Re: KETV, Omaha, Nebraska, Fac. ID No. 53903  
Section 73.1350(h) Control Point Notification

Via Overnight Delivery

Dear Ms. Dortch:

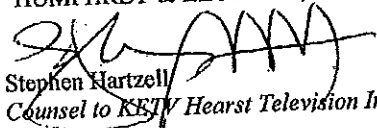

Pursuant to Section 73.1350(h) of the Commission's rules, this letter shall serve as notification that the above-referenced television station is establishing a transmission system control point in a location other than the main studio or transmitter.

The Station has installed a system that will allow its transmission system to be controlled remotely from 6455 Winchester Ave., Kansas City, MO 64133 (Phone: 816-221-9999 or 816-760-9134). The transmission system for KETV is also still controlled directly from the station's main studio at 2665 Douglas St., Omaha, NE 68131 (Phone: 402-345-7777 or 402-978-8915). In addition, a password-protected transmission system control can be operated via the Internet, which means that KETV's authorized operators could potentially access the system from any location anywhere that is equipped with secure Internet access.

Please contact the undersigned should any questions arise in connection with this matter.

Sincerely,

BROOKS, PIERCE, McLENDON,  
HUMPHREY & LEONARD, L.L.P.
