ASSOCIATED PRESS, TAITINA "WAS ABLE TO JUMP OUT WHICH LED TO A WHOLE SERIES OF RENOVATIONS TO THAT EXHIBIT WHICH MAKES SURE THIS WILL NEVER HAPPEN AGAIN."

"Lara Logan first came to Egypt when the protests began but she was  
detained and eventually expelled from the country. She returned to Cairo  
the day Mubarak stepped down."

(nats)

When the news broke that Egyptian President Hosni Mubarak resigned,  
hundreds of thousands of Egyptians in Tahrir Square erupted in  
celebration.

(nats)

A statement from CBS News says correspondent Lara Logan and her  
camera crew, on the ground to cover the historic moment, were  
surrounded by a dangerous element amidst the celebration.

Moments after this photo, released by CBS News, was taken, the network  
says Logan was separated from her colleagues by a mob of more than  
200 people.

She was surrounded and suffered a brutal and sustained sexual assault and beating.

CBS News says a group of women and an estimated 20 Egyptian soldiers pulled Logan to safety, allowing her to return to her hotel.

(nats)

In the days leading up to Mubarak's resignation, journalists had become regular targets, detained, beaten and even killed by both security forces and by pro-Mubarak protesters.

(nats)

Logan is an experienced journalist who has spent much of her career cover the world's most dangerous places, including the wars in Iraq and Afghanistan.

(standup Stephanie Gosk/NBC News:09)

(nats of water)

INVESTIGATORS SAY THIS WAS THE FIRST TIME MATTHEW MILLER AND GAVIN POWELL TRIED TO GO RAFTING IN WALNUT CREEK, AND THEY TRIED IT IN ON A DAY WHEN THE WATERS RAGED IN SOME SPOTS REACHING 15 FEET HIGH.

(nats of water)

THIS IS THE RAIN-SWOLLEN SECTION OF CREEK BEHIND MURWOOD ELEMENTARY, WHERE THE TWO BOYS BEGAN THEIR JOURNEY.

THERE ARE SIGNS WARNING AGAINST GOING IN THE DANGEROUS WATERS.

BUT THE TEENS TOLD THEIR FRIENDS THEY WERE GOING RAFTING.

THEY LEFT AROUND TWO IN THE AFTERNOON.

TWO HOURS LATER, THEY CALLED A FRIEND TO MEET THEM UPSTREAM.

THEY WERE NEVER SEEN ALIVE AGAIN.

"Officers began searching and attempting to locate 'em and worked through the night and never were able to do that."

THE NEIGHBORS WHO LIVE NEAR THIS STRETCH OF WALNUT CREEK KNOW HOW DEADLY THESE WATERS CAN BE.

"I called the county and I said you have to do something to prevent this from happening again. So they came out, I said paint something on the walls."

"If you watch that when there's a heavier rain, it just churns. And the last time they were looking for somebody, or the time before, or the time before,

we've watched it several times."

AND ANOTHER TRAGIC ENDING.

(nats of helicopter)

RESCUE TEAMS SEARCHED FROM THE SKY, AND ON THE GROUND.

A SEARCH THAT SPANNED MORE THAN 10 MILES OVER THE COURSE OF A TREACHEROUS CREEK.

IN THE LATE MORNING, ABOUT FOUR MILES AWAY FROM WHERE THE PAIR STARTED, CREWS FOUND THIS PIECE OF BLUE PLASTIC.

IT TURNED OUT TO BE THE BOY'S RAFT. THEN, LATER IN THE AFTERNOON, MILES NORTH IN UNINCORPORATED CONTRA COSTA COUNTY, THE FIRST BOY'S BODY.

NOT LONG AFTER THAT, THE SECOND BODY, FOUND NOT FAR FROM WHERE RESCUE WORKERS HAD SET UP THEIR COMMAND CENTER.

"We don't suspect any foul play at all. It's just a very, very tragic incident, and our hearts and prayers and our condolences go out to the families and friends of the boys."

KEN RYAN PUTS NEARLY 20-THOUSAND MILES ON HIS CAR EVERY YEAR. BUT HIS WIFE DRIVES HALF THAT. YET THEIR CAR INSURANCE RATES ARE PRETTY CLOSE. THAT'S ABOUT TO CHANGE.

(SOT Ken Ryan / Car Owner:12:28)

"Like maybe a mile and a half commute to her school and job. She actually has to take the car cause she has a lot of papers, she's a school teacher, so very low mileage in a given year, in a given week, given month so yeah, should be really effective for us."

KEN IS TALKING ABOUT A NEW STATE FARM CAR INSURANCE PLAN THAT'S DIRECTLY CONNECTED TO THE AMOUNT OF MILES YOU PUT ON YOUR CAR. THE LESS YOU DRIVE, THE LESS YOU PAY.

(SOT Walt Waggener / State Farm Insurance Agent :37:46)

"So you can actually save money in each 500 miles increments. So if you're driving fewer and fewer miles, which many people are today especially with this economy, this can really mean a big savings."

CALIFORNIA JUST STARTED ALLOWING INSURANCE COMPANIES TO MAKE THE CHANGE AND STATE FARM IS JUMPING ON IT. OFFERING IT TO CUSTOMERS STARTING THE END OF THIS MONTH. SO HOW DO THEY KNOW HOW MANY MILES YOU'RE DRIVING?

(SOT Walt Waggener / State Farm Insurance Agent 1:00-1:10)

"One if you have onstar we can hook up to that onstar system and we'll know exactly what it is. The other is we ask people to do the reporting themselves and we trust our customers to tell us the truth."

(STAND UP: Bob Hansen / "Consumer Bob" (standup) 1:10-1:22)

"Now this new insurance pricing may not work for everyone but if you are someone who is now car pooling or taking mass transit, this may be a perfect way to save money."

(SOT Ken Ryan / Car Owner:1:22-1:29)

"The first indications I got were it was significant so I'm going to look forward to that, keep my fingers crossed and hopefully see some credit on my bill going forward."

THE PLAN STARTS WITH A BASE MILEAGE OF 10-THOUSAND MILES. FOR EVERY 500 MILES YOU DRIVE UNDER THAT, YOUR INSURANCE PREMIUM DROPS BETWEEN ONE AND TWO PERCENT.
