91.5 FM Cicero, Indiana

2nd Quarter 2016

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self-help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county

Battleground

Battleground is a live, 25 minute show dedicated to reaching out to the community through a short devotional message and a time of intercessory prayer. The devotional time is dedicated to encouraging and strengthening believers through the word of God. It then moves to a time of prayer for needs and concerns called in by listeners throughout the area. Its focus is to address the needs of people in the community in the best way we know how. Through intercessory prayer

It is our desire to lift up prayer requests from people of all races and religions in an effort to those who don't have Jesus Christ as their personal savior.

Prayer requests are received any time day or night through people e-mailing us at battleground@calvaryradionetwork.com or by calling the station toll free at 866-303-9457 and dialing the special battleground extension number 203. Requests are taken by staff members during normal business hours and any time there is staff present at the studios.

Battleground is broadcast weekdays at 10:30am CST with various pastors from around the nation and covers a wide variety of issues due to prayer requests that stem from family & marriage to the economy & unemployment to youth and children to spiritual growth and more.

Issues in Education

Issues in Education is an interview show exploring issues with Christianity in schools, education, and intellectual thought. It's hosted by Bob and Geri Boyd with a goal of educating and informing listeners of things going on in schools and in the world that they may not be aware of as well as challenging people to get involved in their community.

Issues in Education is broadcasted at 4:30am, 3:00pm Sundays .

The Following Programs for this Quarter Include

Guest: Bill Weise Date : 04/03/16

Issue: What will happen to you after you die?

How can you be certain that you will go to heaven? Are heaven and hell real places? Are there people alive and celebrating in heaven while others are suffering in hell? Best selling author [Bill Weise](#), author of [What Happens When I Die? True Stories of the After Life and What They Tell Us About Eternity](#), describes some fascinating accounts of what people experienced after death, and they came back to warn us of the *reality of eternity*. A scientist, who came close to dying, said, "It's easy to be an atheist when you're successful but very hard when you're on your deathbed."

Guest: Randy Alcorn Date: 4/10/16

Issue: Heaven Part 1

What is heaven like? Will we have the same personality, with our mind completely intact, in heaven? Imagine your best vacation multiplied by infinity, and you get a glimpse of heaven. The best moments on earth are a taste of heaven. [Randy Alcorn](#), an authority on heaven and best selling author of 40 books, selling over 9 million copies, is the author of [Heaven](#). Randy Alcorn vividly describes what we can expect in Heaven, and on the *New Earth*, according to the Bible. The heaven we enter when we die *is temporary*. The future heaven is not a non-earth, but the *New Earth* where God comes to live with us.

Guest: Randy Alcorn Date: 4/17/16

Issue: Happiness Part 2

Is God more concerned with our *holiness than our happiness*? The Bible says Jesus was a man of *sorrows acquainted with grief*. But was Jesus *happy*? Is there a difference between *happiness and joy*? [Randy Alcorn](#), best selling author of

40 books, is the author of [Happiness](#). Christians are perceived as gloomy legalists. But people are drawn to happy people. So believers who show the happiness of Christ will attract others to Him. The joy of the Lord is no small trifle with God. The closer we draw to the *Source of Joy* the more we can experience all the happiness God has for us. God is happy and wants us to be happy also.

Guest: Jamie Glasov Date: 4/24/16
Issue: From Communism to Freedom

We take our precious God given freedoms for granted. Powerful forces want to make our nation socialist even communist. Immigrant [Jamie Glasov](#) describes the terror and oppression in the USSR before coming here but how America was like heaven. As a graduate student, Jamie tells how university professors believe and teach that communism is wonderful and capitalism is oppressive! Russian military scientist, [Dr Igor Shafhid](#), author of [Inside the Red Zone](#), says, "We could lose a city to terrorists and recover, but if we adopt a communist ideology, the whole country is lost." Dr Shafhid is now a Christian.

Guest: Dr Robert Morey Date: 5/01/16
Issue: From Islam to Freedom

Islam in the schools is part of our enemy's strategy to defeat us. There are grave national consequences as schools brainwash students into Islam under the guise of multiculturalism. [Dr Robert Morey](#), an expert on Islam, and author of [The Islamic Invasion](#), says that Saudi Arabia is spending billions to convert Americans to Islam, much of it through our schools. Why do Muslims want to kill innocent Americans? Who was Mohammed? Is Allah just another name for God? How can we stop the Islamic invasion that will bring this nation under Sharia Law. Dr Morey says there are already nuclear devices here.

Guest: Dr Robert Morey Date: 5/08/16
Issue: Biblical Truth in a Time of Skepticism Part 1

This generation has been raised to believe there are no absolutes. But isn't that an absolute? Who can say what's right and what's wrong? In this age of skepticism, how can we know the Bible is God's inspired Word? [Richard Simmons](#), author of an excellent apologetic entitled [Reliable Truth - The Validity of the Bible In An Age of Skepticism](#), says, "Some people believe the Bible is mythological without ever reading it. The Bible is not abstract philosophical ideas but actual historical events, real people describing real events. There is proof for the reliability of the Bible in archaeology and eyewitness testimonies."

Guest: Bill Foster Date: 5/15/16
Issue: Answering the Skeptic Part 2

What would you say to a skeptic who asks, "What makes your religion any different?" What do you say to the skeptic who says science has disproved the Bible? [Bill Foster](#), author of [Meet the Skeptic - A Field Guide to Faith Conversations](#), says before you give an answer ask a question, "How has science disproved the Bible?" "What are the contradictions in the Bible?" Words like, "in Christ," or "inspired by God," have different meanings for skeptics. Never qualify a Biblical verse with "for me," which renders the scripture subjective and irrelevant. Why can't a person get to heaven by being good? What is good?

Guest: Gary Horton Date: 5/22/16
Issue: Valor Part 1

Freedom is not free but purchased at great cost. Memorial Day is a day to remember the sacrifices that paid for our freedoms. [Gary Horton](#), a motivational school assembly speaker, was an Army Ranger who fought for our freedoms, yet he's not given the freedom to speak about his Christian faith in public schools. Schools have re-written our history, banned the flag, and banned the motto and the pledge. Christians have accepted the lie that we must deny our faith in public and deny the basis of where our freedoms came from- Biblical Christianity. Without this understanding, our freedoms are in grave jeopardy.

Guest: Eric Blehm Date: 5/29/16
Issue: Patriotism Part 1

As schools downplay patriotism and heroism and emphasize globalism, they fail to inspire young people to defend this great nation. There are many misconceptions of the Viet Nam War, that America was imperialist not defending the freedom of the South Vietnamese. [Eric Blehm](#), author of [Legend - A Harrowing Story From the Vietnam War of one Green Beret's Heroic Mission](#), brilliantly describes the heroic Sergeant Roy Benavidez, an amazing Green Beret legend who continued to rescue fellow soldiers even though he had 30 bullet, bayonet and shrapnel wounds. Captivating cuts of Benavidez's inspirational speech.

Guest: Brad Heath Date: 6/05/16
Issue: Public Education

Schools do more than simply teach academics. They disciple students away from Christianity and into secular disciples. [Brad Heath](#), author of [Millstones and Stumbling Blocks](#), wrote, "Evangelicals are notorious for fighting symptoms while perpetuating root causes." While Christians fight social issues like abortion, pornography etc., their own kids are in schools that instill relative values, where baby killing is simply a woman's choice. Chesterton wrote, "**Education isn't just a subject but a way of life.**" If schools are "millstones and stumbling blocks," why are Christians putting their children in them?

Guest: kim and David d'Escoto Date: 6/12/16
Issue: Home Schooling

How can parents inspire their child to have a passion for learning? How can you develop creativity and character in your child? How can you teach your child to think for themselves and not simply follow the crowd? [Kim d'Escoto](#), as a public school teacher, thought education should be left to the professional educators but now compares the benefits of home education to public school. [David and Kim d'Escoto](#), authors of [The Little Book of Big Reasons to Home School](#), say home schooling allows students to learn based on your child's specific interests while avoiding peer pressure and drugs.

Guest: Austin Miles Date: 6/19/16
Issue: Public Education and What is Behind Islam

Are public schools being used to evangelize students into Islam? Sixth graders were taken on a field trip to a mosque and some of the boys got on their knees, bowed down and prayed to Allah. (The video is on our website.) Chaplain and educator, [Austin Miles](#), tells how public schools across the nation, through textbooks and classes, promote Islam and denigrate Christianity. A former PLO terrorist, [Kamal Saleem](#), came to this country to recruit students into Jihad but instead was converted by a supernatural encounter with Christ. Ironically he boldly goes into Mosques to convert Muslims to Christ.

Guest: Dr Joseph Abed Shafi Date: 6/26/16
Issue: What is Behind Islamic Terrorism

What motivates Muslim terrorists to kill innocent people, even children, who haven't done anything to them? What is the status of women in Islam? What's the difference between Jesus and Mohammed? Was Mohammed a prophet of God or Satan? [Dr. Joseph Abd el Shafi](#), an Egyptian medical doctor practicing in America, is an expert on Islam and author of [Behind the Veil - Unmasking Muhammad's Life](#), and a booklet called *Seven Ignored Facts About Islam*. Dr. "Joseph" says most Muslims are illiterate and don't understand the Koran or Mohammed. Mohammed tortured and killed hundreds of people in cold blood.

Guest: Seth Maust

Date: 04/23, 04/24/2016

Issue/s Addressed: Children and Youth – Five Star Life

According to current statistics, as many as 7,000 students drop out of school every day, and 80% of children between the ages of 10-14 are reporting having used drugs for the first time between the hours of 3-6pm. In fact, 85% of all juvenile crime takes place between the hours of 2 and 7pm, clearly defining our middle school age children as being an underserved, “at-risk” people group. Tony Bennett, calls the middle school years the “black hole” because students may “physically drop out” in high school, but they begin

“mentally checking out” in middle school. Former United States Secretary of State Condoleezza Rice has stated that “The crisis we face in public education is a threat to the very core of who we are as a nation... and is the civil rights movement of today!” To address the needs of these children, Five Star Life is working to address this crisis; in effort to eliminate the black hole and, more importantly, awaken in middle school students the desire to succeed and take ownership for their destinies...to live five-star rated lives,

Seth Maust, Co-Founder of Five Star Life; a program focused on reaching middle school students in the after school hours, challenging kids where they need guidance the most.

Guest: Linda Brooks

Date: 05/28, 05/29/2016

Issue/s Addressed: Children & Youth – Safe Families for Children

When families experience crisis, there are often family members or friends who are able to exist when extra support is needed... yet for many parents, that isn't the case. Some families who suffer from difficult situations of various kinds lack the support they need, leaving children vulnerable to abuse or neglect, from the stressful conditions the family members encounter. Sadly, many children are taken into custody by the state, where a little more support from compassionate caregivers could have kept these families together. When families are broken up, it can damage not only the family members who suffer through it, but entire communities that encounter these wounded souls on a day-to-day basis.

Linda Brooks, Porter County Safe Families for Children representative, serving through the Baptist Children's Home and Family Ministries which is located in Valparaiso, Indiana joins us to share how this national movement of compassion for struggling families can be aided by the hands and feet of JESUS Christ. To learn about Safe Families for Children Nationally, call or write to 4300 West Irving Park Rd., Chicago, Illinois 60641 773-653-2200 or go to the website www.safe-families.org. Kids Hope USA works with the body of Christ to train individuals who would like to be involved with the ministry. Guest: Jay Seegert

Date: 06/11, 06/12/2016

Issue/s Addressed: Education – Creation Education Center

Today, it's being reported that as many as 2/3rds or more of Christian students are walking away from their faith by the time they leave college. So to help us better equip and engage Christians with the truth about the “facts” vs. “faith” dilemma many students encounter as they face opposing opinions about the Christian worldview, we've invited Jay Seegert, President and Co-Founder of the Creation Education Center: “Helping the believer think, and the thinker believe”. In the first part of our discussion, Jay takes on some of the most difficult questions we face with regard to the undertow of secular ideas permeating the Christian community today, as well as gives his personal testimony as to how God led him to find answers and help educate others about specific points of contention in the scientific community that challenge a Biblical view of Creation. Jay shares about the goals of the Creation Education Center, the statistics regarding who is being challenged and how, the proper view of the Genesis account in regard to the explanation of origins, the source of confusion with regard to operational science vs. a scientific explanation of origins apart from the Word of God. To learn more about the Creation Education Center, or to explore options available to inquiries regarding Jay's public speaking schedule, go online to www.CECwise.org or call 262-227-5636, or write The Creation Education Center, 1010 S. Guest: Jan Rubsam

Date: 06/18, 06/19/2016

Issue/s Addressed: Public Safety – College Safety & Self Defense Program

College preparedness is more than choosing classes, paying tuition, or any number of other decisions required of one who is on track for a successful year of higher learning. In addition to all practical preparedness, many families are choosing to be proactive in terms of providing instruction for first time and returning students in the area of personal protection and self-defense. Whether a college student lives on or off campus, there is always a degree of personal responsibility a student assumes when considering his or her campus life experience.

To discuss some of the statistics with regard to the need for personal safety, as well as inform us about some ways in which college students can best prepare and respond in certain situations, we invited Jan Rubsam, Owner and Chief Instructor of Valpo ATA Black Belt Academy to join us for a discussion. Jan is a 4th degree black belt and through her employment at Valparaiso University, can speak from experience with regard to many aspects of self-defense and college safety and preparedness.

To learn more about self-defense through martial arts training call Valpo ATA Black Belt Academy at 219-462-5000 or go online to www.ataonline.com or www.valpoata.com

Guest: Danielle Lawson

Date: 06/25, 06/26/2016

Issue/s Addressed: Second Harvest Foodbank of Wisconsin

Summer is one of the most challenging times of year when it comes to feeding hungry people, says Dan Stein, President of Second Harvest Food of Southern Wisconsin in Madison, which is one of the largest foodbanks in the state. Second Harvest Foodbank serves 141-thousand Wisconsinites who struggle with hunger and food insecurity; 43% of them being children. To help us better understand the issue of food insecurity and how we can work together to help these individuals and families who often go without fresh food, we invited Danielle Lawson, Food Resources Manager with Second Harvest to share about an exciting opportunity for farming communities, and compassionate partnering organizations to share the excess from their harvest with those in need. The Field to Foodbank program, facilitated through Second Harvest Foodbank of Wisconsin is a way farmers can directly get involved in giving, rather than plowing under, vital food resources to those in Midwestern communities.

To learn more about how to get involved, call or write Second Harvest Foodbank of Southern Wisconsin at 2802 DairyDrive, Madison, Wisconsin 53718 608-223-9121 or go online to www.secondharvestmadison.org
