

Issue and Programs Report

for

WJCY

91.5 FM Cicero, IN

3rd Quarter 2012

Calvary Radio, through talking with pastors, community leaders and people with a strong concern for their community, have determined that the following issues are the current issues of highest concern in the area and this report has been created to show how we have addressed these issues.

1. Education

Calvary Radio believes that a good biblical education is the foundation for spiritual success. Education is important because the more knowledgeable we are in the word of God the better equipped we are to stand firm in the confidence of his truth. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

2. The Economy, Employment & Personal Finance

Due to the current economic recession, families in northwest Indiana are experiencing a higher difficulty in being able to acquire a mortgage, find employment and afford health care. We at Calvary Radio try to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship during these uncertain times and to put their trust in God knowing that he provides for our needs.

3. Family & Marriage

Calvary Radio provides programming for all types of people from all types of families understanding that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

4. Children & Youth

Seeing as how children are our future, Calvary Radio broadcasts various programs geared specifically to certain age groups in the hopes that kids will be challenged to grow in their spiritual lives and become good citizens as they grow older and mature in their faith and relationships with people. We provide Children's programming on Saturday Mornings and Youth programming on Monday evenings and weekends. Hoping to encourage youth to take their faith seriously and not succumb to peer pressure that may advise them to do otherwise.

5. Spiritual Growth & Practical Christian Living

Spiritual growth is one of Calvary Radio's main goals. We try and encourage spiritual growth in our listeners by broadcasting programming with sound Biblical teachers and challenging messages as well as praise and worship music to keep listeners encouraged and edified throughout their week. We strongly urge our listeners to seek to grow in their faith and not be content with a inactive relationship with God.

6. Religious Freedom, Oppression and Terrorism

The signal of WHLP and its translators covers the Chicagoland area, where terrorism is a bigger threat than elsewhere in the US so we at Calvary Radio are doing our best to educate people on the safety level of our area while reminding our listeners that God is our only source for true safety. And while religious and constitutional freedoms are often an issue in schools and are part of America's constant struggle with taking God out of the schools. Calvary Radio brings programming that addresses the true heart issues of fear and security.

7. Public Health

With health care costs on the rise and insurance prices increasing, families in the area often have to live without insurance and the uncertainty of what will happen to them if health problems occur. So we air programming that deals with ways to acquire health insurance and how to maintain good health if health care is unavailable to you. Centering on the fact that our bodies are God's temple and we should do our best to take care of them but understanding that they're also temporary and God has a more perfect plan for us waiting in Heaven someday.

8. Public Safety

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why its important to us that listeners be aware of safety hazards within their homes, cars and workplaces.

Calvary Radio is committed to truth in radio and, in keeping with that commitment, our programming consists mostly of sound biblical teaching programs with a primary focus on the truth of God's word and its instruction to us.

Along with those teachers we also Broadcast Jay Sekulow Live, a daily radio outreach program of the American Center for Law and Justice. Hosted by ACLJ Chief Counsel Jay Sekulow, this live call-in program focuses on the legal and legislative battles underway across America.

The following programs, however, we receive no financial reimbursement for broadcasting and are strictly for the purpose of inciting community interaction, encouraging education and discussing issues that relate to the city and county of license.

Issue/s Addressed: Education: Good News for Muslims Part I

Behind the Veils of Yemen

Audra Shelby, author of [*Behind The Veils of Yemen*](#), and her family, left on a one-way flight to Yemen. How could they evangelize this country that's 99.9% Muslim and it's illegal to convert Muslims? The risks were great, with deadly diseases, contaminated food and water, and a backward culture, but God is greater and He sustained them. **Steven Masood**, author of [*Into The Light*](#), worked in the censorship department of the Pakistani post office reading personal letters looking for anti-Islamic material. But God showed him [His love](#) in Christian correspondence, so that he also became a follower of Christ.

Issue/s Addressed: Education: Good News for Muslims Part II

Into The Light

What is it that draws even the most ardent Muslims to become Christians? In a word, it's love, God's love. [Steven Masood](#), author of [Into The Light](#), was a faithful and diligent Muslim, who even tested his faith by trying to walk water. But he wasn't fulfilled and tried to commit suicide to meet God face to face. He challenged his Muslim teachers and was severely beaten by the religion of peace. Mohammed was a taker of life; Jesus is the giver of life. Mohammed said convert or die. Jesus says believe and live. Mohammed did no miracles; Jesus did many including raising the dead. Choose Christ and choose life.

Issue/s Addressed: Education: Twilight's Last Gleaming Part I

Twilight's Last Gleaming

President Obama is urging churches to get political. But if Obama can rally churches for his re-election, why can't his opposition rally churches for his defeat? How long can this bankrupt nation survive? Socialism has failed. It's out of the coming darkness that God's light will shine brighter. [Robert Jeffress](#), author of [Twilight's Last Gleaming](#), is calling believers to action, not to restore a fading empire's glory, but to make an eternal impact. Some Christians believe politics is the answer. Others say evangelism. But God calls us to be both evangelists and prophets to warn and preserve the souls in this nation.

Issue/s Addressed: Education: Marxism on Campus

Marxism on Campus

Marxism is a proven failure yet it's changing the future of this nation through universities. In our history as a nation, we've never been as close as now to a basic shift from capitalist, free enterprise, to socialism/Marxism. A majority of 18-29 year olds voted for Obama because they've learned a socialist/Marxist worldview. [Phyllis Schlafly](#), of [Eagle Forum](#), tells of a widely used history textbook written by a communist leader! [Dr John Ellis](#), of the [California Association of Scholars](#), says

his 2 year study shows radical socialist/Marxist professors pose an ominous threat to universities and the future of our culture.

Issue/s Addressed: Education: Emerging From Deep Despair

Life in Spite of Me – Extraordinary Hope After a Fatal Choice

Who could survive being run over by a freight train going 55 mph? Only someone God miraculously saved! Suicide is a leading cause of death among young people. [Kristen Anderson](#), author of [Life In Spite of Me - Extraordinary Hope After a Fatal Choice](#), lay down on the tracks in front of an approaching train and later said, "I would rather have lost my legs and find life and the *Life Giver*, than go through life whole and go to *hell*." Kristen went from the deepest despair to emerge victorious with a purpose for life in her inspirational outreach ministry. "I know the plans I have for you," says the Lord.

Full Time Parenting – A Guide to Family Based Discipleship

Being a good parent is the most difficult task you'll ever undertake. If you think you're equipped to do it - think again. God wants to help you. Parenting is an awesome responsibility, given by God, yet most parents spend just 19 minutes a day with their child. The Bible says, "Be not conformed to the world but be transformed..." Yet everything in public school conforms students to the world. Is your child being conformed to the world or Christ? [Israel Wayne](#), author of [Full Time Parenting - A Guide to Family Based Discipleship](#), gives keys to keeping children quiet, peaceful, listening, and relating to people of all ages.

Issue/s Addressed: Education: Full Time Parenting Part II

Full Time Parenting

Education is not simply teaching subjects, it's the transferring of a *way of life*. Education is discipleship. Public schools are in the discipleship business but not into a Biblical worldview. That's against the law. What is successful parenting? Is it academics, sports, socialization...? Or to love God with all their mind? [Israel Wayne](#), author of [Full Time Parenting](#), says "My goal is to train children who love the Lord and desire to serve and obey Him and others." How can you raise Christian kids in an anti-Christian school system? What's the responsibility of dads in educating children? How is ADHD over come?

Guest: Maria Rybarczyk

Length: 26

Date: 09/01/12

Issue/s Addressed: Education: Holocaust

One Election away from tyranny?

Are we one election away from tyranny? The German people elected Hitler and his national socialism called Nazism. In 1939, [Maria Rybarczyk](#) was 12 years old when Poland was invaded. She vividly describes starvation, eating bark to survive, the concentration and labor camps, torture and humiliation, and the gas chambers. How could people be so inhumane, barbaric and demonic to inflict such hatred and evil on other people? The horrors didn't begin in the gas chambers but in the minds of men who had abandoned absolute Truth and tried to make the state god. If we don't learn from history, we will repeat it.

Guest: Gary Horton

Length: 26

Date: 09/08/12

Issue/s Addressed: Education: The Majestic Eagle

Soaring on – High Spiritual Insights from the Life of an Eagle

The majestic eagle is a symbol of strength and freedom. Just as opposing winds cause an eagle to soar higher, so *adversity* strengthens Godly people. So when adversity comes your way, don't let it get you down. Let it **push you up** as you draw closer to God. Inspirational high school assembly speaker, [Gary Horton](#), says the powerful, strong, father eagle is there waiting to catch the little eaglet as he tries to fly, *just as God is there* to catch us when we fall. [Mary Whelchel](#), author of [Soaring on - High Spiritual Insights from The Life of An Eagle](#), makes wonderful parallels between the eagle and Christians.

Issue/s Addressed: Education: Exposing the Jefferson Myth Part I

The Jefferson Lies

Is Obama the most Biblically hostile President in our history? Is he a Marxist or a Christian? The Supreme Court has stolen our religious freedoms by misusing a phrase not even in our Constitution - *the separation of church and state*, which has been so twisted that it means the opposite of what Jefferson wrote in a private letter. Historian [David Barton](#), author of [The Jefferson Lies](#), says our Founders have been slandered and lied about to discredit them to justify a secular society to such a degree that a student can't say a prayer or have a Bible at school. Can pastors promote political candidates from the pulpit?

Issue/s Addressed: Education: Exposing the Jefferson Myth Part II

The Jefferson Lies

We're as close now to having a king as in the days of King George who provoked our war for Independence. The President treats Congress and the Constitution with contempt and makes up his own laws and refuses to enforce the laws already passed. [David Barton](#), author of [The Jefferson Lies](#), cites original source material to answer questions about Founding Father Thomas Jefferson. Was Jefferson a secularist, a deist or a Christian? Did Jefferson own slaves and have a child with one of them? Was he a racist? Did he cut out the miracles of Jesus to undercut belief or promote it as an abridgment to Indians?

Guest: Ed Klein

Length: 26

Date: 09/29/12

Issue/s Addressed: Education: Distribution is not the solution

Capitalists or Socialists?

What is the purpose of public education? Is it to train students to become capitalists or socialists? Cuts of typical high school students who don't know basic facts. Redistribution is not the solution. Cut of economics prof telling what the American dream means to his students. Obamacare isn't just about socialized medicine, but it is the advent of a thoroughly socialist America. Best selling author, [Ed Klein](#), did extensive research on the Obama White House and what he discovered will shock you. Obama is in revolt against the values of the society he was elected to lead. He has bungled international relations.

Issue/s Addressed: Education: What's the Evidence Creation Booth

Evidence for Creationism

Mary Weigand, founder of the "What's the Evidence Creation Booth" shares how she came to know Jesus Christ as Lord and Savior and how He led her to develop this Truth sharing ministry at the County fairs in the surrounding areas. Mary shares how she was moved by the frustration she felt as her children were exposed to Darwinian theory while attending Public School in her area. Richard Dawkins, Carl Sagan, and Isaac Asmov are just a few of the proponents of contemporary evolutionary science today who strongly abhor the suggestion that Science can substantiate the Truth claims of God: The What's the Evidence Booth is a way in which concerned parents, teachers, and ministry leaders in the Church are getting involved in the battle over this sphere of influence

in the lives of the general public.

Founder and President of Gateways to Better Education: A National organization working to keep God in Public Education. Mr. Eric Bueher is National recognized authority on the subject of religion and public schools, has worked alongside the late Chuck Coleson, Focus on the Family, the Alliance Defense Fund.

Mr. Bueher shares with the listeners how teachers and educational leaders can get equipped to teach with confidence, moving “from fear to freedom”, with regard to what a teacher can share with students, information which is well within the law.

We discuss the particulars of the ins-and-outs regarding Christianity in Public Schools today, and how cultural assumptions, guided by fear, are misguided powerful influences, keeping teachers from discussing educational aspects pertinent to teaching about the subject of Christianity today.

Issue/s Addressed: : Public Health: Surrendered Sleep Part I

Relating to God through our sleep and sleep disorders

Dr. Charles Page, author of “Surrendered Sleep: A Biblical Perspective” shares what the Scriptures have to say about sleep. Beyond the mere humanistic perspective about the root cause of sleep problems, there seems to be few answers as to how our Spiritual lives are connected to our sleep and sleep problems.

He shares his experiences as a general surgeon, and how God has used the circumstances of his life to teach him about the significance of sleep in our Spiritual lives. The most predominant problems, such as sleep apnea are discussed, as well as the way God created us to surrender through our sleep. The Scriptures often reveal the “attitudes” people have in relationship to God's involvement in their sleep. God, is as intimately involved in our sleep as He is in our wakeful hours. Sleeping well is not always a sign of a good relationship with God, which is sometimes the pervasive thought in present day Christianity. The Spiritual dynamics are often dismissed in the lives of believers, which is a real problem for God's people.

John 9 reveals how Jesus did three things; He used medicine, faith, and obedience to heal: There's a medical, a spiritual, and the man's part. God can choose whatever vehicle He wants to heal us, so by faith we can approach medicine that God is our Healer. Attitudes of the heart are so importance with regard to healing, as well as the fears we have with regard to sleeplessness.

Dr. Charles Page, author of “Surrendered Sleep: A Biblical Perspective” shares what the Scriptures have to say about sleep. Beyond the mere humanistic perspective about the root cause of sleep problems, there seems to be few answers as to how our Spiritual lives are connected to our sleep and/or sleep problems.

Obesity and sleep deprivation usually go hand-in-hand and are usually associated with obstructive sleep apnea. In people, specifically children, the time we spend together just prior to sleep is important in the quality of our sleep throughout the night, more specifically it is a receptive time for us to hear from the Lord because of the busy pace of our lives from day to day for some individuals.

Recognizing God in the night time hours is something Christians need to work on developing, especially when facing sleep disturbances and God's involvement in those situations. Insomnia can be the God of eternity wanting to reveal Himself to them.

Sometimes there are no answers as to why we experience sleep disturbances from time to time, but to be sure, we must come to understand, before we are able to pass our nights in peace, that God is in the center of it. Nothing that happens in the course of our lives is beyond the fingertips of our Lord and Savior Jesus Christ. We can trust in Him.

Issue/s Addressed: Spiritual Growth & Living - Calvary Chapel Elk Grove Village

Pastor Ballmaier shares his testimony and his history with the Catholic Church as a child and how his mother had cried out the the Lord to show her that He was indeed real. God immediately responded and moved the family to a new area and Church in California and their subsequent time with family and friends in sharing the gospel with them, and how a weekly study had formed with his immediate family, extended family, and friends!!! They played Pastor Church's sermons, maranatha praise albums, and how a Church was formed from there... as well as his call to enter the Pastorate.

God grew Pastor Phil through listening to Pastor Chuck Smith's messages while on the night shift and his family asking him to teach them about the Lord. He prayed and asked God to show him if he was indeed supposed to become a Pastor, which he was not convinced early on. Yet, God calls had called him end equipped to do it and several Church plants were started from there, giving Him the grace and empowerment to do the work God had set before Him.

He shares how the materialistic mentality his infiltrated into the Church as well as "doctrines of demons" which God has told us in His Word would creep into the Church. Mystical practices give a euphoric feeling to people, which is why many people are being "sucked into" things like Yoga and practices of such kinds of things.

Pastor Ballmaier believes his job is leading and feeding, as wells watching and warning about false doctrines in the Church today. Teaching the Word verse by verse faithfully is the major way to combat these trend in "the last days". Guest: Gene Tanner

Length: 30:57

Date: 09/08/12, 09/09/12

Issue/s Addressed: Spiritual Growth & Living – Valparaiso Church of the Nazarene

Pastor Gene Tanner from the Valparaiso Nazarene Church joins us to share how he came to know JESUS as Lord and Savior. He shares how he grew up in Gary Indiana, graduating from Lou Wallace High School and went to a State University to study speech therapy, and how as he began volunteering at a Church after graduating and working as a speech therapist and how he “fell in love” with Christ and with his Church work and subsequently contacted Olivet Nazarene University to follow his call.

He says his strengths are in administration, connecting through communication, and teaching are his strongest gifts.

When asked about what being “seeker friendly” meant, he described what the term means in terms of what they do at the Nazarene Church and the problem with social barriers that JESUS knew how to overcome and the application of His teaching. He maintains that if being “seeker friendly” means watering down the Word of God, then it's no good, but if it means learning about the culture and removing unnecessary barriers then being “seeker friendly” is good.

He describes his experience with the Nazarene Church in Valparaiso, Indiana and how he has been with that particular Church for 20 years and how he has administrated and managing connections as the Church has grown and changed over the years.

Pastor Gene talks about the importance of what the Nazarene Church has adapted as in terms of terminology to manage people connections as in terms of a “tribe”. He explains that since the term “family” has become something with more negative connotations than positive, they adapted a term for congregational support at a “tribal” community.

Pastor Tanner describes what the Valpo Naz Church sees as the most immediate needs of the community, as well as the missional support and Church planting efforts of this body of believers world-wide. We discuss the prominent role of the worship facility they built three years ago as well as the different big names venues they have been able to facilitate since making this addition. To contact the Church, or to visit they are located at 2702 E. Glendale Blvd., Valparaiso, IN 46383 or call 219-462-2751, or go online to www.valponaz.org.

He describes his struggle with insecurity in this area, but how he overcame as he saw that God intended to use Him just as he was.

Pastor Gary describes how his rural country Church is mainly young marrieds, which is a real blessing, given the small size of the community.

He describes how the Church gets behind the people and the Spiritual gifts and ideas the Lord provides through them, if it is something they feel they can support, not to simply establish the game plan and look for people to get behind that.

Pastor Gary describes the process of discipleship through home fellowships and the way they mentor people to take on leading roles to duplicate this process.

Pastor Rifenburg shares his current personal challenges with his wife Vicki, who is currently 60 years old and in a nursing home with advanced alzheimers disease. It's a very challenging time for him personally as he learns to love her unconditionally as she doesn't recognize who he is anymore.
