### INITIATIVES

The employment unit engaged in the following broad outreach initiatives in accordance with various elements of FCC Rule 73.2080(c)(6)

**First Initiative:**

*Participated in job banks, internet programs and other programs designed to promote outreach generally (i.e., that are not primarily directed to providing notification about specific job vacancies.)*

Throughout the reporting period of 2022-2023, Chicago Public Media maintained a Career Page on LinkedIn that provides a vehicle to post open positions, display pictures and stories about Chicago Public Media's workplace culture and commitment to diversity. Chicago Public Media's LinkedIn account also acts as a venue to promote community-based activities, via posts through the LinkedIn page, and encourages followers to opt in to be alerted for any job openings that are posted on this site.

Chicago Public Media also occasionally posts job openings to NABJ, NAHJ, AAJA, CPB as well as current.org. These websites act as a diverse source to post openings that Chicago Public Media has throughout the year.

**Second Initiative:**

*Establishment of an internship and fellowship program designed to assist members of the community to acquire skills needed for broadcast employment.*

**Radio Production and Journalism Internships and Fellowships**

For students and recent graduates from participating colleges or universities interested in careers in broadcasting and journalism. Internships are available once per year during the summer. Fellowships are available annually beginning in the Fall.

- Internships: June through August - applications are due in January.
- Fellowships: September through August - applications are due in February.

Recruitment is conducted through our company website and announcements are made at local colleges and universities specializing in journalism and broadcasting. Internships and fellowships are full-time consisting of 40-hours per week. Interns and Fellows are paid.

Internships are available year-round with the (above) application deadlines with approximately 8 participants every year. An HR Manager oversees the program.

**Third Initiative:**

*Establishment of a mentoring program for station personnel.*

CPM established a mentorship program for all new hires at the organization including full-time hires, fellows, and interns. All new hires are assigned a specific mentor who has worked at the organization for at least one year. The purpose of the program is to assist in acclimation, job training, and to increase support for new hires while providing leadership opportunities for mentors.

**Fourth Initiative:**

*Establishment of training programs designed to enable station personnel to acquire skills that could qualify them for higher level positions.*

CPM's Director of Editorial Training and Operations develops and conducts trainings and training series for station staff throughout the year related to content, editorial work and systems. The training improves employee skills that allows them to apply for higher level positions. CPM also identifies outside training opportunities for staff.

**Fifth Initiative:**

*Training of management level personnel on methods of ensuring equal employment opportunity and discrimination prevention.*

Annual on-line sexual harassment training sponsored by the Corporation for Public Broadcasting was completed by all employees as of September 30, 2022. In addition, in person anti-harassment training was held and completed by all employees as of June 30, 2023. This training consisted of three hours for managers and two hours for employees.

Additionally, Chicago Public Media also implemented a new applicant tracking system, Greenhouse, designed to create a structured hiring process with the goal of cultivating inclusion and belonging in Chicago Public Media's candidate experience. During the hiring process, Greenhouse guides CPM management level personnel through every step of the hiring process with tools built directly into Greenhouse Recruiting to mitigate unconscious bias and ultimately make objective hiring decisions by holding all candidates to the same standards.

This has allowed us to build an inclusive hiring culture that attracts and engages candidates from a wide range of experiences, cultures and demographics. It also minimizes the opportunity for unconscious bias by ensuring mental shortcuts and assumptions don't interfere with the chance of hiring great candidates. Through this new applicant tracking system integration, we are able to identify areas for improvement and evaluate the impact of our inclusive hiring efforts to see where we are able to refine our process.

#### **Sixth Initiative:**

*Sponsorship of at least two events in the community designed to inform and educate members of the public as to employment opportunities in broadcasting.*

#### **FOIA Fest 2023 Sponsorship:**

FOIA, which is short for Freedom of Information Act, is a federal law that requires the full or partial disclosure of unreleased documents and information controlled by the federal government. States have similar laws. This tool is used by journalists and citizens to request and obtain documents and data. FOIA Fest 2023 was a hybrid conference featuring dozens of panels and a mentorship program for early career journalists of color. The conference's popularity has grown over the years.

In celebration of the 11th year of FOIA Fest and its first in-person efforts since the height of the COVID-19 pandemic, Chicago Public Media partnered with FOIA Fest and the Chicago Headline Club and sponsored the official FOIA Fest 2023 Mixer. This event took place on Friday, March 10, 2023 from 7pm-9pm at TechNexus in Downtown, Chicago. During this event, journalists and community members enjoyed an evening of connection and conversation designed to help launch a weekend of learning more about the Freedom of Information Act, its necessity and its impact on the media industry. The conversation was streamed live and in addition, virtual and in-person attendees were able to ask questions.

Chicago Public Media was represented by several staff members who served as keynote speakers throughout the conference as well as branding visibility via a designated area where the CPM human resources team was able to speak to conference attendees about career objectives, industry trends and current open positions, establishing a diverse talent pipeline for current and future employment opportunities.

#### **2023 Public Media Village Sponsorship:**

In collaboration with nearly 40 public media organizations, Chicago Public Media is a Founding Villager Sponsor within the Public Media Village. The Public Media Village is the unified presence of nearly 40 public media organizations at some of the largest gatherings of journalists each year – NAHJ, AAJA, NABJ, NLGJA, NAJA and AMEJA – where the work of minority journalists are celebrated through workshops, panel discussions and keynote addresses. Since its launch in 2016, the Public Media Village, composed of public media organizations big and small, has had one of the largest footprints of all media organizations at most of these journalism conferences with nearly 3,000 minority journalists registered with the Village to date. Through

the Public Media Village, Chicago Public Media has the opportunity to recruit staff and spread the word about careers in public media under the banner Think.Public.Media.

In 2023, through the Public Media Village, Chicago Public Media sponsored a series of conventions for NABJ, NAHJ and AAJA. CPM employees participated in various seminars, workshops and special events. It also actively participated in the job fairs for each convention where it informed, educated and interviewed diverse prospects for present and future job opportunities.
