

Issue and Programs Report
for

WJCY

91.5 FM Cicero, Indiana

3rd Quarter 2013

Calvary Radio, through talking with pastors, community leaders and people with a strong concern for their community, have determined that the following issues are the current issues of highest concern in the area and this report has been created to show how we have addressed these issues.

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why its important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county of license.

It then moves to a time of prayer for needs and concerns called in by listeners throughout the area. Its focus is to address the needs of people in the community in the best way we know how. Through intercessory prayer to our God.

It is our desire to lift up prayer requests from people of all races and religions in an effort to reach out to those who don't have Jesus Christ as their personal savior.

Issue/s Addressed: Issues In Education – Abuse of Power

The Ultimate Obama Survival Guide

The IRS has become an instrument of tyranny by attacking political opponents to silence and ruin them. This is what communist countries do. Obama's classmate at Columbia, [Wayne Root](#), author of [The Ultimate Obama Survival Guide](#), is an outspoken critic of Obama and as a result fought the IRS in court. But 5 days after winning his case, they came after him again. Detroit is an example of how a once great city has become a desolate wasteland because of liberal Democrat control. By contrast, Texas is an example of how government can facilitate economic prosperity not poverty. Which way America?

Guest: Wayne Root

Date: 07/13/13

Issue/s Addressed: **Issues In Education – Parents! Take Charge!**

Ultimate Obama Survival Guide

Americans spend the most for education but get the worst results. Why? 81% of young people voted for a socialist for President. Why? [Wayne Root](#), author of the [Ultimate Obama Survival Guide](#), says, "Mis-educated students voted for an America Idol not a President." Home schooling trains students to think not just follow the crowd. Wayne Root's daughter Dakota, got straight A's at Harvard and now attends Oxford. Their children are examples of what educational excellence can produce. What a waste if they had learned mediocrity instead of taking charge of their own future and rising to the top.

Guest: Rick Boyer

Date: 07/20/13

Issue/s Addressed: **Issues In Education – Inspiring A New Generation**

Take Back the Land – Inspiring a new Generation to Lead America

With just 3% of atheists, why are our schools atheistic? Why are young people simply entertained instead of disciplined? Years ago, young people changed their world. Washington went to the university at age 13. John Q. Adams at 14 was secretary to our envoy in Russia. The great revivalists, Whitefield and the Wesleys, changed the destiny of America. [Rick Boyer](#), author of [Take Back the Land- Inspiring a New Generation to Lead America](#) says God gave this nation liberty to be a light to the world. Christ took on all the power of evil and emerged victorious. He calls us to follow Him to take this nation back for Him.

Guest: Abby Nye

Date: 07/27/13

Issue/s Addressed: **Issues In Education – A Courageous Christian Student**

Fish out of Water-Surviving & Thriving as a Christian on a Secular Campus

Censorship of Christianity and bigotry toward students has led to a decline where only 4% of this generation is Christian. [Abby Nye](#), a courageous Christian university student, and author of [Fish out of Water-Surviving & Thriving as a Christian on a Secular Campus](#), tells how professors intimidate and convert Christians into humanism. Abby was told by her professor that the Bible is a book of myths and not a credible source in academia. Yet she was *required* to buy a Koran for her *required* class on Islam. Abby survived and thrived as a Christian, because she was well prepared, but most are not and lose their faith.

Issue/s Addressed: **Issues In Education – Unravelling the Moral Fabric Pt. I**

Homosexual Marriage

We are witnessing the unraveling of the moral fabric of our nation as the Supreme Court declared the Defense of Marriage Act unconstitutional. The justices swore an oath to uphold the Constitution not destroy it. Yet they are putting themselves above the Constitution and above God, who gave us the definition of marriage. Cuts from [Randy Thomasson](#) and [Tony Perkins](#), of [FRC](#). [Brad Dacus](#), President of the [Pacific Justice Institute](#), says churches need to protect themselves against punitive lawsuits for not marrying homosexuals. Homosexual marriage is a direct threat to your religious freedoms.

Guest: Brad Dacus

Date: 08/10/13

Issue/s Addressed: Issues In Education – Unravelling the Moral Fabric Pt. II

Acceptance of Transvestites and Homosexuality

California homosexual indoctrination laws are shocking. AB 1266 forces K-12 public schools to allow boys, who think they are girls, to use the girls' restrooms, the girls' showers and be on the girls' sports teams. In addition, [Brad Dacus](#), President of the [Pacific Justice Institute](#), says California SB 323 forces the Boy Scouts, Christian youth groups, and other non-profit groups to make homosexuals and transgenders their leaders or have their non profit status rejected. It's now illegal for counselors to counsel minors out of homosexuality. Schools are being used to force acceptance of transvestites and homosexuality.

Guest: Curtis Bowers

Date: 08/17/13

Issue/s Addressed: Issues In Education – Destruction from Within Pt. I

American Communism

The world thought communism was dead, but [Curtis Bowers](#), producer of the award winning film [Agenda – Grinding America Down](#), went to a meeting of dedicated American communists in 1992, who told of specific plans to bring down our system through the media and education by using environmentalism, feminism and homosexual marriage. The name "communist" has been replaced with *liberal, leftist, or progressive*, but their agenda remains the same. The communists simply use the socialists and eventually wipe them out. It's a gradual revolution that few recognize until it's too late.

Guest: Tony Perkins

Date: 08/24/13

Issue/s Addressed: Issues In Education – Destruction from Within Pt. II

Agenda – Grinding America Down

Karl Marx, father of communism said, "The goal of communism is to de-throne God and destroy capitalism." Socialism creates the situation for a Stalin or Hitler to come to power. It's the final destination we are traveling. [Curtis Bowers](#), producer of [Agenda – Grinding America Down](#), said, "The biggest surprise was that our enemies understood that morality was our greatest strength, that immorality creates the need for more government until the people demand socialism. The left has been so successful that they persuaded the American people to put one of their own in the White House.

Guest: Bill Federer

Date: 08/31/13

Issue/s Addressed: Issues In Education – The Basis of Our Freedoms Pt. I

Religious Tolerance

Why, in a nation established on tolerance, is there no tolerance for Christians? Why, when 78% of our population is Christian, are Christian students and teachers persecuted, censored and fired for simply being Christian? Ironically, it's being done under the guise of "tolerance." Historian [Bill Federer](#), author of [Backfired - A Nation Founded on Religious Tolerance No Longer Tolerates its Founder's Religion](#), says the concept of "tolerance" came from Christ. But Jesus warned, "A house divided cannot stand," so this nation cannot long survive when the schools emphasize multiculturalism and censor out Christianity.

Guest: Bill Federer

Date: 09/07/13

Issue/s Addressed: Issues In Education – The Basis of Our Freedoms Pt. II

What Every American Needs to Know About the Quran'

How can Muslims take an oath to uphold the Constitution when the Qur'an advocates the opposite of our Constitution? There's no concept of equality in Islam. Why are schools teaching curricula, such as CSCOPE, that promotes Islam and rejects Christianity when there's such oppression under Islam? Historian [Bill Federer](#), is the author of [What Every American Needs to Know About the Qur'an](#). Is President Obama a Muslim? If so, what are his goals for our nation? Cuts of Obama speaking about "his Muslim faith" and Islam's wonderful contributions. Holy lying, ("al-Takeyya") to promote Islam is advocated in Islam.

Guest: Billy Humphrey

Date: 09/14/13

Issue/s Addressed: Issues In Education – To Know Him Pt. I

Intimacy With God

Why do Christians take a bold stand for Christ, at school or throughout history, when they're persecuted or killed? It's because of their profound love for God. Why did God create people? To worship and serve Him? He has angels for that. God is love and His primary purpose for creating us was to lavish His infinite love upon us and enjoy us forever. [Billy Humphrey](#), author of [To Know Him - How Intimacy With God Changes Everything](#), says, "Familiarity with scripture has misled many into thinking they know all about God when they don't know Him at all in a personal intimate relationship."

Guest: Stephen Smith

Date: 09/21/13

Issue/s Addressed: Issues In Education – The Jesus Life Pt. II

Eight Ways to Recover Authentic Christianity

There's plenty of information but little transformation! People know what Jesus taught but not how He lived. [Stephen Smith](#), author of [The Jesus Life, Eight Ways to Recover Authentic Christianity](#), says "Jesus was not stressed as many of us are today. He enjoyed life with dinners, debates and long walks with his disciples, yet He regularly got away to be alone in prayer. The dinner table is more than simply eating but fellowship and acceptance." Love is the most powerful force in the universe. Love changes atheists into followers of Christ. To live as Jesus lived means to *savor and enjoy* life not just endure it.

Guest: Kara Davis

Date: 09/28/13

Issue/s Addressed: Issues In Education – Heart and Soul Pt. I

Spiritual Secrets to a Healthy Heart – Uncovering the Roots of America's #1 Killer

Heart disease is America's largest killer killing more than all cancers combined. Diet, exercise, smoking and body weight are known to affect heart health, but emotional factors such as stress, depression, anger and un-forgiveness play a huge impact on your heart. Medical doctor, [Kara Davis](#), author of [Spiritual Secrets to a Healthy Heart - Uncovering the Roots of America's #1 Killer](#), says people with chronic anger or pessimistic personalities are more likely to develop heart disease.

How can people break out of the cycle of anxiety and depression? What is the Mediterranean Diet? What about eggs, carbs and fats?

Issue/s Addressed: Spiritual Growth & Christian Living – Faith Evangelical Church

Faith Evangelical Church Valparaiso, IN Fellowship

Pastor David Wade tells us about how he came to know JESUS as a ten year old boy. He was a Pastor's kid, so he asked his Dad to share with him how he too could have eternal life, and accepted JESUS after hearing the Gospel which was very familiar to him at the time, but which never became personal until then. He was called at the age of 17, but didn't act on that call until later as God led him. He explains how he began as a layman in youth ministry at Faith Evangelical Church, then how he was called to become a full time Pastor, which was preceded by seminary training. Pastor David is a strong believer in expository preaching, though there is a place for a topical message. He shares how God's power has been seen in the lives of the people who attend Faith Evangelical Bible Church of Valparaiso. Comfort in great tragedies, broken marriages being restored, and doing only what He can do in the hearts in the lives of God's people. Pastor David shares how the body of believers at Faith Evangelical meet the needs of people outside of the Church through secondary causes in the community like sharing the gospel with people at the Porter County Fair through the "Good Person" test created by the "Way of the Master" evangelical ministry method. Neuthetic counseling (Biblical counseling) is another way they meet the needs of people, as well as hosting recreational sporting activities on the Church grounds. One of the tenants of the faith is being a part of a local congregation as shared in Acts 2:42: Gathering together, prayer, and the breaking of bread. Fellowship is important in fulling the commandment in loving one-another. At the end of the program, Pastor David and Tonya Mandich demonstrate "The Good Person" test for the listening audience. Faith Evangelical is located at highway 49 @ 305 E. 400N in Valparaiso. They invite anyone to come out and visit them or call 219- 464-8418 or visit them on the web at www.faithbible.ws

Issue/s Addressed: Spiritual Growth & Christian Living – Calvary Chapel on the Horizon

Calvary Chapel on the Horizon, Indianapolis IN

Pastor Jim Brown shares how the Lord revealed Himself to him through a very close brush with death while waterskiing. Jim acknowledged how God preserved his life and guided him through Christian friends to grope around for how it is that He could come to know what it means to live the Christian life. By the guidance of the Word, after a long detour from the faith due to a lack of real understanding as to how he could grow as a believer, was baptized by the Holy Spirit, and began to desire to share the Word with others at work, which led to street preaching in Atlanta, and eventually serving God as a Pastor.
