Re: Children's Television Act Certification

Dear Affiliate:

This letter is intended to assist you in satisfying your obligations under the Children's Television Act of 1990 (the "CTA") and the Federal Communications Commission ("FCC") regulations relating thereto in connection with your carriage of our video programming service CBeebies Hispanic.

BBC Studios Distribution Limited hereby certifies that the list attached hereto as Exhibit A identifies all children's programs (as defined in the CTA) aired by CBeebies Hispanic during the Third and Fourth Quarters of 2020. Please note that the CBeebies Hispanic service will cease operations as of October 31, 2020.

As a standard practice, we formatted and aired each of the children's programs identified below so that the total commercial time (including local ad avails, promos for non-educational programs and adjacent ads running before or after the program within the same clock hour, if any) did not exceed 10.5 minutes per hour on weekends, and 12 minutes per hour on weekdays in compliance with the CTA and the FCC rules and regulations.

None of the following programs included any commercial spots (including local ad avails, promos for non-educational programs and adjacent ads running before or after the program within the same clock hour) that contained references to, characters or actors from, or that offered products related to, the underlying program.

We trust that this enables you to satisfy your obligations under the CTA in connection with your carriage of CBeebies Hispanic.

Please forward this letter (or copies) to any other appropriate individual(s) in your organization.

As always, we appreciate your support.

Sincerely,

DocuSigned by:

The primary signal of a station may complete its Children's CORE obligation by airing either (i) three (3) hours per week (as averaged over a six-month period) of CORE Programming, or (ii) 156 hours of CORE Programming annually, including at least 26 hours per quarter of regularly scheduled weekly programming of at least 30 minutes in length and up to 52 hours annually of CORE Programs of at least 30 minutes in length that are not aired on a regularly scheduled weekly basis, such as educational specials and regularly scheduled non-weekly programming, and/or other non-regularly scheduled programming and short-form programming, such as PSAs and interstitials. In retaining the existing three (3) hour per week (on average) requirement the FCC also expanded CORE Programming hours to be between 6 a.m. to 10 p.m. local time, and allows stations to also air thirteen (13) hours per quarter of the regularly scheduled weekly CORE programming on a multicast stream. **BOOMERANG
CERTIFICATE OF COMPLIANCE WITH COMMERCIAL LIMITS
FOR CHILDREN'S PROGRAMMING**

I, Toni Millner, in my capacity as Associate General Counsel and Vice President – Kid Vid Compliance for Boomerang, hereby certify to the best of my information, knowledge, and belief, that the following information is accurate for the period of from October 1, 2020 to December 31, 2020:

- 1) I am familiar with the statutory limits of the Children's Television Act of 1990 (the "Act") and the FCC regulations implementing those limits (no more than 12 minutes per hour of commercial matter may be telecast during children's programming* on weekdays, and no more than 10 ½ minutes per hour on weekends).
- 2) Boomerang has treated all of the programs telecast on Boomerang as "children's programming" for the purposes of complying with the commercial limits set forth in the Act.
- 3) Boomerang has, as a standard practice, formatted and telecast all of the programs carried on the Cartoon Network during the period noted above within the commercial limits set forth in the Act, to the extent applicable to the programming.
- 4) To the best of my information, knowledge and belief, there were no instances in which the commercial limits were exceeded during the period noted above.

Certified by me this 7th day of January, 2021.

Toni Millner (Jan 7, 2021 17:47 EST)

Toni Millner
Associate General Counsel and
Vice President - Kid Vid Compliance

* "Children's programming" for the purpose of the commercial limits means programs originally produced and telecast for an audience of children 12 years and under.

**CARTOON NETWORK
CERTIFICATE OF COMPLIANCE WITH COMMERCIAL LIMITS
FOR CHILDREN'S PROGRAMMING**

I, Toni Millner, in my capacity as Associate General Counsel and Vice President – Kid Vid Compliance for Cartoon Network, hereby certify to the best of my information, knowledge, and belief, that the following information is accurate for the period from October 1, 2020 to December 31, 2020:

- 1) I am familiar with the statutory limits of the Children's Television Act of 1990 (the "Act") and the FCC regulations implementing those limits (no more than 12 minutes per hour of commercial matter may be telecast during children's programming* on weekdays, and no more than 10 ½ minutes per hour on weekends).
- 2) Cartoon Network treated all of the programs telecast on Cartoon Network, a leading ad-supported cable television network, as "children's programming" for the purposes of the commercial limits set forth in the Act except for its telecast in the "Adult Swim" block of programming created for an adult audience that airs late night seven days a week.** On a weekly basis, therefore, approximately 105 hours of television programming were treated as "children's programming" for the purposes of the commercial limits set forth in the Act.
- 3) Cartoon Network has, as a standard practice, formatted and telecast all of the programs carried on the Cartoon Network during the period noted above within the commercial limits set forth in the Act, to the extent applicable to the programming.
- 4) During this period, there was one incident in which the amount of commercial matter in children's programming exceeded the statutory limits by approximately 15 seconds. Details of the commercial "overage" that occurred as a result of human error on Tuesday, December 15, 2020, are in Exhibit 1.
- 5) Cartoon Network regrets this incident that happened in the midst of corporate reorganization and layoffs. We urge that this incident be viewed in the context of the large amount of children's programming that Cartoon Network had telecast during this period and throughout the year in compliance with the KidVid rules.

Certified by me this 7th day of January, 2021.

* "Children's programming" for the purposes of the commercial limit means "programs originally produced and broadcast primarily for an audience of children 12 years and under."

**During this period, the "Adult Swim" block of programming aired from 9 p.m. to 6 a.m., 7 nights a week with the following exceptions. Adult Swim started at approximately 9:30 p.m. on 12/20/20 after a longer theatrical movie was telecast and started at 8 p.m. on 12/28/20 – 12/31/20. The Adult Swim block contains television ratings and warnings to notify and remind viewers that the content is intended for an adult audience and is not considered "children's programming" subject to the commercial limits set forth in the Act.

Exhibit 1

On Tuesday, December 15, 2020, an employee working within our Broadcast Operations Center (“BOC”) made a mistake that resulted in a 15-second time overage in the commercial time limits on Cartoon Network between the hour of 10 a.m. to 11 a.m.

The BOC made a mistake improperly editing an “on-air” play list. An extra 15-second commercial that was not on the pre-approved schedule was added at 10:29:06 a.m. As a result of this human error and additional commercial, Cartoon Network inadvertently increased the amount of commercials to 12 minutes and 15 seconds within the hour.

Cartoon Network understands and appreciates the importance of the KidVid rules and procedures and provides compliance training materials to all BOC employees, but the BOC operator (who is no longer employed by the company in connection with a corporate reorganization) simply made a mistake under the circumstances.

**NBA TV
CERTIFICATE OF COMPLIANCE
WITH COMMERCIAL LIMITS
FOR CHILDREN'S PROGRAMMING**

I, Toni Millner, in my capacity as Vice President and Associate General Counsel for Warner Media, LLC ("Warner Media"), I hereby certify that for the period from October 1, 2020 to December 31, 2020:

- 1) I am familiar with the statutory limits of the Children's Television Act of 1990 (the "Act") and the Federal Communications Commission's regulations ("FCC Rules") implementing those limits for "children's programming"¹ (no more than 12 minutes per hour of commercial on weekdays, and no more than 10 ½ minutes per hour on weekends during "children's programming").
- 2) The FCC Rules require cable operators to maintain certain records regarding their compliance with the advertising limits imposed on children's television programming. These advertising limits and compliance reporting obligations do not apply to cable networks that do not carry "children's programming" as defined under the Act.
- 4) To the best of my information, knowledge, and belief, no "children's programming" has been telecast on NBA TV in the past quarter, nor is scheduled to be shown in the foreseeable future.
- 5) If there are any material changes in the programming policies of the television network so that children's programming is telecast on NBA TV (or in the event that the reporting obligations under the FCC Rules are changed), notice and updated certifications reflecting such changes will be provided.

Certified this 7th day of January, 2021.
