THE CALENDAR SAYS IT'S JUNE FIRST, BUT IT FEELS MORE LIKE DECEMBER FIRST ON THE NORTH COAST...WITH THE FORECAST CALLING FOR MORE RAIN, NEWS CHANNEL 3'S CAMERON CRAMER FINDS OUT WHAT'S BEHIND THE RECENT WEATHER...

((-- TAKE PKG --))

(SOT: CAMERON CRAMER, Newschannel 3)

Matt, this strange summer weather continues here in eureka where one resident says high winds knocked shingles off of his roof....

IN A MOMENTARY REPRIEVE FROM THE RAIN, REPAIRS ARE MADE ON A ROOF IN EUREKA, AND AFTER WHAT HAPPENED YESTERDAY, IT'S LEFT THESE RESIDENTS WEARY OF THE WEATHER

(SOT: DANNETTE MASTERSON, Eureka Resident)

Well my daughter heard a noise and all of a sudden or windows were sucking in and out, the barbecue was going one way, the garden cart the other...it was something I've never seen before..

AFTER REPORTS YESTERDAY OF A WATER SPOUT NEAR FIELDS LANDING, MASTERSON THINKS SOMETHING SIMILAR MAY HAVE HAPPENED ON THEIR PROPERTY, BUT THE

HIGH WINDS DIDN'T AFFECT THEIR
NEIGHBORS...

(SOT: DANNETTE MASTERSON, Eureka Resident)

I had put a friends garbage can out and went to see and
nothing was touched anywhere else, just right here...

IT'S JUST ANOTHER REPORT IN A LONG LINE
OF UNUSUAL WEATHER

(SOT: JIM BERNARD, Newschannel 3 Meteorologist)

Well the cold and rain continues across the north
coast....

EVEN THE EXPERTS AGREE, THE WEATHER
HAS BEEN ANYTHING BUT NORMAL.

(SOT: JIM BERNARD, Newschannel 3 Meteorologist)

This year has been very cold and unsettled, were
looking at showers and cumulative rain that here in
june, it's way too much..

BERNARD THINKS THE WEATHER MAY BE
LINKED TO LA NINA..

(SOT: JIM BERNARD, Newschannel 3 Meteorologist)

It's likely credited to a la nina, or cooling in the ocean
waters, it's winding down, but i suspect that's the cause
of the cool and unsettled weather this year...

MEANWHILE, WITH ROOF REPAIRS STILL
GOING ON, RESIDENTS LOOK FORWARD TO:

(SOT: DANNETTE MASTERSON, Eureka Resident)

Sunshine and calmness, I don't mind the rain, but i
don't like what we had yesterday

(SOT: CAMERON CRAMER, Newschannel 3)

And while it's though to predict when summer will first
appear, it's certain that it will be a welcome change.

Reporting in eureka, Cameron Cramer, newschannel 3.

WHAT DO YOU GET WHEN YOU MIX WARM OCEAN WATER, COLD AIR ... AND STORMS WITH TWISTING WINDS?

WELL, YOU COULD GET A WATERSPOUT -- BASICALLY A TORNADO MADE OF WATER.

THERE WERE SEVERAL SEEN EARLIER THIS WEEK OFF AUSTRALIA'S NEW SOUTH WALES COAST.

HERE'S SEVEN NETWORK PAUL KADAK'S REPORT.

((PKG))

OUR HELICOPTER CREW WAS OFF THE CENTRAL COAST CHASING THE WEATHER... WHEN IT FOUND THEM... IN SPECTACULAR FASHION.

A WATER SPOUT... CHURNING THROUGH THE OCEAN... HEADING FOR LAND.

MAJESTIC... AND A MONSTER... FROM THE CLOUD DOWN TO THE WATER... IT'S AROUND 600 METRES.

A FUNNEL OF WATER VAPOR AN HOUR... SWEEPING THE SEA WATER AROUND IT INTO THE AIR.

AND IT WAS NOT ALONE... A GLANCE FURTHER NORTH... REVEALED TWO MORE CREATED FROM THE SAME SYSTEM... THRIVING IN THE WET AND WILD CONDITIONS... JUST RIGHT FOR WATER SPOUTS.

TAKE THE WARM OCEAN WATER, COLD AIR FROM THE CHANGING SEASON... ADD THOSE STORMS AND

"the only thing I was worried about was one of those tornadoes we've seen recently but it looked pretty impressive I wouldn't have liked to be in a boat out there"

THEY'VE FISHED OFF SYDNEY FOR MORE THAN 20 YEARS... NEVER SEEN SO MANY.

IF YOU SAW A BOTTLE FLOATING IN THE SEA... YOU MIGHT NOT THINK TWICE ABOUT IT.

BUT WHEN A FEW VACATIONERS IN SOUTH FLORIDA SAW ONE... THEY DECIDED TO CHECK IT OUT.

AND AS ROBBIN SIMMONS TELLS US, INSIDE THEY FOUND A MESSAGE FROM THOUSANDS OF MILES AWAY.

"It could be anywhere, on any beach, in any bush, even at the bottom of the ocean, but it made it all the way here."

A MESSAGE IN A BOTTLE TURNING UP IN THE WATER OFF MIAMI BEACH.

FOUR TOURISTS FROM FROM PITTSBURGH SPOTTING IT AND PULLING IT IN.

"We were out in the ocean, just swimming around, noticed a real faint glistening green bottle in the distance. I pointed to it. He's the one that suggested we go out there and get it."

"I pulled the letter out, a bunch of information from a gentleman in Scotland doing some sort of exhibit, some kind of story, was out on the ocean and threw the bottle into the water nine months ago."

THIS STORY COULD HAVE ENDED RIGHT THERE, BUT WE ACTUALLY CAUGHT UP WITH THE OWNER OF THIS MYSTERY BOTTLE, WHO NOW LIVES IN GERMANY. IT TURNS OUT THIS IS NOT HIS FIRST OVERSEAS MESSAGE.

THAT’S HOW HUMBOLDT COUNTY ANIMAL SHELTER PROGRAM DIRECTOR BRENT FERGUSON DESCRIBES REUNITING A PET WITH IT’S OWNER, AND A NEW BILL PASSED IN SACRAMENTO AIMS TO RECONCILE MORE ANIMALS WITH THEIR OWNERS BY MAKING MICROCHIP IDENTIFICATION MANDATORY FOR ALL ANIMALS RELEASED FROM SHELTERS.

SOT: BRENT FERGUSON, Humboldt Co. Animal Shelter Program Coordinator)

“Microchipping is so important because it's identification that they can't lose, unlike a collar or tag that can fall off, the microchip can not be lost.”

THE NEW BILL HOPES TO INCREASE THE DISMAL NUMBERS OF LOST PETS REUNITED WITH OWNERS, AT THE MOMENT, ONLY 13% OF ALL SHELTER PETS ARE REUNITED WITH THEIR OWNERS

SOT: BRENT FERGUSON, Humboldt Co. Animal Shelter Program Coordinator)

The microchip itself is a very small--looks like a grain of rice, it's in a syringe and is injected below the shoulderblade---it's like giving a vaccination.

ONCE THE CHIP IS INSERTED, THE PET OWNER CAN UPDATE ALL OF THEIR CONTACT INFORMATION BY CALLING OR LOGGING ONTO THE MICROCHIP COMPANY'S WEBSITE.

SOT: BRENT FERGUSON, Humboldt Co. Animal Shelter Program Coordinator)

“Microchip companies will keep almost as much information as you'll give them, home number, work

number, friend, relative, vet, if your animal has any issues for diet...”

THE NEW LAW DOESN'T COME AS A SURPRISE TO THE HUMBOLDT ANIMAL SHELTER, THEY'VE BEEN MICROCHIPPING PETS FOR THE PAST FIVE YEARS, AND HAVE SEEN THE RESULTS:

SOT: BRENT FERGUSON, Humboldt Co. Animal Shelter Program Coordinator)

We had one case where the dog had been missing for 2 years, from los angeles, and showed up here, we scanned it had a microchip, they drove up here from la, the dog recognized them, they took the dog an went home. It was a very happy story.

(SOT: CAMERON CRAMER, Newschannel 3)

With microchipping become mandatory, animal shelter hope to hear a lot more of these sounds in the coming months, Cameron Cramer newschannel 3.

BY NOW YOU'VE PROBABLY HEARD -- HOLDING A CELL PHONE TO YOUR EAR FOR AN EXTENDED PERIOD OF TIME *MIGHT* BE LINKED TO AN INCREASED RISK FOR BRAIN CANCER..

OUTCUE: "eye on future research"

"They need something more definitive as far as i'm concerned."

DR. JAMES GIORDANO
Potomac Institute for Policy Studies

"I'm not necessarily convinced that it's a problem, but i'm certainly concerned about it."

A DIVISION OF THE WORLD HEALTH ORGANIZATION HAS POOLED ALL OF THE AVAILABLE DATA ON THE SUBJECT AND SAYS THERE IS LIMITED BUT CREDIBLE EVIDENCE LINKING CELL PHONE USE AND BRAIN TUMORS CALLED GLIOMAS.

BUT JUST LIKE THE CLASSIC CHILDHOOD GAME OF "TELEPHONE" -- THE KEY MESSAGE OFTEN BECOMES MUDDLED.

(SOUND - Dr. James Giordano - Potomac Institute for Policy Studies :34-:37)

"We certainly don't need to panic and think that 'yes cell phones indeed cause cancer' because that's not the case at all."

WHILE THE W-H-O HAS NOW CLASSIFIED CELL PHONES AS "POSSIBLY CARCINOGENIC" -- THE CELL PHONE INDUSTRY POINTS OUT COFFEE AND PICKLED VEGETABLES ARE ALSO CLASSIFIED AS SUCH AND SAYS QUOTE "THIS ... DOES NOT MEAN CELLPHONES CAUSE CANCER."

BUT SOME EXPERTS WONDER ABOUT THE LONG-TERM EFFECTS OF ELECTROMAGNETIC RADIATION ON CHILDRENS' DEVELOPING BRAINS.

(SOUND - Dr. James Giordano - Potomac Institute for Policy Studies :58-

1:02)

"Their skulls are thinner and as a consequence, these effects may be somewhat more robust in children."

THE GOOD NEWS -- THERE DOESN'T SEEM TO BE ANY INCREASED RISK WHEN A PHONE IS HELD AWAY FROM THE HEAD... AND MANY YOUNG MOBILE PHONE USERS LET THEIR FINGERS DO THE TALKING.

"I usually don't talk on the phone too much. I usually just text."

TEXTING, USING THE SPEAKER, OR AN EARBUD AND MICROPHONE COULD HELP REDUCE ANY POTENTIAL RISK IF YOU ARE CONCERNED.. .

BUT FOR NOW -- MOST EXPERTS SAY THEY'LL KEEP HOLDING THEIR PHONES TO THEIR EARS -- WHILE KEEPING AN EYE ON FUTURE RESEARCH.

NOW, TO POLITICS AND THE ON-GOING FALLOUT OVER A RACY PICTURE SENT TO A YOUNG WOMAN FROM CONGRESSMAN ANTHONY WEINER'S TWITTER ACCOUNT. HE SAYS HE WAS THE VICTIM OF A PRANK.

ON WEDNESDAY CONGRESSMAN ANTHONY WEINER TRIED A DIFFERENT TACTIC. IN AN ATTEMPT TO END THE CONTROVERSY THAT'S BEEN PLAGUING HIM ALL WEEK, HE DECIDED TO SIT FOR ONE-ON-ONE INTERVIEWS - REPEATING HIS CLAIM THAT HE'S THE VICTIM OF A PRANK BUT STILL LEAVING A KEY QUESTION UNANSWERED..

sot:

"I was pranked, I was hacked, I was punked whatever it is, someone sent out a picture. Uh I'm an easy name to make fun of and I think that's what happened again."

CONGRESSMAN WEINER DENIED AGAIN THAT HE SENT THIS PICTURE OF A MAN IN BRIEFS TO A 21 YEAR OLD FEMALE COLLEGE STUDENT IN SEATTLE THROUGH HIS TWITTER ACCOUNT.

sot:

"It's a terrible thing that this poor woman got dragged into it, she said she knows nothing about it and I obviously don't know anything about it. I didn't send a picture out."

BUT WEINER LEFT ONE VERY IMPORTANT QUESTION UNANSWERED, REFUSING TO SAY THAT THE PICTURE WAS NOT HIM.

Q: "That's not a picture of you?"

A: "You know I can say with certitude, my system was hacked. Pictures can be manipulated, pictures can be dropped in and inserted. Someone created a prank on me. Someone got access to my twitter account, and

by the way you know, a picture that made fun of the name "weiner".

Q: "You would remember if you took photos of yourself like that."

A: "One of the reasons we've asked an internet security firm to come in, is to see maybe something was manipulated, something was dropped in, we don't know for sure what happened here."

Russert

"You will not flatout deny that that photograph is not you."

Weiner

"Here's what I will say. I will say that we're trying to figure out exactly what happened here. Whether a photograph was manipulated that was found in my account. Whether something was dropped into my account. Whether a photograph was partially my account you know."

AND EVEN IF THE PHOTOGRAPH IS OF WEINER, COMPUTER EXPERT ANTHONY DEROSA SAYS THE CONGRSSMAN'S TWITTER ACCOUNT STILL COULD HAVE BEEN HACKED.

"It seems that the technical evidence is leaning in his favor but everything that is coming out of his mouth is kinda putting him in a worse position."

WEINER SAYS THE ORDEAL HAS TAKEN A PERSONAL TOLL ON HIM AND HIS WIFE HUMA ABEDIN, A HIGHLY REGARDED ADVISOR TO HILLARY CLINTON.

sot:

"Even for someone who went thru the clinton years this has been a befuddling experience. The implication here is that somehow I did something wrong to someone else. I was a victim of a prank. Okay, I was the victim of a prank here and the fact of the matter is that that's the bottom line here."#####

IT MAY NOT SEEM LIKE THE TYPICAL MEAL YOU WOULD USE TO STUDY HEART HEALTH ... BUT THAT'S EXACTLY WHAT RESEARCHERS AT JOHNS HOPKINS UNIVERSITY SCHOOL OF MEDICINE DID.

RESEARCHERS HAD A GROUP OF MORE THAN FORTY OVERWEIGHT ADULTS EAT THIS NINE HUNDRED CALORIE MC-MEAL -- THEN TOOK A CLOSE LOOK AT THEIR ARTERIES.

(SOT: Kerry Stewart, Ed.D., Johns Hopkins University School of Medicine, Exercise Physiologist)

"We found no evidence that eating at least a single high fat meal had an adverse affect on vascular health."

THE MCDONALD'S CHALLENGE WAS PART OF A LARGER STUDY OF LOW-CARBOHYDRATE DIETS AND THEIR EFFECT ON HEART HEALTH.

WEIGHT LOSS PLANS LIKE ATKINS AND SOUTH BEACH CLAIM TO HELP USERS DROP POUNDS FAST -- BUT HOW THE HEART REACTS TO HIGH-FAT, CARB-FREE LIVING HAS BEEN UNKNOWN. THE SAME STUDY GROUP WAS ALSO ASSIGNED TO EITHER A LOW-CARB OR LOW-FAT DIET PLAN FOR SIX MONTHS.

(SOT: Kerry Stewart, Ed.D., Johns Hopkins University School of Medicine, Exercise Physiologist)

"They would have the same amount of calories so that at the end of the day the difference would be not how much weight they lost but how they achieved that weight loss."

THE LOW-CARB GROUP LOST TEN POUNDS NEARLY A MONTH FASTER THAN THE LOW-FAT GROUP. BUT THE MOST SIGNIFICANT FINDING:

(SOT: Kerry Stewart, Ed.D., Johns Hopkins University School of Medicine, Exercise Physiologist)

"There were absolutely no differences between the groups in terms of these vascular measures that we looked at."

RESEARCHERS SAY COMBINING THIS FINDING -- WITH THOSE OF THE MCDONALD'S MEAL STUDY -- PROVES HIGH-FAT, LOW-CARB DIETS DON'T HURT THE HEART OVER A **SHORT** PERIOD OF TIME. WHAT THEY DON'T KNOW: WHETHER IT'S HEALTHY TO CUT THE CARBS FOR GOOD.

HEALTH FOR HUMBOLDT
 New Skin Cancer Drugs

RICHARD JACKSON
 Melanoma Patient :02-:10

PROF. RICHARD MARAIS
 Inst. for Cancer Research 1:24-1:30

"i live as full and as active life as i can. i want for my children, i want everything to be as normal, you know i want to be a dad that goes out to work and comes home at the end of the day, you know things are normal."
 Four years ago Richard Jackson was told skin cancer was going to kill him.
 He's still in remission but a new drug called Ipilimumab - described as the biggest breakthrough in melanoma treatment for 30 years - has given him and thousands of others hope.
 "i had lesions mainly over the top half of my body, mainly over my torso. some of the lesions would be golf-ball size, some would be tennis ball size on my back and on my neck. when i had the treatment we could see that that they changed color from the first treatment and we watched some of the lesions actually disappear you know, overnight."
 Another new drug called Vemurafenib also appears to give patients a greater chance of surviving longer than chemotherapy.
 Vemurafenib targets a faulty gene found in half of terminally ill patients whose cancer has spread to other organs.
 The trial showed 84 percent of patients given the drug lived an extra six months compared with 64 percent who had chemotherapy.
 In a separate study, a one-off course of Ipilimumab meant patients who would have died in weeks or months survived years afterwards - one

patient lived five more years.

(S/ Prof. Richard Marais / Inst. for Cancer Research 1:24-1:30)

"these two new drugs are the first breakthrough in melanoma treatment for the past 30 years and they are not curative but they give a significant extension of life in patients and the important point is that they break the paradigm that melanoma is rarely an untreatable disease."

In Richard Jackson's case there were strong side effects from the treatment including weight loss and dietary problems. But he's certain without the new drug he and his family would have been left to face the worst.

NBC News1:06-1:12

There are new cases of E.coli infection developing in Germany every single day, 100 in 24 hours.

Those daily numbers are smaller now than when they originally started but the mystery remains where is this coming from and lets get to the bottom of it.

That's what officials have been trying to do for three weeks now and just in the last couple of days they've pointed the finger strongly at an organic sprout farm about 50 miles south of Hamburg.

The thing is the tests they did at the farm all came back negative but officials are going to test again and they know it's possible that the farm could be the source.

So they're warning the public don't eat raw sprouts, still don't eat cucumbers, tomatoes, lettuce, some are saying don't eat any raw vegetables, which has drawn sharp criticism from the EU.

Saying you don't have business warning people when you don't know the source, farmers are losing tens of millions of dollars.

"Harris is a really busy street. It's two lanes, and I think the parking situation will be ok. But I think it's silly to give cars priority over commuting cyclists." ACCORDING TO THE CITY OF EUREKA, THE PROPOSED STRIPED BIKE LANE WILL RUN ON BOTH SIDES OF HARRIS STREET FROM "I" TO HARRISON AVENUE.

"We have bike lanes on Harris street right now to

Broadway to 'I' so we have a gap there where we have bike lanes. So it seemed like a good opportunity to fill in that gap with some striped bike lanes."

ACCORDING TO PARROT, BICYCLISTS HAVE BEEN SUPPORTIVE OF THE PROPOSAL.

THE GUN SAFETY CLASS IS TAKING PLACE ABOUT A WEEK AFTER FRESNO POLICE SAY A TODDLER ACCIDENTALLY SHOT AND KILLED HIS SIX-YEAR-OLD SISTER.

INSTRUCTOR RON SAWL BELIEVES THE CLASS WAS AN EYE-OPENING EXPERIENCE.

"I think they walked away with just a very different perspective on what a firearm is."

Why did you want to be here today?

"Because it sounded like it was fun with guns and stuff 'cause every boy wants a gun."

But you know that it could be dangerous also?

"Yeah."

nats

"It scared me really bad."

What did it sound like, Elle?

"Loud."

AS FOR WALTER SILVA HE BELIEVES THE BOOM DEFINITELY LEFT AN IMPRESSION ON HIS SIX-YEAR-OLD DAUGHTER.

"I think it did because she's been talking about how scary it was being in there when the shotgun went off and so I hope it teaches her and hopefully she'll teach some of her friends from school that didn't get a chance to come to this class."

A CASE OF MEASLES HAS BEEN CONFIRMED
IN HUMBOLDT COUNTY, AND NOW THE
DEPARTMENT OF HEALTH AND HUMAN

NEWSCHANNEL 3'S CAMERON CRAMER JOINS
US LIVE IN THE NEWSROOM...CAMERON,

TAKE CAMERON

((-- TAKE CAMERON --))

BETSY, THE BIGGEST CONCERN RIGHT NOW
FOR THE PUBLIC IS THAT THE WOMAN
INFECTED WITH MEASLES VISITED PUBLIC
RESTAURANTS AND EVEN WORKED AT ONE

CONTAGIOUS WITH THE VIRUS...

AFTER THREE REPORTS IN MENDOCINO
COUNTY, THE MEASLES VIRUS HAS
TRAVELED NORTH...

DR. ANN LINDSAY

(SOT: DR. ANN LINDSAY, Humboldt Co. Health
Officer)

"A 22 year old Humboldt county woman who traveled
abroad has tested positive for measles and this is the

county's first documented case in more than a decade.”

THE DISEASE THAT WAS LONG CONSIDERED TO ON THE BACK BURNER OF MEDICAL CONCERNS IN THE U-S, IS MAKING IT'S FIRST APPEARANCE IN HUMBOLDT, AND NOW IT'S A BIG CAUSE FOR CONCERN FOR THOSE WHO ARE NOT VACCINATED.

(SOT: DR. ANN LINDSAY, Humboldt Co. Health Officer)

Measles is highly contagious, and if one person has measles, 90% of the people close to that person who are not immune will become infected with the virus...

MEASLES WAS DISCOVERED IN A TWENTY-TWO-YEAR-OLD HUMBOLDT COUNTY RESIDENT, SHE MOST LIKELY ACQUIRED THE VIRUS WHILE TRAVELING IN CHINA. NOW THE DEPARTMENT OF HEALTH AND HUMAN SERVICES WANTS TO PUBLIC TO BE MADE AWARE THAT THE DISEASE COULD HAVE BEEN EASILY SPREAD TO THE PEOPLE WHO ATE AT THE CHINA BUFFET IN EUREKA ON MAY 20TH, BETWEEN ONE AND FOUR P-M, AND THE HOMETOWN BUFFET AT THE BAYSHORE MALL ON MAY TWENTY-THIRD AFTER FIVE P-M- OR ON THE TWENTY-FOURTH BETWEEN

TEN-FORTY-FIVE AND TWO P-M. WHERE THE WOMAN WORKED...

(SOT: DR. ANN LINDSAY, Humboldt Co. Health Officer)

“People who are at either of these locations and develop cough or flue like symptoms should contact their medical provider.”

THE FLU-LIKE SYMPTOMS ARE THE FIRST INDICATOR OF MEASLES, BUT AFTER A FEW DAYS, THOSE STRUCK WITH THE ILLNESS WILL DEVELOP A RED RASH...IT’S BECAUSE OF IT’S CLOSE RESEMBLANCE TO COLDS THAT MAKE THE DISEASE DIFFICULT TO DECIPHER.

(SOT: DR. ANN LINDSAY, Humboldt Co. Health Officer)

“And because of the mild illness, it took us a long time, quite a while for the confirmatory tests to show up positive.”

NOW THE MAIN CAUSE FOR CONCERN IS THE PUBLIC, AND TRYING TO STOP THE SPREAD, WHICH CAN BE AS EASY AS MAKING SURE YOU’RE VACCINATED AGAINST MEASLES.

(SOT: DR. ANN LINDSAY, Humboldt Co. Health Officer)

“I fully expect this won't be our last case of measles,

KEEPING YOURSELF SAFE
Summer Vacation Season

(--PKG--)

(SOT Amber Yoo, Privacy Rights Clearinghouse)

"You wouldn't put a sign on your front door saying, 'I'm on vacation.' So you shouldn't say that electronically with social media."

THAT'S AMBER YOO WITH PRIVACY RIGHTS CLEARINGHOUSE. SHE SAYS WHILE PEOPLE ARE OFTEN GOOD ABOUT PROTECTING THEIR PERSONAL INFORMATION...WHEN WE HIT THE ROAD, WE OFTEN LET OUR GUARD DOWN. CASE IN POINT...BRAGGING ABOUT VACATION PLANS.

"So a lot of times you see people who aren't even on vacation yet saying, 'I'm going to Mexico next week, I can't wait.' Or they're posting photos while they're on vacation. And the thing is, depending on your privacy settings or where you're posting that, for example, twitter, that could be totally public."

YOO SAYS POST YOUR FAMILY PHOTOS WHEN YOU GET HOME. AND SPEAKING OF THE INTERNET...BE CAREFUL HOW AND WHERE YOU LOG ON.

THERE ARE BAD GUYS WHO DO NOTHING BUT TRY AND GET YOUR COMPUTER PASSWORD WHEN YOU SURF THE NET IN PUBLIC LOCATIONS.

"Basically, we recommend that you avoid using wifi hotspots to do sensitive transactions such as looking at your bank account. Because it's possible for a thief to do something called wifi sniffing and figure out your log in and password."

MORE PRIVACY TIPS WHILE YOU'RE ON VACATION. CLEAN OUT YOUR PURSE OR WALLET...REMOVE UNNECESSARY CREDIT CARDS. DON'T CARRY CARDS WITH YOUR SOCIAL SECURITY NUMBER.

AND PLAN AHEAD IF YOU NEED CASH. IF YOU HAVE A DEBIT CARD, MAKE SURE IT'S AN A-T-M ONLY CARD, SOMETHING THAT REQUIRES A PIN NUMBER.

"So basically if your ATM card has a little Visa or Master Card logo, that's not good because it's a direct pipeline to your checking account if a thief gets his or her hands on it."

AND FINALLY, USE THE HOTEL SAFE FOR VALUABLES LIKE YOUR PASSPORT.

KEEP A PHOTOCOPY OF YOUR PASSPORT WITH YOU...BUT LEAVE THE REAL THING IN A SAFE PLACE.

THE PANEL ALSO CRITICIZED THE PUC FOR NOT KEEPING AN EYE ON PG&E'S SAFETY WORK.

WHEN IT COMES TO THE COSTS OF UNDERGROUND TESTING, THE PUC WILL ASK THAT THESE NOT BE PASSED ON TO CONSUMERS, PG&E HAS ALREADY ASK SHAREHOLDERS TO BARE THOSE COSTS BUT THE COSTS OF REPLACING PIPELINES MAY BE ANOTHER ISSUE.

A LEGAL LOOPHOLE MIGHT BE PREVENTING GOVERNOR JERRY BROWN FROM CLOSING SOME STATE PARKS IN 2012, BECAUSE THEY RECEIVED FEDERAL FUNDS THAT REQUIRE THEM TO STAY OPEN...

THESE ARE UNCERTAIN TIMES FOR CALIFORNIA PARKS, SEVENTY WERE SLATED TO BE CLOSED IN 2012, BUT A LEGAL LOOPHOLE IS PREVENTING SIXTEEN OF THEM FOR BEING SHUTDOWN, INCLUDING BEN BOW LAKE AND STANDISH-HICKEY RECREATIONAL

AREAS.

(SOT:MICHELLE GARDNER, Acting District

"Part of that agreement is when they give us money, we
can't close the parks, the public has to have access."

SOME STATE PARKS RECEIVED MORE THAN
200 MILLION DOLLARS FROM THE FEDERAL
LAND AND WATER CONSERVATION FUND, SO
BY LAW, THEY CAN'T BE CLOSED WITHOUT
REFUNDING THE MONEY, THE NEWEST
PROBLEM, IS FINDING WAYS TO KEEP THEM
OPEN

(SOT:MICHELLE GARDNER, Acting District
Superintendent)

"Benbow day use area is used for numerous special
events in the benbow area, so we're trying to find a
partner to keep the day use area open."

THE PARKS DEPARTMENT IS HOPING TO
PARTNER WITH A NONPROFIT OR OTHER
GROUP, SIMPLY TO ENSURE THAT SOMEONE
WILL KEEP THE GATES OPEN.

(SOT:MICHELLE GARDNER, Acting District
Superintendent)

"We're hoping that by keeping at least the day use area
open, we'll meet the criteria by allowing public access

into benbow."

EVEN WITH WORD THAT SOME PARKS MAY BE SPARED, THE PARKS ARE STILL BEARING A BURDEN:

(SOT:MICHELLE GARDNER, Acting District Superintendent)

"Is this news encouraging at all? I don't even know if I can go there-- we don't want to see any parks close, at the same time, I don't know how we can run them without money."

A LEGAL LOOPHOLE MAY BE PREVENTING GOVERNOR JERRY BROWN FROM CLOSING SOME STATE PARKS IN 2012, BECAUSE THEY RECEIVED FEDERAL FUNDS THAT REQUIRE THEM TO STAY OPEN...

"With all the parks in the LWCF, we don't even know for sure if parks are closing yet, they're on a list, but nothing has been set in stone yet."

THESE ARE UNCERTAIN TIMES FOR CALIFORNIA PARKS, SEVENTY WERE SLATED TO BE CLOSED IN 2012, BUT A LEGAL LOOPHOLE IS PREVENTING SIXTEEN OF THEM FOR BEING SHUTDOWN, INCLUDING BEN BOW LAKE AND STANDISH-HICKEY RECREATIONAL AREAS.

(SOT:MICHELLE GARDNER, Acting District Superintendent)

"Part of that agreement is when they give us money, we can't close the parks, the public has to have access."

SOME STATE PARKS RECEIVED MORE THAN 200 MILLION DOLLARS FROM THE FEDERAL LAND AND WATER CONSERVATION FUND, SO BY LAW, THEY CAN'T BE CLOSED WITHOUT REFUNDING THE MONEY, THE NEWEST PROBLEM, IS FINDING WAYS TO KEEP THEM OPEN

(SOT:MICHELLE GARDNER, Acting District Superintendent)

"Benbow day use area is used for numerous special events in the benbow area, so we're trying to find a partner to keep the day use area open."

THE PARKS DEPARTMENT IS HOPING TO PARTNER WITH A NONPROFIT OR OTHER GROUP, SIMPLY TO ENSURE THAT SOMEONE WILL KEEP THE GATES OPEN.

(SOT:MICHELLE GARDNER, Acting District Superintendent)

"We're hoping that by keeping at least the day use area open, we'll meet the criteria by allowing public access into benbow."

WHAT MAKES BULLIES BULLY? WELL ACCORDING TO A RECENT STUDY, IT MAY VERY WELL BE SLEEP DEPRIVATION. RESEARCHERS AT THE UNIVERSITY OF MICHIGAN FOUND THAT THE ELEMENTARY SCHOOL BULLIES THEY SURVEYED WERE TWICE AS LIKELY TO

SHOW SIGNS OF SLEEP DISORDERS LIKE SNORING OR DAYTIME SLEEPINESS. THE RESULTS MAKE A LOT OF SENSE TO DOCTOR VIPIN GARG AT TRINITAS HOSPITAL SLEEP DISORDER CENTER. IT IS WELL DOCUMENTED THAT IN ADULTS, LACK OF SLEEP HAMPERS DECISION MAKING SKILLS.

"This study kind of shows the same thing. That they lack the judgment to control emotionally their behavior."

"When children come to the sleep center to be observed for sleep disorders they are usually also suffering from ADHD or aggressive behavior, but when they finally wake up after having a full night's rest, their behavior, doctors say, improves immensely."

DOCTOR GARG SAYS IT'S VITAL TO REACH REM SLEEP AND DELTA WAVE SLEEP EVERY NIGHT...AND CHILDREN NEED MORE THAN ADULTS. CHILDREN WHO SNORE OR HAVE SLEEP APNEA ARE OFTEN ALSO HYPERACTIVE.

"The clues to whether a child is sleep deprived, just go to the days where there is no school...the weekends, holidays...if a child is in bed till 12 o'clock often you know on weekdays he's deprived and he's trying to catch up on sleep."

STILL, EXPERTS SUSPECT SIMPLY SENDING BULLIES TO BED ISN'T ENOUGH.

DOCTORS IN THE U-K SAY THEY'VE HAD
REMARKABLE RESULTS IN A STUDY TO
REVERSE THE EFFECTS OF TYPE TWO

GORDON PARMLEY
Cured of Type 2 Diabetes :21-:26

For Gordon Parnley, a cure for Type Two Diabetes seemed a long shot.
The condition blurred his vision, leaving him reliant on drugs.
But after a grueling 600-calorie-a-day diet, his diabetes has disappeared.
(so/ Gordon Parnley/ Cured of Type 2 Diabetes :20-:35)

PROFESSOR ROY TAYLOR
Newcastle University :59-1:04

"The trial and the diet was only for eight weeks, eight weeks you know,
and then you've got the rest of your life after that. If you kept going the
way you were, you wouldn't know how long the rest of your life is going to
be and what kind of quality of life you would have, really."

LIBBY DOWLING
Diabetes UK 1:19-1:24

The idea for the trial came after patients who had undergone weight loss
surgery reported that their diabetes had gone.
They thought this was caused by the operation.
But professors at Newcastle University have now linked it to the reduction
of fat around the pancreas.

(so/ Professor Roy Taylor/ Newcastle University :58-1:05)

"Those insulin-producing cells began to wake up at the same time as the
fat going away. And after eight weeks on the diet, those insulin producing
cells have returned to normal."

Of the eleven people who took part in the two-month trial, seven remain
clear of diabetes three months on, but experts are issuing a health
warning.

(so/ Libby Dowling/ Diabetes UK 1:18-1:28)

"If you're interested in this type of diet, you must go and talk to your doctor about whether it's suitable for you. It's a drastic low calorie diet and it shouldn't be done by people who aren't under medical supervision."

Mr. Parmley may have been given the all-clear, but the number of people diagnosed with Type Two Diabetes has doubled over the last three decades.

Those behind this study say it proves that weight loss is the way to curb a growing problem.

IN TEXAS, NEW MEXICO AND ARIZONA, THIS IS ALREADY AMONG THE WORST FIRE SEASONS ON RECORD...ALREADY THIS SEASON, 48 MAJOR FIRES HAVE BURNED MORE THAN 1.4-million ACRES. NEARLY ONE MILLION ACRES IN ARIZONA ALONE.

"I hope it stops soon and we get some rain.."

AND THE SCENARIO IS HARDLY UNIQUE TO WEST.

NATIONWIDE, ONE OUT OF THREE HOMES NOW SITS NEAR WILDLAND SPACE. AND WILD FIRES CAUSE SOME HALF-A-BILLION DOLLARS IN PROPERTY DAMAGE AND LOSSES EACH YEAR!

SO AT THE INSURANCE INDUSTRY'S TESTING CENTER IN SOUTH CAROLINA, THEY'RE CREATING THEIR OWN "FIRE STORM."

PUTTING A TEST HOME RIGHT IN THE PATH OF BLOWING HOT EMBERS.

BECAUSE THEY'VE DISCOVERED IT'S USUALLY THE FLYING EMBERS THAT START HOUSE FIRES, NOT THE ACTUAL FLAMES FROM A FIRE!

(Julie Rochman/President CEO IIBHS)

"Those embers land on things around properties that ignite. There's no one there to see it, there's no one there to help. There's no one there to put it out and then the house burns down."

DRY VEGETATION ON THE GROUND, ON THE ROOF AND IN THE

GUTTERS, EVEN BROOMS, BIRDS' NESTS AND WOOD FENCING
CAN PROVIDE PERFECT KINDLING.

(Tom Costello/NBC News/Richburg, SC)

"You see how the embers are dancing across the roof and they're about
to catch those pine needles on fire...that's what researchers are watching.
How quickly would flying embers catch pine needs on fire and bring a
whole house down?"

DESPITE A FIRE-RESISTANT ROOF, THE FLAMES EVENTUALLY ATE
THROUGH THE ASPHALT SHINGLES, AS THE EMBERS LIT THE DRY
VEGETATION IN THE GUTTERS, THEN SPREAD INTO THE EAVES....

(NATS/fire in gutter, gutter falls off)

(Jack Cohen/Fire Research Scientist)

"What that says is we don't to have overwhelming force in order to keep
this from happening. What we have to do then is to get rid of those
ignitable materials."

FIRE EXPERTS CALL IT A "DEFENSIBLE SPACE."A 100-FOOT
PERIMETER TO KEEP THE EMBERS OFF THE HOME.

(Anne Cope/IIBHS Director of Research)

"If we can prevent that from happening, we can save people's homes."
BECAUSE IF FIRE FIGHTERS ARE BATTLING A WALL OF FIRE
DOWN THE ROAD, THEY MAY NOT HAVE TIME TO SAVE YOUR
HOME.

NICOLE ANDRADE [[ANN-draw-day]] IS INJECTING HERSELF WITH H-C-G-- IT'S A HORMONE PRODUCED BY PREGNANT WOMEN. BUT THIS INJECTION HAS NOTHING TO DO WITH FERTILITY-- AND EVERYTHING TO DO WITH WEIGHT LOSS.

(SOT: Nicole Andrade, Patient)

"I've tried a million different diets and I was very unhealthy."

SHE'S USING THE HORMONE IN CONJUNCTION WITH A VERY STRICT-- 5-HUNDRED CALORIE A DAY DIET TO LOSE A LOT OF WEIGHT-- AND FAST.

(SOT: Nicole Andrade, Patient)

"In the first week I lost 12 pounds."

(SOT: Nicole Andrade, Patient)

"At six weeks I lost about 26 pounds.

THE RESULTS ARE DRAMATIC-- AS THE BEFORE AND AFTER PICTURES CLEARLY SHOW.

BUT IT'S NOT CHEAP-- IT RUNS 9-HUNDRED DOLLARS FOR A SIX WEEK PROGRAM.

DOCTOR JOHN TANG -- A COSMETIC SURGEON -- WHO TREATS NICOLE, SAYS H-C-G ALLOWS PEOPLE TO LOSE WEIGHT WITHOUT FEELING HUNGRY-- AND IT HELPS TO GET RID OF UNWANTED FAT.

(SOT: Dr. John Tang, Cosmetic Surgeon)

"HcG allows the body to access the fat, this abnormal fat, into circulation, and it allows the body to actually use this fat as a primary source."

(SOT: Vicky Nguyen, Reporting)

"So what do 500 calories look like? Not much. A suggested menu for the plan? A cup of black coffee for breakfast. For lunch: 4 ounces of chicken breast plus two cups of fruit and veggies-- ditto for dinner. That's it."

(SOT: Lisa Richardson, Registered Dietitian & Trainer)

"Anyone who goes on a 500 calorie diet is going to lose weight."

LISA RICHARDSON IS A REGISTERED DIETITIAN.

SHE BELIEVES DIET AND EXERCISE WOULD HAVE THE SAME EFFECT ON WEIGHT LOSS--WITHOUT THE INJECTIONS.

(SOT: Lisa Richardson, Registered Dietitian & Trainer)

"They don't make the program any more effective than just the diet alone."

DOCTOR TANG SAYS HE ALSO GIVES HIS PATIENTS VITAMINS-- AND KEEPS THEM ON THE 5-HUNDRED CALORIE DIET FOR JUST A LIMITED TIME.

(SOT: Dr. John Tang, Cosmetic Surgeon)

"We recommend that people only go for 6 weeks, and no longer than that. 5:52 so after 6 weeks people will go through a maintenance phase."

H-C-G IS NOT SPECIFICALLY APPROVED FOR WEIGHT LOSS-- BUT THE F-D-A DOES ALLOW DOCTORS TO PRESCRIBE IT OFF LABEL.

DOCTOR TANG SAYS HE HAS A 90-PERCENT SUCCESS RATE FOR PATIENTS WHO FOLLOW HIS PLAN.

A PLAN THAT *INCLUDES* LIMITED EXERCISE.

(SOT: Lisa Richardson, Registered Dietitian & Trainer)

"It's crazy thinking to say oh, just eat this minimal amount of food and don't exercise, and you'll be better for, no, uh uh, I'm not buying it."

BUT NICOLE SAYS SHE DOES FEEL BETTER-- AND THIS DIET WAS WHAT SHE NEEDED.

SINCE OCTOBER-- SHE'S LOST 70 POUNDS.

THE SOUND OF SILENCE. AND THAT'S ITS WHAT NEWS CHANNEL 3 HAS BEEN HEARING A LOT OVER THE PAST FEW DAYS... WE ASKED CITY MANAGER DAVID TYSON AND MAYOR FRANK JAGER WHY POLICE CHIEF GARR NIELSEN WAS FIRED... THIS IS THEIR RESPONSE.

FRANK JAGER
Eureka Mayor

"THE CITY IS GOING TO KEEP ASKING...

"As far as the former chief? ... no,

we're not allowed to talk about personnel matters."

"Well unfortunately it's a personnel matter and so we've been advised and course not to... we're not able to discuss it because it is a personnel matter."

FORMER POLICE CHIEF GARR NIELSEN HAS BEEN SERVING THE CITY OF EUREKA FOR FOUR YEARS.

NIELSEN SUPPORTERS SAY THAT CRIME HAS GONE DOWN TREMENDOUSLY SINCE HE'S BEEN APPOINTED POLICE CHIEF.

HOWEVER... HIS LEADERSHIP HAS BEEN SCRUTINIZED BY CITY OFFICIALS IN THE PAST...

IN 2008, NIELSEN'S CONTRACT WAS REVIEWED BY CITY COUNCIL OFFICIALS AFTER COMPLAINTS FROM POLICE OFFICERS ACCUSING NIELSEN OF "CREATING A HOSTILE WORK ENVIRONMENT." HE'S ALSO BEEN ACCUSED OF HAVING AN AFFAIR WITH A POLICE DEPARTMENT SUBORDINATE... WHICH HE HAS ADIMATLEY DENIED.

NIELSON IS OUT OF TOWN BUT DID
COMMUNICATE VIA TEXT MESSAGE TO NEWS
CHANNEL 3 TODAY.

HE WRITES:

"STILL SHELL SCHOCKED... DIFFERENCE IN
MANAGEMENT STYLE IS ALL THE CITY
MANAGER WOULD TELL ME... PROBABLYU GO
BACK TO OREGON. TRY TO FIND WORK."

"As an employer we can't talk about
the reasons why... if you will... and in
this particular case it is without
cause... it was an action that i took
and so we're moving forward from
there."

"The system they have right now can't handle the load, it needs help, and the only way to do that is,

unfortunately, through rate hikes, just like everything else."

UNDER THE PROPOSED TIERED WATER SYSTEM RESIDENTS WILL PAY FIFTY CENTS PER CUBIC FOOT OF WATER UP TO 500 CUBIC FEET, AND THEN ONE DOLLAR AND FIFTY CENTS FOR EACH CUBIC FOOT UP TO ONE THOUSAND...

REDWAY COMMUNITY SERVICE DISTRICT CHAIRMAN MICHAEL MCKASKLE, TELLS NEWS CHANNEL 3 THAT THE PROPOSED RATE CHANGES HAD TWO MAIN POINTS: FIRST TO STRESS CONSERVATION, AND SECONDLY TO PROVIDE WATER EQUALITY FOR USERS..

(SOT: JEFF VARNER, Redway Area Resident)

"You have a few people that are using more of it and drawing more of it, they're going to have to pay more, that's just a fair way of doing it...if you use the system more, you have to pay"

(SOT: JOSHUA SARANDOS: Redway Area Resident)

"They promise lower rates if you use less money, but as you can see right now we're not going to use less water...they've got a lot of programs set up for that, so i don't really understand what they're trying to do."

RESIDENTS AREN'T IN AGREEMENT, BUT WILL HAVE THE CHANCE TO TALK MORE ABOUT THE ISSUE THIS WEDNESDAY NIGHT AT THE SENIOR CENTER FOR A WORK SESSION; AND IN SIX WEEKS WILL SEE IF IT WILL COST MORE TO KEEP THEIR FLOWERS BLOOMING IN THE SUMMER...

MANY HOMELESS PEOPLE ARE EMBRACING IT. AFTER

FIVE YEARS OF LIVING ON CHICAGO'S STREETS,

CONQUER HER FEARS AND LONELINESS.

Just knowing somebody was out there, someone was reading my

WEBSITE AIMED AT HOMELESS PEOPLE.

I was creating wearevisible to empower homeless people.

MARK HORVATH, WHO HAD ONCE BEEN HOMELESS

POSTING THE STORIES OF HOMELESS PEOPLE. HE

CREATED WEAREVISIBLE.COM AFTER MEETING THE

TWO WOMEN VIA TWITTER AND REALIZING SOCIAL NETWORKS ENABLED THEM TO TELL THEIR OWN STORIES.

(nats)

THE SITE OFFERS BASIC TUTORIALS ON SOCIAL NETWORKING. BUT HORVATH HAS A BIGGER GOAL: TO CREATE A VIRTUAL COMMUNITY OF SUPPORT.

A homeless person in Phoenix would say I'm hungry and then a homeless service organization would say ok here we are and we'll help you.

"SO HOW CAN THOSE LIVING ON THE STREETS AFFORD TO GO ONLINE? MANY PEOPLE TELL US THEY HAD PHONES BEFORE BECOMING HOMELESS AND KEEPING THEM IS PRIORITY. THEY'RE ALSO USING SHELTERS AND LIBRARIES WHERE COMPUTERS AND FREE WI-FI HAVE BECOME LIFELINES."

THIS HOMELESS NEW YORKER REUNITED WITH HIS LONG-LOST DAUGHTER VIA TWITTER. BLOGGER BOSTON HOMELESS RAISED MONEY FOR A MEMORIAL DAY BARBECUE FOR THE VETERANS AT HIS HOMELESS SHELTER. AND THIS YEAR, PLASSCHAERT AND WALSH GOT INTO PERMANENT HOUSING. BOTH CREDIT TWITTER. THERE'S NO ACCURATE COUNT OF THE GROWING NUMBER OF HOMELESS PEOPLE ONLINE, BUT SINCE HORVATH'S SITE LAUNCHED LESS THAN A YEAR AGO, IT ALONE HAS ATTRACTED THOUSANDS OF FOLLOWERS.

It's important to have that sense of community and the social media will let every person have it.

VIDEO GAME MAKERS ARGUED THEY'VE ALREADY IMPOSED AN INDUSTRY-WIDE RATING SYSTEM THAT EFFECTIVELY LIMITS ACCESS OF GRAPHIC MATERIAL TO MINORS.

AND STUCK IN THE MIDDLE WERE PARENTS -- TWO-THIRDS OF AMERICAN HOUSEHOLDS HAVE GAME CONSOLES. AND PARENTS, LIKE TIM AND AMY MYERS, ARE UNDER CONSTANT PRESSURE TO BUY THE NEWEST, HOTTEST GAMES.

"It's a challenge to keep the teenager off the game without you having to hover over them constantly."

AS FOR THEIR SON MATT, HE'S JUST LOOKING FOR THE NEXT BIG BATTLE.

"It's invigorating, it's captivating. I find it interesting. And it's also, in a major part, the game my friends are playing."

STATES ACROSS THE COUNTRY WERE WATCHING THIS CASE CLOSELY, THOUGH EVEN *THEY* WERE DIVIDED ON THE ISSUE. NOW THIS RULING SENDS A CLEARER MESSAGE -- MAKING IT HARDER FOR STATES TO IMPOSE SIMILAR TYPES OF LAWS. AND ONLY WITH RESPECT TO VIDEO GAMES BUT ALSO MOVIES AND GRAPHIC MUSIC LYRICS. "If we can incorporate nutrition education and

encourage children at a young age to become familiar with fresh fruits and vegetables and how to incorporate those into their diet early on, we have a good chance at curbing this epidemic of childhood obesity."

IT'S A COMMUNITY EFFORT--THE LUNCHESES ARE PREPARED BY THE HUMBOLDT SENIOR RESOURCE CENTER, AND FOOD FOR PEOPLE ALSO GETS A LITTLE HELP TRANSPORTING THE MEALS

(SOT: ANNE HOLCOMB, Food For People)

"UPS helps us out by delivering the lunches to redway at no cost, and we put coolers full of lunches on the Humboldt transit authority buses to reach other communities."

SO BY THE BUSLOAD, HEALTHY LUNCHESES ARE ON THEIR WAY TO HUMBOLDT KIDS,

FLY-FISHERMEN BEWARE....
 YOUR SPORT IS ENDANGERED..... ALL
 BECAUSE OF A NEW HOT TREND IN
 FASHION...
 A NEW HAIR ACCESSORY IS MAKING IT
 DIFFICULT FOR FLY FISHERMEN TO GET
 SUPPLIES. ..AND IT'S REALLY RUFFLING
 SOME FEATHERS...

FLY FISHING ENDANGERED
 Billings, MT :02-:05

STEPHANIE MCCORMICK
 Elegance Salon :13-:16

DOUG HAACKE
 Magic City Fly Fishers:38-:44

"you just take a little hair usually by the face... Crimp a bead and there you go."

STEPHANIE MCCORMICK OF ELEGANCE SALON IN BILLINGS HAS BEEN PUTTING IN FEATHER EXTENSIONS FOR THE LAST 6 MONTHS.

S/ Stephanie McCormick/ Elegance Salon :13-:16

"they've really taken off. I get a lot of calls."

EVER SINCE STEVEN TYLER WORE FEATHERS IN HIS HAIR ON AMERICAN IDOL, MCCORMICK HAS SEEN THE COST OF FEATHERS *DOUBLE.*

CUSTOMERS JUST CAN'T GET ENOUGH OF THE PRODUCT. BUT THE TREND IS ALSO AFFECTING MONTANA OUTDOORSMEN.

"on the water it looks just like a cluster of midges."

DOUG HAACKE (HOCKEY) WITH MAGIC CITY FLY FISHERS SAYS FLY FISHERMEN USE THE SAME TYPE OF FEATHERS-- CALLED HACKLE-- TO TIE FLIES.

S/ Doug Haacke/ Magic City Fly Fishers :38-:44

"that's part of the fun of it is all the little elements. The right cast, a good looking fly."

HE SAYS IN JANUARY THEY NOTICED LOTS OF WOMEN COMING IN

TO FLY SHOPS.

S/ Doug Haacke/ Magic City Fly Fishers :50-1:06

"Looking for any and all hackle. Almost overnight all the fly shops in billings were depleted of hackle. Even six months later it's still very difficult to get."

HAACKE HAS SEEN THE PRICE FOR HIS SUPPLIES JUMP EVEN MORE THAN MCCORMICK'S.

"just a couple of saddles I sold for a few hundred dollars, financing my trip to canada to go pike fishing."

MCCORMICK SAYS ORDERING THE FEATHERS IS LIKE BUYING CONCERT TICKETS. THE COMPANY WILL ANNOUNCE THE COLORS AVAILABLE FOR THE DAY AND WITHIN THREE MINUTES THEY ARE GONE. IF THE TREND CONTINUES HAACKE SAYS IT COULD MEAN TROUBLE FOR THE FLY FISHING INDUSTRY.

S/ Doug Haacke/ Magic City Fly Fishers 1:36-1:53

"there are a few commercial fly tying outfits done tying flies for the year. They can't get any hackle.... It would have a major impact on fly fishing if we were to go another year without having materials."

BEGINNING TOMORROW SMOKE DETECTORS
WON'T BE THE ONLY THING POTENTIALLY
BEEPING IN HUMBOLDT COUNTY HOMES, AS A
NEW LAW MANDATES MOST HOMES IN
CALIFORNIA HAVE TO INSTALL CARBON
MONOXIDE ALARMS BY JULY
FIRST...NEWSCHANNEL 3'S CAMERON

BETSY, IT'S BEEN CALLED THE SILENT
KILLER, AND EACH YEAR IT CLAIMS FOUR
HUNDRED LIVES AND INJURES ANOTHER
TWENTY-THOUSAND ACROSS THE COUNTY;
NOW CALIFORNIA IS TAKING A STAND
AGAINST CARBON MONOXIDE...

Eureka Fire Department

"It's colorless, odorless, tasteless, non corrosive, highly
poisonous gas with about the same density as air."
AND IT'S THE LEADING CAUSE OF
ACCIDENTAL POISONING DEATHS IN
AMERICA; CARBON MONOXIDE IS DEADLY, AS
WELL AS COMMON:

(SOT: ED LAIDLAW, Eureka Fire Department)

"It's very important, for those who have fuel burning appliances in their house, if the appliance isn't operating properly it can produce carbon monoxide."

AND IF IT CAN PRODUCE CARBON MONOXIDE, THE RESULTS FOR HUMANS CAN BE HOSPITALIZATION OR WORSE...

(SOT: ED LAIDLAW, Eureka Fire Department)

"And it can cause significant problems, up to death."

BUT A NEW LAW, PASSED IN JANUARY MANDATES THAT ALL HOMES WITH A FUEL BURNING APPLIANCE OR ATTACHED GARAGE ARE REQUIRED TO INSTALL CARBON MONOXIDE ALARMS IN THEIR HOMES BY JULY FIRST... WITH THE ALARMS IN PLACE, RESIDENTS WILL HAVE THE SAME TOOLS AS THE FIRE DEPARTMENT:

(SOT: ED LAIDLAW, Eureka Fire Department)

"We have monitoring equipment where we can go into the house and monitor the atmosphere to determine whether there is carbon monoxide in the dwelling."

AND FOR THE FIRE DEPARTMENT, THEY HOPE THE NEW LAW WILL SAVE LIVES AND REDUCE CASES OF CARBON MONOXIDE POISING...

"HOW LONG HAVE YOU BEEN FRUSTRATED LIKE THIS?" ... "SIX YEARS"... "EVERY DAY?".. "EVERY DAY."

WHEN CHERYL BARBOTA MOVED TO HUMBOLDT ABOUT 7 YEARS AGO SHE NEVER EXPECTED TO BE INVOLVED IN A DRAMA THAT WOULD PLAY OUT NOT ONLY ACROSS HER NEIGHBORHOOD.. BUT YEARS OF HER LIFE.

((NAT DOGS BARK))

THE OFFENSE? HER DOGS BARK TOO MUCH.

"It'll feel really good, it's real similar to smoke alarms, early activation is the key for safety for the public and the earlier we can notify people for potential emergencies and put them in a position where they're not at risk, the happier we are and the safer the public is."
