

Issues and Programs Report

for

WJCY

91.5FM CICERO, IN

2nd Quarter 2015

Calvary Radio, through talking with pastors, community leaders and people with a strong concern for their community, have determined that the following issues are the current issues of highest concern in the area and this report has been created to show how we have addressed these issues.

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county of license.

It then moves to a time of prayer for needs and concerns called in by listeners throughout the area. Its focus is to address the needs of people in the community in the best way we know how. Through intercessory prayer to our God.

It is our desire to lift up prayer requests from people of all races and religions in an effort to reach out to those who don't have Jesus Christ as their personal savior.

The Following Programs for this quarter include:

Guest: Bruce Marchiano

Date: 04/05/2015

Issue/s Addressed: Issues In Education – Resurrection Power

The greatest event in all history, even greater than the Creation itself, is the Resurrection of its Creator - Jesus Christ. God, Who was worshipped and obeyed in heaven, Who created universes, came to a tiny, rebellious planet, became a man and allowed himself to be tortured and killed to save us from hell. The greatest words ever spoken are "Christ is risen!" [Bruce Marchiano](#), the gifted actor who played the part of Jesus in [The Gospel According to Matthew](#), says Jesus wasn't a victim caught by surprise, but He was willing to die an excruciating death on the Cross so that we could be with Him forever as part of His eternal Family!

Guest: Bill Weise

Date: 04/12/2015

Issue/s Addressed: Issues In Education – What Happens When I Die Pt 1

What will happen to you after you die? How can you be certain that you will go to heaven? Are heaven and hell real places?

Are there people alive and celebrating in heaven while others are suffering in hell? Best selling author [Bill Weise](#), author of [What Happens When I Die? True Stories of the After Life and What They Tell Us About Eternity](#), describes some fascinating accounts of what people experienced after death and they came back to warn us of the *reality of eternity*. We play a cut of a scientist who came close to dying and said, "It's easy to be an atheist when you're successful but very hard when you're on your deathbed."

Guest: Bill Weise

Date: 04/19/2015

Issue/s Addressed: Issues In Education – What Happens When I Die Pt 2

What makes you certain that you are entitled to spend forever in heaven after you die? There is coming a moment when your spirit will leave your dead body. Some people say they aren't bad enough for hell but not good enough for heaven. Where will they go? [Bill Weise](#), author of [What Happens When I Die? True Stories of the After Life and What They Tell Us About Eternity](#), describes the vision that God gave him as he saw the people and flames in hell. "We are a heart beat away from eternity." Captain [Dale Black](#), author of [Flight to Heaven](#), died when his plane crashed, but his spirit visited the celestial city of heaven.

Guest: Gary Horton, Mary Whelchel

Date: 04/26/2015

Issue/s Addressed: Issues In Education – God' s Diving Design Pt 1

The majestic eagle is a symbol of strength and freedom. Just as opposing winds cause an eagle to soar higher, so *adversity* strengthens Godly people. So when adversity comes your way, don't let it get you down. Let it **push you up** as you draw closer to God. Inspirational high school assembly speaker, [Gary Horton](#), says the powerful, strong, father eagle is there waiting to catch the little eaglet as he tries to fly, *just as God is there* to catch us when we fall. [Mary Whelchel](#), author of [Soaring on - High Spiritual Insights from The Life of An Eagle](#), makes wonderful parallels between God's amazing eagle and Christians.

Guest: Jeff Seto, Ray Comfort

Date: 05/03/2015

Issue/s Addressed: Issues In Education – God' s Divine Design Pt 2

Many technological advances are based on nature. Some of the best inventions come from those who study God's design in nature yet don't give God credit or even acknowledge Him. Aerospace engineer, [Jeff Seto](#), co-author of [Made in Heaven -Man's Indiscriminate Stealing of God's Amazing Design](#), gives many examples of ideas that came from God in nature, like lowly creatures like mosquitoes (painless needles) and spiders, mussels (underwater glue), wasps and burrs (Velcro) that serve as inspirations for top scientists. [Ray Comfort](#), says, "It's dishonest to steal God's ideas and say they came from nothing." But schools do that.

Guest: Dharius Daniels

Date: 05/10/2015

Issue/s Addressed: Issues In Education – Become More Like JESUS

Do you have a *God directed* purpose for your life? God's priority is to make us more like Jesus. Pastor [Dharius Daniels](#), of the 6,000 member *Kingdom Church*, has a masters in divinity from *Princeton*, and is the author of [RePresent Jesus - Rethink Your Version of Christianity and Become More like Christ](#). Millions of Christians say they like Jesus but they are not like Jesus. What are the core character traits of Jesus? Agape (unconditional) love is more than a feeling - it's love in action. Being a person of truth means being authentic and honest. Jesus's life was a total submission to the Father. What is the Holy Spirit doing in your life?

Guest: John Dunlop

Date: 05/17/2015

Issue/s Addressed: Issues In Education – Wellness For The Glory Of God

What can you do now to live a happier, longer, healthier life? What could you do to live to be a healthy, active 100 year old? Medical doctor, for 40 years, [John Dunlop](#), graduate of Johns Hopkins, specializes in geriatrics - keeping older people alive and healthy, is the author of [Wellness for the Glory of God- Living Well after 40 with Joy and Contentment in all of Life](#). How can faith in God keep you physically well? How can we avoid excess worry about aging, illness and death? Trusting God doesn't mean God will do what I want. Trusting God means realizing He knows what's best and I can trust His wisdom, power and love.

Guest: Edgar Harrell

Date: 05/24/2015

Issue/s Addressed: Issues In Education – Up From The Depths Of The Sea Pt 1

Textbooks have been re-written to portray America as imperialist during WWII, with no mention of the attack on Pearl Harbor when we were at peace. [Edgar Harrell](#), author of [Out Of The Depths - A Survivor's Story of the Sinking of the USS Indianapolis](#), vividly describes his ship, the *Indy* (that carried the bombs that won WWII) being blown out from underneath him at midnight July 30, 1945 and his miraculous survival in shark-infested, oil soaked water for 4 ½ days at sea without food or water. He says, "I came face to face with a torrent of horror, but an ineffable peace enveloped me and gave me hope to continue."

Guest: Edgar Harrell

Date: 05/31/2015

Issue/s Addressed: Issues In Education – Up From The Depths Of The Sea Pt 2

How would you survive the terror at night as your ship is torpedoed and sunk and you have to swim for 4 ½ days in shark-infested, oil-soaked water, at sea without food or water? Faith in God gave [Edgar Harrell](#), author of [Out Of The Depths - A Survivor's Story of the Sinking of the USS Indianapolis](#), the courage and strength to survive when others gave up and died. Edgar Harrell saw sharks eating his buddies, but he kept his faith as he said, "God's presence gave me great strength and resolve to persevere." The untold story of the ship that carried the bombs that won the WWII is finally told. His rescue was miraculous.

Guest: Michele Bachmann

Date: 06/07/15

Issue/s Addressed: Issues In Education – God, Israel, and America Pt 1

Why is our President exchanging our ally Israel for our mortal enemy Iran? God says in Genesis that He will bless those nations that bless His people and curse those who are a curse to them. The President has put us on a collision course with God over Israel. [Michele Bachmann](#), a leading candidate for President in 2012, who served on the Congressional Intelligence Committee, says it's time for a 3rd Great Awakening of God to turn our nation from God's judgment that we're headed toward under this President. Israeli PM [Netanyahu](#) warns America that a nuclear Iran is a threat to world peace and our survival.

Guest: Michele Bachmann

Date: 06/14/15

Issue/s Addressed: Issues In Education – God, Israel, and America Pt 2

Why is our government claiming that Islam is peaceful when most terrorism is by Muslims? How can we win a war if we don't know who our enemy is? Is our President enabling radical mullahs ruling Iran to get nuclear weapons? Radical Muslims believe that they are called by Allah to usher in their caliphate through a world cataclysm and holocaust of Israel. [Michele Bachmann](#), a leading candidate for President in 2012, served on the Congressional Intelligence Committee says we need to take the threats from the radicals ruling Iran seriously. [Newt Gingrich](#) says we are losing the war against radical Islam!

Guest: Stephen Smith

Date: 06/21/15

Issue/s Addressed: Issues In Education – The Transforming Love of Christ Pt 1

There's plenty of information but little transformation! People know what Jesus taught but not how He lived. [Stephen Smith](#), author of [The Jesus Life, Eight Ways to Recover Authentic Christianity](#), says "Jesus was not stressed as many of us are today. He enjoyed life with dinners, debates and long walks with his disciples, yet He regularly got away to be alone in prayer. The dinner table is more than simply eating but fellowship and acceptance." Love is the most powerful force in the universe. Love changes atheists into followers of Christ. To live as Jesus lived means to *savor and enjoy* life not just endure it.

Guest: Billy Humphrey

Date: 06/28/2015

Issue/s Addressed: Issues In Education – The Transforming Love of Christ Pt 2

Why do Christians take a bold stand for Christ, at school or throughout history, when they're persecuted or killed? It's because of their profound love for God. Why did God create people? Was it to worship and serve Him? He has angels for that. God is love and His primary purpose for creating us was to lavish His infinite love upon us and enjoy us forever. [Billy Humphrey](#), author of [To Know Him - How Intimacy With God Changes Everything](#), says, "Familiarity with scripture has misled many into thinking they know all about God when they don't know Him at all in a personal intimate relationship."

Guest: David J. Friedman

Date: 04/11,12/2015

Issue/s Addressed: Public Safety: National Highway Transportation and Safety Administration

During daylight hours across America, approximately 660,000 drivers are using cell phones or manipulating electronic devices while driving... and it's been determined that every time a driver takes his or her eyes off the road to text, at driving 55mph, will travel equivalent of the length of a football field blindfolded. There are lots of distractions to choose from as we drive, but texting has been identified as one of the deadliest... given that text messaging is so pervasive and requires not only visual, but manual and cognitive attention from the driver. To discuss the issue of distracted driving, and how it has changed the culture of the roads, we invited David J. Friedman, Deputy Administrator of the National Highway Transportation and Safety Administration to join us for an interview, as well as featured a variety of testimonials from family members who lost loved ones to distracted driving.

It's their hope, as well as ours, that by providing alternatives to abortion with acceptance and compassion, as well as the physical, emotional and spiritual support needed by coming alongside those experiencing an unplanned pregnancy, more will be abundantly blessed as they welcome new life in into this world to the praise and glory of God in 2015 and for years to come. Guest: Karen Hayter

Date: 05/02,03/2015

Issue/s Addressed: Spiritual Growth & Practical Christian Living: KCAN

Every year, April is identified as Child Abuse Prevention Monty, and while the campaign is coming to a close, the need for awareness and education continues to be on the hearts and minds of many through our communities. It's been reported by Kalamazoo County's Child Protective services that over 6,000 calls of suspected child maltreatment were received in 2014, and nearly 50% of those confirmed victims of abuse and neglect were under the age of six. It's also reported that 1.5 infants deaths per 1,000 births are due to unsafe sleeping environments; a rate that continues to be higher than the rate for the entire State of Michigan.

To discuss the issue of child abuse prevention, we invited Karen Hayter, Executive Director of KCAN to join us for an interview. To learn more about this issue in the Kalamazoo area, go online to www.kalamazoocan.com

Guest: Kristin Rucinski

Date: 05/09,10/2015

Issue/s Addressed: Family and Public Safety: The Road Home

When a family is living on the streets, the road home changes every night... which is why we are grateful for individuals, churches, and organizations which not only recognize the need, but open their arms... and doors to struggling families. Due to a lack of affordable housing and a number of other factors, homelessness persists throughout our communities, but thanks to generous organizations like "The Road Home", the affordable transitional housing that these families need to take

that first step up to secure permanent housing is being made available in Dane County, Wisconsin.

To share how The Road Home Dane County provides opportunities for homeless children and their families to achieve their self-determined goals through affordable, stable housing, we invited Executive Director, Kristin Rucinski to join us to discuss how we can help these families get back on their feet again. To learn more about this organization, go online to www.trhome.org.

Individual lessons plans are uniquely designed based on the needs of each young person. Each lesson is planned to connect the horse and student. Guest: Mary Considine

Date: 05/30,31/2015

Issue/s Addressed: The Family & Public Health: Fisher House Foundation

According to the Department of Veteran Affairs, it's estimated that upwards of 20 percent of veterans from the wars in Iraq and Afghanistan are currently confronting PTSD and traumatic brain injury; a difficult reality to face for our servicemen and women who have put their lives on the line on behalf of God and country. In hopes of addressing the consequences of War in a very tangible way, the Fisher House Foundation has been there to provide temporary lodging for families of military vets across the country, and abroad... and is now celebrating its 25th year of service in helping our wounded warriors get the medical attention they need by providing a special network of comfort homes where families can stay at no cost while their loved one receives treatment. It was our pleasure to introduce Mary Considine, Chief of Staff for the Fisher House Foundation to the program. Mary joined the Fisher House Foundation in 2004, after having served as a volunteer for several years, and has assisted with the growth of the organization from a staff of only three, to diverse and dedicated nonprofit team which provides support for over 25,000 military and Veterans' families every year. Guest: Beth Mosher

Date: 6/6,7/2015

Issue/s Addressed: Public Education & Safety: AAA Teen Texting Program

According to a new report released by the AAA Foundation for Traffic Safety, in 2013 alone, over 370,000 people were injured and nearly 3,000 were killed in crashes that involved a teen driver. The results come just as the “100 Deadliest Days” of summer begin; the period between Memorial Day and Labor Day when teen crash fatalities historically climb. Peter Kissinger, President and CEO of the AAA Foundation for Traffic Safety states that “Teen crash rates are higher than any other age group; this data confirms that the impact of their crashes extend well beyond the teen who is behind the wheel... and since teens drive more during the summer than any other season, this insight is a timely reminder to everyone – *drivers, pedestrians and bicyclists* – to be mindful when sharing the roads with young drivers.” To discuss these findings and draw more attention to this issue, we invited Beth Mosher, Director of Public Affairs to the program. For more information about the relationship between teen driving and texting accidents and fatalities, go online to www.TeenDriving.AAA.com

Guest: Heather Feltman

Date: 6/13,14/2015

Issue/s Addressed: Children and Family: Adoptions Unlimited

The journey we each take in life is unique, yet there are common threads that keep us intact, some of which come in the form of encouragement, understanding, guidance, and wisdom; the qualities of which a Christian home, by God's grace, strives to provide. For children who are wards of the state, becoming a part of a “forever family” is something that many can only hope to imagine... and long to somehow come to know in a personal way: Could you be one of those forever families? To learn more about the gift of adoption, we invited, Heather Feltman, Executive Director at Adoptions Unlimited, to join us. The EFCA is a non-profit Christ-centered agency, offering a variety of services to children, families, and individuals throughout the Upper Midwest region. For more information about adoption with Adoptions Unlimited, go online to www.adoptionsunlimitedinc.org

Issue/s Addressed: Spiritual Growth & Christian Living: Christ Covenant Church

Pastor Nate originally came from Charleston SC. He was raised in a church attending home, but really had no relation with Christ. Nate got involved with drugs and drinking as early as middle school. Nate talked about the history of Christ Covenant Church which started in 1977. He told us about the development of their worship team into including a brass section. Nate is mostly an ex-positional teacher to cover the full Bible. CCC has many life orientated classes available all biblically based to help deal with family, work life and local mission work. Nate focused on Restoration Group which he refers to a triage intervention. Helping people who are in a very dark place and help them be restored into church fellowship. Guest: Jared Furnish

Date: 6/27,28/2015

Issue/s Addressed: Spiritual Growth & Christian Living: River City Church

Raised in a Christian home, Jared and his wife had been missionaries in Africa after college. This experience helped them more easily recognize and be sensitive to different cultural aspects not only in the world but through the city, in the work place and even in marriages. Not knowing what to do with his life in his late teens, Jared decided the best thing to do was to ask God. In doing that, he heard very clearly that he would be used in full time ministry. Jared leads worship at this time. They have a jail ministry that just started and a selection of small home group studies.
